All of the information in this footnote is being reported on combined basis for Metropolitan Property and Casualty Insurance Company (MPC) and its subsidiaries and affiliates.

(1) A purported class action has been filed against Metropolitan Casualty Insurance Company, in Florida. The complaint alleges breach of contract and unfair trade practices with respect to allowing the use of parts not made by the original manufacturer to repair damaged automobiles. Discovery is ongoing and a motion for class certification is pending.

Two purported nationwide class actions have been filed against Metropolitan Property and Casualty Insurance Company in Illinois. One suit claims breach of contract and fraud due to the alleged underpayment of medical claims arising from the use of a purportedly biased provider fee pricing system. A motion for class certification has been filed and discovery is ongoing. The second suit claims breach of contract and fraud arising from the alleged use of preferred provider organizations to reduce medical provider fees covered by the medical claims portion of the insurance policy. The court recently granted a motion to dismiss the fraud claim.

NOTES TO FINANCIAL STATEMENTS

A purported class action brought in Kings County (WA) Superior Court alleges that Metropolitan Property and Casualty Insurance Company utilizes a biased computer program to systematically underpay personal injury protection (PIP) claims. The suit, brought on behalf of Washington insureds, also alleges that Metropolitan Property and Casualty Insurance Company failed to comply with state law when adjusting PIP claims. Plaintiff seeks both monetary and injunctive relief. An answer has been filed and the parties are engaged in settlement negotiations.

A purported class action has been filed against Metropolitan Property and Casualty Insurance Company in Montana. This suit alleges breach of contract and bad faith for not aggregating medical payment and uninsured coverages provided in connection with the several vehicles identified in insureds' motor vehicle policies. The parties have reached an agreement to settle this suit. Metropolitan Property and Casualty Insurance Company has recorded a liability in an amount it believes is adequate to resolve the claims underlying this matter. The amount to be paid will not be material to Metropolitan Property and Casualty Insurance Company. Certain plaintiffs' lawyers in another action have alleged that the use of certain automated databases to provide total loss vehicle valuation methods was improper. Metropolitan Property and Casualty Insurance Company, along with a number of other insurers, has agreed to resolve this issue in a class action format. The amount to be paid in resolution of this matter will not be material to Metropolitan Property and Casualty Insurance Company.

A purported class action has been brought against Metropolitan Property and Casualty Insurance Company in superior court in Kings County, Washington. Plaintiffs seek to represent a class of insureds who have received personal indemnity payment (PIP) benefits from Metropolitan Property and Casualty Insurance Company, incurred legal expenses to collect damages from the party responsible for the underlying accident, and then had underinsured or uninsured motorist benefits offset by the amount of the PIP recovery. Plaintiffs claim that Metropolitan Property and Casualty Insurance Company must pay its share of the legal fees incurred by the insured to recover from the third party because the Company is entitled to share in that recovery. Plaintiffs seek both monetary and injunctive relief. Metropolitan Property and Casualty Insurance Company has answered, discovery is ongoing, and the parties are engaged in settlement negotiations.

Plaintiffs' lawyers, the CCC valuation service, and a group of CCC clients including Metropolitan Property and Casualty Insurance Company, Progressive, Hartford, Travelers and Prudential have entered into a preliminary agreement to settle a nationwide class action which challenges the valuations using the CCC process as opposed to the Blue Book method. St. Paul, but not Metropolitan Property and Casualty Insurance Company, is a defendant in an Illinois class action lawsuit involving this issue. Metropolitan Property and Casualty Insurance Company exposure to the class is \$7.5 million with a conservative estimate of a 20% participation rate. Metropolitan Property and Casualty Insurance Company will pay \$1.15 million in fees to plaintiffs' counsel as part of the settlement. CCC will be responsible for paying class administration costs. The parties are completing the settlement process.

Metropolitan Property and Casualty Insurance Company has been named along with several other carriers in a Florida federal court RICO case alleging improper use of "Silent Preferred Provider Organizations" to obtain discounts on Med Pay and Personal Injury Protection claims. The settlement of this matter has been approved by the court and implemented by the parties.

A purported Louisiana class action was filed against Metropolitan Property and Casualty Insurance Company in Louisiana federal court on behalf of insureds who incurred total property losses as a result of Hurricane Katrina. Plaintiffs claim they are entitled to coverage under a theory that Louisiana's "valued policy" law requires carriers to pay policy limits whenever an insured residence is declared a total loss and any of the damage is caused by a covered peril (for example, wind) even though some of the damage was caused by an excluded peril (for example, water). Some individual lawsuits challenging the denial of claims for property damage related to Hurricane Katrina have also been filed. Metropolitan Property and Casualty Insurance Company intends to vigorously defend these actions.

A Florida insured has put Metropolitan Property and Casualty Insurance Company on notice that he intends to file a bad faith lawsuit against the Company for failure to timely settle a claim against him arising from a motor vehicle accident. While no specific documentation has been provided to the Company, the information received to date indicates that the claimant incurred serious, permanent injuries. Metropolitan Property and Casualty Insurance Company will investigate this claim fully and, when a lawsuit is filed, defend vigorously.

Various litigation claims, and assessments against the Company, in addition to those discussed above and those otherwise provided for in the Company's financial statements, have arisen in the course of the Company's business, including but not limited to, in connection with its activities as an insurer, employer and taxpayer. Further, state insurance regulatory authorities and other federal and state authorities regularly make inquiries and conduct investigations concerning the Company's compliance with applicable insurance and other laws and regulations.

It is not feasible to predict or determine the ultimate outcome of all pending investigations and legal proceedings or provide reasonable ranges of potential losses, except as noted above in connection with specific matters. In some of the matters referred to above, very large and/or indeterminate amounts, including punitive and treble damages, are sought. Although in light of these considerations it is possible that an adverse outcome in certain cases could have a material adverse effect upon the Company's financial position, based on information currently known by the Company's management, in its opinion, the outcomes of such pending investigations and legal proceedings are not likely to have such an effect. However, given the large and/or indeterminate amounts sought in certain of these matters and the inherent unpredictability of litigation, it is possible that an adverse outcome in certain matters could, from time to time, have a material adverse effect on the Company's financial statements.

NOTES TO FINANCIAL STATEMENTS

(2) Impact of Hurricanes

On August 29, 2005, Hurricane Katrina made landfall in the states of Louisiana, Mississippi and Alabama causing catastrophic damage to these coastal regions. During the three months ended March 31, 2006, the Company reduced its total net losses related to the catastrophe by \$2 million to approximately \$118 million, net of income taxes and reinsurance recoverables and including reinstatement premiums and other reinsurance related premium adjustments. During the three months ended March 31, 2006, the Company's gross losses from Katrina were reduced by \$2 million to approximately \$313 million, primarily arising from the Company's homeowners business.

On October 24, 2005, Hurricane Wilma made landfall across the state of Florida. During the three months ended March 31, 2006, the Company reduced its total net losses related to the catastrophe by \$2 million to approximately \$29 million, net of income taxes and reinsurance recoverables. The Company's gross losses from Hurricane Wilma were increased by \$2 million to approximately \$59 million arising from the Company's homeowners and automobile businesses for the three months ended March 31, 2006.

Additional hurricane-related losses may be recorded in future periods as claims are received from insureds and claims to reinsurers are processed. Reinsurance recoveries are dependent on the continued creditworthiness of the reinsurers, which may be affected by their other reinsured losses in connection with Hurricane Katrina and Wilma and otherwise. In addition, lawsuits, including purported class actions, have been filed in Mississippi and Louisiana challenging the property and casualty insurance industry's exclusion of water damage from homeowners policies and in Louisiana seeking application of the state's "valued policy" law.

The Company is a named party in some of these lawsuits. In addition, rulings in cases in which the Company is not a party may affect interpretation of its policies. The Company intends to vigorously defend these matters. However, any limitation on coverage exclusions could result in an increase in the Company's hurricane-related claim exposure and losses. If the courts were to nullify the challenged exclusions, additional claim losses resulting from Hurricane Katrina could have a material adverse impact on the Company's consolidated financial statements.
