Instructions for Schedule 2—Tax on Oregon Moist Snuff on Units At or Below Floor

Introduction

The Oregon tobacco tax return you must file depends on whether you are an Oregon licensed distributor (Form 530), a consumer or other unlicensed person or business (Form 531), or a tobacco manufacturer (Form 532). Schedule 2, *Oregon Moist Snuff Tax on Units At or Below Floor*, is used with, and attached to, your Oregon quarterly tobacco tax return, regardless of which return you must file.

Use Schedule 2 to report purchases, related credits, and sales of moist snuff that are at or below the \$2.14 (1.2 ounce) floor (moist snuff). On each form you use, check the box that shows the type of schedule it represents (for example: check box 2A if you're using the form to report untaxed purchases).

Report purchases, credits, and sales on separate schedules: Report purchases on Schedule 2A, credits on Schedule 2B, and sales on Schedule 2C.

What is moist snuff?

For tax purposes, moist snuff is any finely cut, ground, milled, or powdered tobacco product that isn't intended to be smoked or placed in the nasal cavity. **It includes, for example, lozenges, strips, sticks, and orbs.** OAR 150-323.500(9)

Submitting computer printouts

We'll accept computer print-outs of moist snuff transactions in lieu of listing individual purchases, credits, or sales on this schedule. If you submit computer print-outs, you must also:

1. Use this form as a summary sheet for the accompanying print-outs. Complete the top portion of this schedule. Write "see attached" on line 2. Enter the total units of moist snuff on line 20, column A; the total wholesale price on line 20, column B; and the total ounces on line 20, column C.
2. Prepare your computer print-outs using the same format and columnar sequence as this form uses. If your computer can't duplicate our format, submit a proposed format for our review. We'll let you know if it's satisfactory or what changes you must make.
3. Use 8½ × 11-inch paper.

In-state filers. Itemize **all** untaxed moist snuff purchases you received during the quarter. This includes all free samples and promotional products. It also includes moist snuff you might sell out of state.

Out-of-state filers. Itemize all untaxed moist snuff sales into Oregon for the quarter, including free samples and promotional products you shipped into Oregon.

Line 1. Enter zero or the cumulative balances from line 20 of any other Schedule 2As.

Lines 2–19. These lines have *different reporting requirements* depending on which return you must file:

- **Form 530 or Form 531.** If you’re a distributor or a consumer, enter the number of units, wholesale price, and weight (in ounces) of all the moist snuff shown on your purchase invoices, including amounts reflecting shortages or overages. On the last page of a credit schedule, write the total moist snuff shorted, damaged, and returned from all manufacturers.
