Access to ESS is provided to groups of employees based on the Dept/Unit/Dist and the ESS Access Codes listed below:

- (T)** = Time Entry and general access is allowed
- (A)** = Allow approval of entries made by Time Entry Operators and general access is allowed
- (N)** = No Time Entry allowed, but general access is allowed
- (D)** = Delete ESS access for employees currently set up with access

Note: Limited access to approve time entries in ESS is automatically allowed for supervisors of employees with time entry functionality of **(T or A)**, provided the supervisor is in an org key with **(N)** ESS access. If broader access is required, the supervisor must be in an org key for which broader ESS access is allowed.

Check only one access code (**T, A, N, or D**) per 'Dept/Unit/Dist' combination:
