# Instructions for TC-62M Schedule BG

## General Instructions

Use this schedule to report combined state and local sales and use taxes on sales of grocery food by the following businesses:

- 1. vending machine operators;
- 2. vendors who sell from a mobile inventory;
- 3. vendors who sell grocery food that is shipped from outside Utah directly to Utah consumers for storage, use or other consumption in Utah; and
- 4. vendors who charge admission or fees for entertainment, recreation, exhibition, cultural or athletic activities.

Do not use this schedule to report sales of grocery food made from a fixed place of business in Utah or to report taxable purchases of tangible personal property for your own storage, use or consumption at a fixed business location. Those purchases must be reported on Form TC-62M, line 4, and on Schedule AG.

Attach the original of this schedule to your return. Make a copy for your records.

## Column Instructions

- Column 1 This is preprinted and requires no further entries by you.
- Column 2 This is preprinted and requires no further entries by you.

- Column 3 Enter the net amount of grocery food subject to sales and use tax for each county shown in column 1.  
  
The sales reported for each location must be included in the amount on TC-62M, line 7 (i.e., total sales minus exempt sales, plus tax-free purchases, plus or minus adjustments).  
  
Add the amounts in column 3 and enter the total at the bottom of the page. Make sure this amount is included in the net taxable sales on form TC-62M, line 7.  
  
Vending machine operators should include the net sales proceeds or 150 percent of cost if this method of reporting has been elected. The optional method of 150 percent of cost applies only to sales made from coin-operated vending machines of food, beverage and dairy products in which the proceeds from each sale do not exceed one dollar.
- Column 4 This is preprinted and requires no further entries by you.
- Column 5 Enter the state and local sales and use taxes. Calculate the tax by multiplying the amount in column 3 by the preprinted tax rate in column 4.  
  
Add the amounts in column 5 and enter the total at the bottom of the page. Include this total tax on form TC-62M, line 8b.
