## **Comprehensive Request Self-Identification:**

The Department of Justice will identify a number of applications to be funded in a comprehensive manner across all of the purpose areas requested. An application is considered comprehensive if the Tribe or Tribal consortium is requesting funding in at least 5 purpose areas to address the overall and connected Tribal public safety, criminal, or juvenile justice or victimization issues. If the Tribe or Tribal consortium chooses this option, your application must explain how these multiple funding requests will work together to address tribal concerns. Requesting comprehensive consideration will not impact funding of individual purpose area proposals.
