

TOWN OF HERNDON

FIRE HYDRANT METER RENTAL PERMIT AND PERMIT TO DRAW WATER FROM FIRE HYDRANT

DATE: _____

COMPANY: _____

STREET ADDRESS: _____
(Billing address if different from street address)

CITY: _____ STATE: _____ ZIP: _____

PHONE NUMBER: _____ CONTACT PERSON: _____

The above named company is authorized to obtain water from the fire hydrant located at :

A deposit of \$700.00 for a 3" meter or \$110.00 for a 3/4 " meter has been paid to the Town of Herndon, which will be returned after proper payment for water used.

There shall be a service charge of \$3.50 for a 3" meter or \$1.75 for a 3/4" meter per day or any fraction thereof.

The above will be held responsible for all water delivered through the meter. Water used during the "peak" period" (MAY THROUGH OCTOBER), will be billed @ \$4.90 per thousand gallons.

Water used during the "non-peak" period (NOVEMBER THROUGH APRIL), will be billed @ \$3.20 per thousand gallons.

The meter must be read twice a year for appropriate billing. Therefore, a "non-peak" use reading must be taken by May 15th for billing at the "non-peak" rate and by November 15th for billing at the "peak" rate. All metered consumption recorded after the "non-peak" reading will be billed at the "peak" rate. Failure to return the meter on or before May 15th and again on or before November 15th will result in billing all metered consumptions at the "peak" rate. The permittee shall abide by all other applicable Town Ordinances and this permit shall be kept at the construction site. It shall also be displayed on demand. A failure to abide by the requirements of this permit may result in the revocation of this permit.
