

# JetStream Lesson Plan: Forward Thinking Worksheet

Name \_\_\_\_\_

Instructions: 1. Go to the following National Weather Service website...

**www.srh.weather.gov**

2. Enter the zip codes (below) in the search box located on the upper left side of the website.
3. For each zip code, enter the location, one or two worded forecast and temperature forecast for the day specified by the teacher.
4. Ask your parent(s) or guardian(s) for up to five additional zip codes of relatives or friends not living in your area.
5. Enter the temperature forecast for each location on the attached map. Be sure to include the five additional forecasts.
