Subject: Document Rejection

Bill,

As we have spoken, our document control staff cannot enter the files on the CD-ROM included with your response submitted for STP RAI letter #124 dated July 13, 2009. However, our technical staff has been able to access your additional copies provided on CD-ROM, and they are reviewing accordingly.

Here is the error our document staff is reporting:

Reason for Rejection:

Fast Web View not enabled (Issue a File ->SaveAs in Adobe Acrobat Pro will correct this)
Specifically Folder: MAAP Results Analysis, all files in this folder had this error.
Whbile correcting pdf files, could you also please unzip the .ZIP files, placing the unzipped files into a folder.

Please advise regarding resubmission or if you have any questions. Thanks.
