MEDICAL CENTER**

Grateful Patients

We are often asked by our patients, “How can I say ‘thank you’ to those people who made a difference while I was in the hospital?” The Bluestem Foundation offers the “Grateful Patient Program” as one way for you to do just that.

The Grateful Patient Program is a momentous way to recognize and commemorate the excellence of care that you or your loved one received from a physician or other staff member during your stay at Jane Phillips Medical Center. Your kind donation to the Grateful Patient Program will be acknowledged by the hospital. Those who provided your outstanding care will be informed of your generous gift.

How It Works

The gifts that you provide through the Grateful Patient Program help to support the mission of Jane Phillips Medical Center and enhance quality patient care for you, your family, and our community. Give a gift that feels good and know that you will have made a difference.

Simply complete the form provided in this brochure and mail it with your donation to:

Bluestem Foundation
