Students wishing to purchase a personal computer may be allowed a one time increase to their estimated cost of attendance to allow for the purchase. This increase may result in additional eligibility for loan funds; grant funds are not available. Annual and aggregate loan limits restrict eligibility for Federal Direct subsidized and unsubsidized Loans, therefore if you have borrowed your loan maximum for the academic year, you may have to rely on Grad PLUS or alternative loans to fund the increase. Students will be allowed only one budget increase for the purchase of a computer per degree at the University of Illinois.

Please complete the information below and return to our office. Requests for purchases for the 2008-09 academic year must be submitted within the following dates:

Fall 2009 June 16, 2009 – November 30, 2009
