## Explanation of Services

To Whom This May Concern:

Thank you for your inquiry into our clinical audiology services. The University Hearing and Speech Clinic is a training facility for graduate students preparing for careers in speech-language pathology. As such, it operates on a semester system, with short breaks between semesters during which speech and hearing services are not provided. We make every effort to accept clients for evaluation as soon as possible after referrals are received. The number of clients seen, however, is determined in part by student enrollment and therefore availability and continuity of service cannot be guaranteed. If we are unable to accommodate you, a list of other agencies which provide speech-language and/or audiology services will be made available at your request. We are committed to the fair and equitable treatment of our clients. No individual shall be discriminated against on the basis of race, color, creed, religion, national origin, gender, sexual orientation, age, marital status, disability, or status as a disabled veteran or Vietnam era veteran.

\*\*\*

I have read this explanation of services and understand that enrollment in and continuation of therapy cannot be guaranteed.

Please sign, date and return this form to the clinic secretary.

## SLIDING FEE APPLICATION

The University Hearing and Speech Clinic offer a sliding fee schedule for persons with limited incomes. Health insurance coverage will be sought first. The fee adjustment is based on gross income and household size and is good for one university/academic year. Persons with extenuating financial circumstances may also be eligible for a temporary fee adjustment.

## Research Consent Form

### Purpose and Benefits

This consent seeks your permission to use your or your child's/family member's assessment and treatment information for educational and research purposes to further our understanding of the effectiveness of our treatment efforts. The primary purpose of the consent is for graduate students to have access and use of data from previously seen clients at our clinic to analyze and report in their master's papers/projects. Very occasionally a student or faculty member may want to use the client file data for a retrospective study.

### Procedures

We are requesting your permission to use assessment and treatment information from your or your child's/family member's clinic file from treatment received at the University Programs in Communication Disorders (UPCD) clinic under the supervision of certified Speech-Language Pathologists and/or Audiologists. Graduate students at UPCD are required to critically review assessment and/or treatment information about clients seen at the UPCD clinic. When students are making class presentations or writing papers, your or your child's/family member's name is not used. The file data are used to demonstrate the effectiveness of certain assessment or treatment methods. In this research, it is not necessary to reveal the identity of the person(s) being treated or assessed, so you or your child/family member will be treated anonymously in any reporting of the data.

### Risk, Stress or Discomfort

No stress or discomfort is involved for you or your family member if you sign this permission. There is minimal risk of breach of confidentiality but we (the faculty and staff at UPCD) will ensure that no personal identifiers are shared in class or on written documents. This is standard procedure in our courses and all students have signed a confidentiality agreement.

### Other Information

You are free to withdraw this permission at anytime without penalty or jeopardizing future care at UPCD or at any other facility. We appreciate your cooperation as we seek to improve our methods of assessment and treatment for communication and hearing disorders. Please feel free to discuss this consent with me, Doreen Nicholas, when you are at UPCD or call me at 509-828-1323.

### Agreement for Voluntary Participation in the Study

The use of assessment and treatment information for research purposes has been explained to me and I voluntarily consent to allow my or my child's/family member's clinic file to be reviewed in the future. I have had the opportunity to ask questions about the purpose of this review. I am not waiving any of my legal rights by signing this form. I understand that if I decline participation, I will still be entitled to receive services at UPCD without penalty or prejudice. I understand that upon request, I will receive a signed copy of this consent form.
