EMPLOYEE RESPONSIBILITY: It is the employee's responsibility to verify that deductions for parking fees are correct and to advise Traffic and Parking of any discrepancies. It is the responsibility of the employee to pay all outstanding FAU Traffic and Parking citations to the University. Those individuals who have any unpaid citations will not be permitted to register his or her vehicle or receive a parking decal until all outstanding fines are paid in full. Also, all citations must be paid at the time of separation from the University.

AUTHORIZATION: This authorizes Florida Atlantic University's Payroll Department to take pretax payroll deductions for the number of pay periods that I have selected. These deductions represent advance payment(s) for parking privileges for the academic year. Parking fees are nonrefundable, even if the parking privileges are not used (regardless of cause), including termination of employment.
