East Asian Studies Center Graduate Student Conference Travel Grant Application

Graduate students in any department of Indiana University traveling to academic conferences to present East Asia-related papers are eligible to apply. The EASC executive committee, which makes all final funding decisions, meets in October to review fall applications for September–January travel, in February to review spring applications for February–May travel, and in May to review summer applications for June–September travel, as funding is available. Applications must be submitted prior to undertaking travel. It is possible to receive an award after the trip has been completed as long as the application was submitted before the trip began.

The application deadlines are October 22, February 2, and May 2; the maximum award is \$300.
