STUDENT RESPONSE FORM-U.S. International House Residents

The following is a list of conditions that you must accept in order to live in the International House. Students in the past have not found these requirements to be onerous; in fact, they have been a lot of fun.

1. I am committed to the values of the International House: specifically, the creation of a diverse cultural community at the International House with respect for individual traditions and customs.

_____YES _____NO

2. I understand that there are regularly-scheduled, obligatory International House activities that I must attend. If any activity conflicts with my school commitment, I will advise the House Director or the House Counselor immediately, so that arrangements can be made.

_____YES _____NO

3. I will accept the Director's assignment of an international roommate. Furthermore, I understand that any problems or conflicts with respect to roommates and room use should be worked out through dialogue with the roommate, and the assistance of the Director or the House Counselor.

_____YES _____NO

4. I agree to participate in the cultural and social activities of the International House in representation of my country and in promotion of International House goals. For this reason, I will not join a fraternity or a sorority.
