Palm Beach State College Teacher Certification Program

Candidate's Name	
Date:	

Teaching Demonstration & Lesson Plan Evaluation Form

Grade Level: School:	*Check off field experience completed EPI0940 = EPI0945 =			
Subject/ Content Area: Lesson Title:	Directing Teacher:			
Number of Diverse Students (P-12): ESOL ESE Other				
Lesson Plan Provided: Yes No	Lesson Duration:			
Directions: Use "1" for Missed Target, "2" for Approaching Target, "3" for on Ta	Γarget; if not observed or evaluated, use "0".			
(a) Quality of Instruction	Provide specific examples of strengths and weaknesses.			
1. Instructional Design and Lesson Planning(a.) Aligns instruction with state-adopted standards at appropriate level of	Lesson Section: Strengths:			
rigor(b.) Sequences lesson and concepts to ensure coherence and required prior	(a.) <u>I</u>			
knowledge (c.) Designs instruction for students to achieve mastery	(b.) <u>III</u>			
 (d.) Selects appropriate formative assessments to monitor learning (e.) Uses a variety of data, independently, and in collaboration with colleagues, to evaluate learning outcomes, adjust planning and 	$(c.) II \over (d.) III$ Areas for Growth:			
continuously improve the effectiveness of the lessons	(e.) <u>IV</u>			
(f.) Develops learning experiences that require students to demonstrate a variety of applicable skills and competencies.	(f.) <u>III</u>			
2. The Learning Environment	Strengths:			
 (a.) Organizes, allocates, and manages the resources of time, space, and attention (b.) (Assessed & Evaluated on the Lesson Plan- Management Techniques) Manages individual and class behaviors through a well-planned 	(a.) <u>I</u>			
management system(c.) Conveys high expectations to all students(d.) Respects students' cultural, linguistic and family background	(b.) <u>III</u> (c.) (d.) <u>III</u>			
 (e.) Models clear, acceptable oral and written communication skills (f.) Maintains a climate of openness, inquiry, fairness and support (g.) Integrates current information and communication technologies 	(e.) III (f.) III (g.) III (g.) III			
(h.) Adapts the learning environment to accommodate the differing needs and diversity of students	(h.) <u>III</u>			
(i.) Utilizes current and emerging assistive technologies that enable students to participate in high-quality communication interactions and achieve their educational goals	(i.) <u>III</u>			

(a.) Deliver engaging and challenging lessons (b.) Deepen and enrich students' understanding through content area literacy strategies, verbalization of thought, and application of the subject matter (c.) Identify gaps in students' subject matter knowledge (d.) Modify instruction to respond to preconceptions or misconceptions (e.) Relate and integrate the subject matter with other disciplines and life experiences (f.) Employ higher-order questioning techniques (g.) Apply varied instructional strategies and resources, including appropriate technology, to provide comprehensible instruction, and to teach for student understanding (h.) Differentiate instruction based on an assessment of student learning needs and recognition of individual differences in students (i.) Support, encourage, and provide immediate and specific feedback to students to promote student achievement (i.) Utilize student feedback to monitor instructional needs and to adjust instruction 4. Assessment (a.) Analyzes and applies data from multiple assessments and measures to diagnose students' learning process (a.) III.
subject matter (c.) Identify gaps in students' subject matter knowledge (d.) Modify instruction to respond to preconceptions or misconceptions (e.) Relate and integrate the subject matter with other disciplines and life experiences (f.) Employ higher-order questioning techniques (g.) Apply varied instructional strategies and resources, including appropriate technology, to provide comprehensible instruction, and to teach for student understanding (h.) Differentiate instruction based on an assessment of student learning needs and recognition of individual differences in students (i.) Support, encourage, and provide immediate and specific feedback to students to promote student achievement (j.) Utilize student feedback to monitor instructional needs and to adjust instruction 4. Assessment (a.) Analyzes and applies data from multiple assessments and measures to diagnose students' learning needs, informs instruction based on those

(e.) Relate and integrate the subject matter with other disciplines and life experiences(f.) Employ higher-order questioning techniques(g.) Apply varied instructional strategies and resources, including appropriate technology, to provide comprehensible instruction, and to teach for student understanding(h.) Differentiate instruction based on an assessment of student learning needs and recognition of individual differences in students(i.) Support, encourage, and provide immediate and specific feedback to students to promote student achievement
(e.) Relate and integrate the subject matter with other disciplines and life experiences(f.) Employ higher-order questioning techniques(g.) Apply varied instructional strategies and resources, including appropriate technology, to provide comprehensible instruction, and to teach for student understanding(h.) Differentiate instruction based on an assessment of student learning needs and recognition of individual differences in students(i.) Support, encourage, and provide immediate and specific feedback to students to promote student achievement
Experiences (f.) Employ higher-order questioning techniques (g.) Apply varied instructional strategies and resources, including appropriate technology, to provide comprehensible instruction, and to teach for student understanding (h.) Differentiate instruction based on an assessment of student learning needs and recognition of individual differences in students (i.) Support, encourage, and provide immediate and specific feedback to students to promote student achievement (j.) Utilize student feedback to monitor instructional needs and to adjust instruction 4. Assessment (a.) Analyzes and applies data from multiple assessments and measures to diagnose students' learning needs, informs instruction based on those
(g.) Apply varied instructional strategies and resources, including appropriate technology, to provide comprehensible instruction, and to teach for student understanding(h.) Differentiate instruction based on an assessment of student learning needs and recognition of individual differences in students(i.) Support, encourage, and provide immediate and specific feedback to students to promote student achievement(j.) Utilize student feedback to monitor instructional needs and to adjust instruction 4. Assessment(a.) Analyzes and applies data from multiple assessments and measures to diagnose students' learning needs, informs instruction based on those
appropriate technology, to provide comprehensible instruction, and to teach for student understanding
appropriate technology, to provide comprehensible instruction, and to teach for student understanding
to teach for student understanding — (h.) Differentiate instruction based on an assessment of student learning needs and recognition of individual differences in students — (i.) Support, encourage, and provide immediate and specific feedback to students to promote student achievement — (j.) Utilize student feedback to monitor instructional needs and to adjust instruction 4. Assessment — (a.) Analyzes and applies data from multiple assessments and measures to diagnose students' learning needs, informs instruction based on those Strengths:
(h.) Differentiate instruction based on an assessment of student learning needs and recognition of individual differences in students(i.) Support, encourage, and provide immediate and specific feedback to students to promote student achievement(j.) Utilize student feedback to monitor instructional needs and to adjust instruction 4. Assessment(a.) Analyzes and applies data from multiple assessments and measures to diagnose students' learning needs, informs instruction based on those Strengths:
needs and recognition of individual differences in students (i.) Support, encourage, and provide immediate and specific feedback to students to promote student achievement (j.) Utilize student feedback to monitor instructional needs and to adjust instruction 4. Assessment (a.) Analyzes and applies data from multiple assessments and measures to diagnose students' learning needs, informs instruction based on those
(i.) Support, encourage, and provide immediate and specific feedback to students to promote student achievement
students to promote student achievement (j.) Utilize student feedback to monitor instructional needs and to adjust instruction 4. Assessment (a.) Analyzes and applies data from multiple assessments and measures to diagnose students' learning needs, informs instruction based on those Strengths:
(j.) Utilize student feedback to monitor instructional needs and to adjust instruction 4. Assessment(a.) Analyzes and applies data from multiple assessments and measures to diagnose students' learning needs, informs instruction based on those Strengths:
instruction 4. Assessment (a.) Analyzes and applies data from multiple assessments and measures to diagnose students' learning needs, informs instruction based on those Strengths:
4. Assessment (a.) Analyzes and applies data from multiple assessments and measures to diagnose students' learning needs, informs instruction based on those Strengths:
(a.) Analyzes and applies data from multiple assessments and measures to diagnose students' learning needs, informs instruction based on those
diagnose students' learning needs, informs instruction based on those
(b.) Designs and aligns formative and summative assessments that match
learning objectives and lead to mastery (b.) III
(c.) Uses a variety of assessment tools to monitor student progress,
achievement and learning gains (c.) III Areas for Growth:
(d.) Modifies assessments and testing conditions to accommodate learning
styles and varying levels of knowledge (d.) III
(d.) III (e.) Shares the importance and outcomes of student assessment data with
the student and the student's parent/caregiver(s) (e.) III
(f.) Applies technology to organize and integrate assessment information [f.] III
(i.) Applies technology to organize and integrate assessment information (i.) iii
(b) Continuous Improvement, Responsibility and Ethics
1. Continuous Professional Improvement. Strengths:
(a.) Designs purposeful professional goals to strengthen the effectiveness
of instruction based on student' needs (a.) IV
(b.) Examines and uses data-informed research to improve instruction and
student achievement (b.) <u>IV</u>
(c.) Collaborates with the home, school and larger communities to foster
communication and to support student learning and continuous Areas for Growth:
improvement $(c.)$ <u>IV</u>
(d.) Engages in targeted professional growth opportunities and reflective
${\text{practices}} (d.) \underline{\text{IV}}$
(e.) Implements knowledge and skills learned in professional
development/TCP in the teaching and learning process (e.) All

Palm Beach State College Teacher Certification Program

O	ion Score Total: receiving lesson reflection			
Overall Progress Is:	■ 2.0-3.0 Target Met	■ 1.5-1.9 Approaching Target	■ 0-1.4 Missed Target
