

Princeton University: Department of Civil and Environmental Engineering
Senior Poster Presentation Evaluation Form

Student Name: _____

Presentation: _____

Evaluator: _____

Advisor: _____

Date of Presentation: _____

Clarity with which the main concepts are conveyed in the presentation

Answers to questions

Understanding of concepts presented

Other

Overall grade

Comments:

Grade: _____

Faculty Member's

Signature: _____

Please evaluate student progress on these learning objectives based on the Poster Presentation			
Course Learning Objectives for CEE 478 Senior Thesis	Needs Work	Good	Excellent
1. Combine in-depth science/engineering analysis with examination of societal issues related to the thesis topic. Gain broad knowledge about the topic of interest, and appreciate its relevance in modern society.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. Formulate the thesis research project. Identify the critical research questions, and define the scope and objectives of the project. Design experiments, analysis, or observation plan.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. Develop writing skills and presentation skills needed to effectively communicate the purpose, scope, and conclusions of the project.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
