FRIENDS OF SKIDMORE ATHLETICS

The Friends of Skidmore Athletics (FOSA) initiative promotes the improvement of the College's athletics program. In addition to coordinating the Skidmore Athletics Hall of Fame and various alumni athlete outreach events, FOSA also provides the fundraising framework through which donors can support the overall athletics program. Proceeds from the golf and tennis outing will be used to support an ongoing initiative to strengthen coaching resources for intercollegiate teams at Skidmore.

CLINIC FACULTY

TIM BROWN

Tim Brown retires this year after 26 years at Skidmore during which time he has led the men's golf program to 19 consecutive appearances in the NCAA Division III Championships and eight straight UCAA titles, as well as coaching 22 Skidmore golfers to 46 All-American honors. Brown, the 1994 and 1996 NCAA Division III Coach of the Year, was chosen by Golfweek as the National Coach of the Year in 1996. Brown was inducted into the Golf Coaches Hall of Fame in 2001, and into the Skidmore Hall of Fame in 2004.

JEFF SEGRAVE

Jeff Segrave is considered one of the nation's top women's tennis coaches with an impressive 375-151 record in 24 seasons, including the 1998 NCAA Division III championship. He was the 1996 ITCA Division III Coach of the Year and his teams have won six conference tournaments and 15 New York State Women's Collegiate Athletic Association championships. Segrave is the current recipient of the David H. Porter Chair. His main areas of research encompass the Olympic Games, the socio-linguistics of sport, and women and sport.

PAUL ARCIERO

Now in his 12th year at Skidmore, Paul Arciero has developed the Skidmore men's tennis program into one of the best in the region with four Liberty League titles. His achievements include coaching four Academic All-Americans, two All-Americans, six conference runner-ups, and ten top 15 finishes in the NCAA Div. III East Region rankings. Arciero's research interests include the influence of nutritional and physical activity intervention in healthy and diseased populations.
