Project Report Submission Form

Name:
Address:
Phone:
School:

Check the box that applies:

- I am submitting my Project Report for a technical presentation**
- I am submitting my Project Report for a poster**

Title of Project:

Abstract: (a 75-word summary of the project in layman's terms)

Introduction to Project: (describe the background and purpose of the work)

Experimental Section: (include Materials and Methods and Results)

Conclusion: (concluding section discussing the results and their implications)

Bibliography of References: (consult scientific journals in physics to see how research is reported)

Append charts, tables, etc. to the end of your report: (include details illustrating the procedures and results in tables, diagrams, charts, photographs, drawings, or maps and drawn or labeled neatly in black ink whenever possible)
