

Advanced Placement -- International Baccalaureate Action Form

NOTE: The full text of the Advanced Placement credit and the International Baccalaureate credit policies appears in the Student Handbook and the University Catalog.

This Advanced Placement/International Baccalaureate (AP/IB) Action Form must be submitted to the Registrar's Office by the student prior to the end of the last day of the Drop/Add period of the first semester of enrollment at USciences. All AP/IB credit decisions, regardless of when the corresponding USciences course would appear in your curriculum, must be finalized by this deadline.

AP credits awarded for two-semester sequenced courses or courses with a separate laboratory component are awarded for both courses and the corresponding laboratory only and will not be awarded for only one part of the course sequence. (For example, AP credit for Chemistry would be awarded for CH 101 - General Chemistry I, CH 102 - General Chemistry II, CH 103 - General Chemistry Lab I, and CH 104 - General Chemistry Lab II.)

Academic Program (Major)

Date

- I choose to decline the AP/IB credit**, for which I am eligible, for the USciences course(s) listed below. I understand that I must register for and complete the course(s) in order to earn credit for it. If I am already pre-registered for the course(s) that registration will remain in place.

AP/IB Exam	USciences Course

- I choose to accept the AP/IB credit**, for which I am eligible, for the USciences course(s) listed below. I understand that I must submit a Drop/Add form to the Registrar's Office by the end of the drop/add period to remove my registration for the comparable USciences course(s) if I am already pre-registered for it.

AP/IB Exam	USciences Course

I understand that once declined, AP/IB credit for which I may have been eligible will not be re-awarded.
