Will I get personalized help with going back to school?

Could I continue to work and still earn a degree?

Am I able to take classes at night and on the weekends?

Does UW Oshkosh offer childcare?

Could I get an online degree at UW Oshkosh?

Is financial aid available for adult students?

Will I earn credit for prior learning?

Are there tutors to help me?

Will I get help with finding a career that's best for me?

The Answer is ...
yes!

UW Oshkosh

Adult Nontraditional Student Resource Office

Start here!

At UW Oshkosh, we know that sometimes just getting started can seem overwhelming. The Adult Nontraditional Student Resource (ANSR) Office can help ease your transition back to school through support and a number of resources.

At the ANSR Office, you will:

- Meet with a mentor to discuss your needs and answer your questions.
- Get help during a time that fits your schedule.
- Get help applying for admission to the University.
- Learn about scholarships and financial aid.
- Get help in planning your career.
- Learn about resources on and off campus to help you succeed.
- Get help with writing and study skills.

Special Opportunities for You!

- Credit for prior learning opportunities.
- Academic amnesty for previous grade-point average.
- Nontraditional Student Organization for support.
- Open houses, Lunch Bunch and commuter lounge.

Marla Sayaovang, 27
Center for New Learning student
Bachelor of Liberal Studies (BLS) in Leadership Development
Hometown: West Bend
Married, two children

UW Oshkosh is My Place ... To Get My Degree on My Time.

I've been a full-time mom since high school graduation, staying at home with our children and running our home business. In the past, I've taken a few classes as I could fit them into my schedule. I discovered the Center for New Learning and looked into their program offerings. CNL has satellite programs at some regional technical colleges and two-year campuses, so I can earn my bachelor's degree from UW Oshkosh by taking classes at UW-Washington County. The accelerated, seven-week format helped me enroll full-

time, yet allowed me to focus on only two or three evening classes at a time. Without this program, I wouldn't have found the opportunity to complete my degree so quickly, much less so close to home and my family.

Going back to school today at UW Oshkosh is so convenient that there is almost no excuse not to.

An education truly opens doors — and everyone deserves that opportunity.

Anne Winslow, 38
Accounting Major
Nontraditional Student Organization, treasurer
Hometown: Allenton
Married, two children, U.S. Navy veteran

UW Oshkosh is My Place ... To Finish What I Started.

I earned my associate degree at a community college in Saginaw, Michigan. Soon after, I joined the Navy, but I **always wanted to go back to school and finish what I had started**. After getting married, having two kids and serving six years in the service, I enrolled at UW Oshkosh. After 14 years, I had a level of maturity and wisdom about life that I didn't have during my first college experience. I may have

to work harder than some for my grades, but **I believe the effort is worth it because of the confidence and pride that I feel** after completing a class and doing well. I've also found that being active in student organizations like the Nontraditional Student Organization (NTSO) and the Accounting Club has given me a connectedness and support system that would be difficult to attain any other way.

College of Business (COB)

At UW Oshkosh, we recognize the need to nurture leaders for our global communities. The College of Business integrates its curriculum with innovative courses, instructors and programs to set a standard for excellence.

Undergraduate Choices

College of Business Majors

Two sons

UW Oshkosh is My Place ... To Boost My Career.

I love working with kids. I started my career as a preschool teacher in inner-city Chicago, but after my children were born I took some time off to raise them. When my youngest son started kindergarten, I decided it was time for me to get back to my passion — teaching. I am currently pursuing my teaching licensure in the PK-6 Elementary Education Program and am working toward an ESL/bilingual certificate and a minor in Spanish. School is definitely different the second

time around. I wasn't sure what to expect. My first college experience involved a lot of student activities, ski trips and *fun* experiences. I may have taken my education a little for granted then. Not anymore. I think with age comes wisdom and appreciation. The courses have more meaning now, and I find that I put more effort into them. **Going back to school as a nontraditional student has turned out to be one of the best experiences of my life.**

College of Education and Human Services (COEHS)

At UW Oshkosh, we value and promote education and social responsibility through local, national and international programs. The College of Education and Human Services focuses on community development through undergraduate, licensure and graduate programs.

COEHS offers ...

- Partnerships with local, national and international constituents that reflect a commitment to learning from and within diverse cultures.
- Overseas student-teaching and paid internship opportunities.
- The first college in the state to meet the new NCATE 2000 national accreditation standards.
- National accreditation by...
The National Council for Accreditation of Teacher Education (NCATE).
The Council for Standards in Human Services Education (CSHSE).
The Council for Accreditation of Counseling and Related Education Programs (CACREP).

Hometown: Oshkosh
Engaged to be married

UW Oshkosh is My Place ... To Pursue My Interests.

I have a passion for growing organic fruits and vegetables and even started a community garden in Oshkosh. I've always been attracted to the outdoors, but only recently did I realize that I could make a career of it. Going back to school is a much different experience for me this time around. Since I've

matured, my outlook on life and my appreciation for school has changed. I don't think I would have taken it as seriously or done as well 10 years ago. **It has taken me time to figure out what I want to be when I grow up, and UW Oshkosh has given me the opportunity to explore my passion.**

College of Letters and Science (COLS)

At UW Oshkosh, we recognize the need to develop students who value knowledge for its own sake as well as to achieve specific objectives. The College of Letters and Science prepares students to be responsible citizens who understand and contribute to the changing world in which they live.

www.uwosh.edu/con

Dawn Jensen, 42
Nursing Major
Nontraditional Student Organization, vice president
Hometown: Neenah
Married with four adult children

UW Oshkosh is My Place ... To Build Confidence in My Abilities.

My husband served in the 1991 Gulf War and is a disabled veteran. He's spent a lot of time in hospitals, and I've learned a lot about hospital care from assisting him. My goal is to be a critical care nurse in an intensive care unit, where I'll have hands-on time with patients.

Having been away from school for 25 years, I was concerned about going to college. Would I be smart enough? Would I still be able to learn? The nursing program at **UW Oshkosh has taught me about myself and helped me build my confidence to know that I can do this.**

Ron Hobson, 52
Graduate Studies, MS in Mathematics Education
Earned a Bachelor's Degree in Electrical Engineering;
MBA from DePaul
Hometown: Green Bay

UW Oshkosh is My Place ...

To Redefine Myself.

I was an electrical engineer in the states of Washington and Illinois. When I retired in 2002, I decided to change careers. Teaching has always been something I've wanted to do full-time, so I enrolled in the education program at UW Oshkosh. The biggest hang-up for anyone my age is the perception that they will be considered "strange," if they go back to

school. After all, 20-somethings go to college and older adults have careers. **The people in the Adult Nontraditional Student Resource (ANSR) Office** helped me through this misconception and **guided me through my transition into student life.**

The Office of Graduate Studies

At UW Oshkosh, we know that expanding your education and changing career paths can be a challenge. The Office of Graduate Studies offers accredited programs in the colleges of Business, Education and Human Services, Letters and Science and Nursing.

The Office of Graduate Studies offers...

- Courses in late afternoon, evenings, weekends and summer months.
- More than 40 years of experience offering graduate studies in northeastern Wisconsin.
- The largest non-Ph.D. - granting graduate school in the UW System.

Degree Programs

- Business
 - Business Administration (MBA)*
 - Global Business Administration (GMBA)*
- Education
 - Counselor Education (MSE)*
 - Curriculum and Instruction (MSE)*

Non-Degree Academic Opportunities

At UW Oshkosh, we believe you never stop learning. We offer a number of learning opportunities to expand the knowledge, skills and abilities of people of all ages.

Office of Continuing Education and Extension (CEE)

CEE is an extension of the University's knowledge base and is a resource to people of all ages. We partner with schools, public and private organizations and industry to provide access to a wide variety of learning opportunities, including:

- Conferences and workshops
- Professional development programs
- Personal enrichment programs
- Youth summer camps
- Learning in Retirement (an organization for retired and semi-retired people)

Course Auditing

This is an opportunity for you to participate in courses without the pressure of tests, assignments or grades. Through course auditing, you will:

- Be able to enroll in courses for free or a discounted rate – depending on your age.
- Have access to Polk Library and campus computer and language labs.

Blaine Nowak, 49
Accounting Major
Hometown: Teresa
Married, adoptive parent of neglected pets
Works in financial sector in major metropolitan area

I Earned My Degree on My Time ... And Now I Have a Great Career!

I earned the position of plant manager in a contract sheet metal manufacturing firm the old-fashioned way: through hard work and experience. Business was booming in 2000, but then September 11, 2001, brought production to a standstill. I had taken some business courses here and there from other colleges and universities, but the experience was not very rewarding. That changed when I enrolled at UW Oshkosh.

My instructors knew their disciplines and took the time to help me develop my skills and abilities by encouraging me to conduct independent research. Being able to dig into things on my own with the guidance and support of the staff is what I expected from a university. **The quality of the instructors, the one-on-one mentoring and the courses at UW Oshkosh have helped me get back on track.**

Support and Services

As a student at UW Oshkosh, you will find support networks really make a difference. Whether you need assistance finding daycare, help with career advice or just someone to talk with, we have the support you need.

Admissions

To apply as a prospective nontraditional student, you will need to submit your:

- UW System application, which can be found at www.apply.wisconsin.edu.
- Non-refundable application fee. (Students applying directly from one of the two-year UW Colleges are exempt from this fee, as are re-entry students.)
- Official high school transcripts, if you have earned fewer than 30 transferable college credits at the time of application.
- Official college/university transcripts from all post-secondary institutions you have attended.

Admissions Office

(920) 424-3164

admissions.uwosh.edu

Career Services

Students receive individual assistance with career exploration, job shadowing and online resources. Students benefit from:

- Personal advising.
- Résumé assistance.
- Job bank access.
- WISCareers access.

Career Services

(920) 424-2181

www.uwosh.edu/career

Children's Learning and Care Center

A benefit of attending UW Oshkosh is affordable, on-campus childcare that fits your class schedule. Caretakers are bachelor's-degree holders in early childhood education and offer care for children ages newborn through 8 years old.

Children's Learning and Care Center

(920) 424-0260

I would like to start classes in the Spring Summer Fall of the year 20____.
Additional comments:

In compliance with the Campus Security Act, copies of the University of Wisconsin Oshkosh publication titled *RE: Information, Education, Policies* provides information relating to substance abuse prevention, graduation rate data, sexual assault, sexual harassment and the Annual Campus Security Report. Copies of this publication are available upon request from the Dean of Students Office, (920) 424-3100. See www.uwosh.edu/dean/campussecurityact.

The University of Wisconsin Oshkosh is committed to a policy of fairness and equal opportunity for all. A diverse student body, faculty and staff that reflect the pluralism of society is desired and encouraged. Moreover, equal access to benefits, programs, services and employment and educational opportunities is assured for all without regard to sex, marital or parental status, race/ethnicity, ancestry, age, national origin, religion, handicap, sexual orientation, political affiliation or beliefs and arrest or conviction record. Inquiries regarding University compliance with equal opportunity/affirmative action laws and regulations may be directed to the Director of Equity and Affirmative Action, (920) 424-0330 or (920) 424-2296. E-mail: afaction@uwosh.edu.

Request information online at www.uwosh.edu/ansr or complete and return this postage-paid card.

The Answer is ...
yes!
