Faculty Request for Undergraduate Research Fellow (UGRF)**

The Undergraduate Research Fellows program introduces CSON students to the real-live world of research. Students work with faculty on research projects for approximately 4 hours per week and are paid by the university. The program is open to upperclassmen and highly motivated underclassmen. Matching of students and faculty takes place over the summer. Please return this completed form to Cathy Read in Cushing 202G (or email to readca@bc.edu) by JUNE 1, 2012.
