President ☐ Vice President ☒ Treasurer ☐ Secretary ☐ Activities Coordinator ☐

What do you know about Engineering Council?

Engineering Council (EC) is the student government for the College of Engineering (CoE). EC serves the student body, CoE, and CPP. More specifically, EC is charged with fostering student involvement and enriching the learning environment by the planning and execution of events in conjunction with CoE, all the engineering clubs, ASI, and various campus entities.

Why do you want to be a part of Engineering Council?

My desire to continue participating in EC is rooted in my commitment to continue working with the Engineering Advocate and the current Activities Coordinator in fulfilling the mission stated above. I am confident that I will bring a vital element to the 2009-2010 EC Executive Board.
