

Qualifying Exam Progress Report

FROM: _____ (Student)

DATE: _____

I have set the following date(s) for my written qualifying examination.

Written Qualifying Examination Date(s): _____

Once the results of the written exam have been received, the Director of Graduate Studies must be notified and the oral qualifying examination must be taken within two months. If I am unable to take the oral exam within this time frame, I must present a signed memo from my advisor stipulating that my committee has agreed to the delay and a new date has been set.

I understand that if the oral exam is not taken within two months of the written exam, and I do not have the approval of my committee for the delay, the Graduate Studies Committee has the option of suspending my stipend.

Student _____

Advisor _____

Director of Graduate Studies
