

EN380 – NAVAL MATERIAL SCIENCE AND ENGINEERING
Asst. Prof. Paul H. Miller

Team Project in Material Selection for a Marine Application

Peer Evaluation Form

Your Name: _____

Please print the names of all of your team members and rate (including yourself) the degree to which each member fulfilled their responsibilities in completing the project. The possible ratings are:

Excellent: Consistently went above and beyond, tutored teammates, carried more than their fare share of the load.

Very Good: Consistently did what they were supposed to do. Always well prepared and cooperative. Always at team meetings.

Satisfactory: Usually did what they were supposed to do. Acceptably prepared and cooperative.

Ordinary: Often did what they were supposed to. Minimally prepared and cooperative.

Marginal: Sometimes failed to show up or complete assignments, prepared about half the time.

Deficient: Often failed to show up or complete assignments. Usually unprepared and uncooperative.

Unsatisfactory: Consistently failed to show up or complete assignments, unprepared and uncooperative most of the time.

Superficial: Practically no participation

No show: No participation at all.

These ratings should reflect each individual's level of participation and effort and sense of responsibility, not their academic ability.
