

2012-2013 Graduate/Law Student Personal Expense Budget Appeal Form

The Office of Financial Aid establishes the annual student expense budget for students in accordance with federal regulations (20 U.S.C. Sec. 108711). Commonly accepted expenses such as tuition, fees books, supplies and a reasonable living allowance are included in the student expenses budget. This budget, less all resources available to the student (including scholarships and other financial aid awards), determines the maximum amount of educational loans available for the loan period.

Students may appeal, on an annual basis, to increase their student expense budget. An increase in the student expense budget will enable the student to borrow additional loan funds, subject to lender approval. Appeals to increase the student expense budget are commonly approved for additional funds to cover **reasonable** costs such as the purchase of a computer, printer, software, unusual medical or dental expenses and the support of other dependents.

Non-educational related costs that **will not** be considered for increasing the student expense budget include, but are not limited to: car payments, car maintenance, credit card balances or payments, other consumer loans or living costs during periods of non-enrollment, including expenses related to life before or after school.

Instructions: Complete the form with the information requested below, including the monthly amount needed to cover personal expenses. **Incomplete forms may result in a delay in processing.** Submit the form with the required signatures to the Office of Financial Aid. **Please allow two to four weeks for your appeal to be reviewed.**
