UIC COLLEGE OF NURSING PRE-REQUISITE SELF-EVALUATION

Name: _____
Last
First
Middle

To expedite our evaluation of your prerequisites and to assist you in your own planning, please submit the completed form with your application. Include courses completed and those planned or in progress (i.e., courses that won't be reflected on a transcript at this time) with semester and year. If admitted, you will be notified of any discrepancies between your listing and our official evaluation. ***If you change your projected course work, please notify the College of Nursing Office of Academic Programs in writing at the above address.***

Required Courses* (SH=Semester Hours)	Course	Credit Hours	Grade	School	Term Completed	Term Planned
English Composition (6 SH)						
Microbiology (3 SH)						
Anatomy and Physiology (8 SH)						
General Chemistry (4 SH)						
Organic/Biochemistry (4 SH)						
Social Sciences (6 SH) 2 different fields	1.					
	2.					
Humanities (6 SH) 2 different fields	1.					
	2.					
Nutrition (2-3 SH)						
Life Span/Growth & Development (3-6 SH)						
Cultural Diversity Course (3 SH)						
**Upper Division Courses (3 SH)						
Electives (to total 57 SH) ***						

* All Course work must be completed prior to fall term enrollment.

** Additional natural science, social science, **OR** humanities course which may be taken after admission. Upper-division equals junior or senior level course at a four-year college or university.

*** The number of required LAS elective hours varies according to the number needed to total 57 semesters **after all above requirements have been met**. At least one elective course must be a natural science course (3SH) other than Chemistry (examples: general biology, physics, finite or higher level math).

Transfer guides are available for most colleges in the Chicago area. Please refer to the Admissions section of the UIC website www.uic.edu.
