Chips and Change

HOW CRISIS RESHAPES THE
SEMICONDUCTOR INDUSTRY

Clair Brown and Greg Linden

"Chips and Change makes an important contribution to understanding the intensifying global competition for leadership in one of the world's most strategic industries. This book will help demystify the complexities of the semiconductor world for a non-professional audience. A must-read." — George M. Scalise, President, Semiconductor Industry Association
256 pp., 22 illus., \$35 cloth

Offshoring of American Jobs

WHAT RESPONSE FROM
U.S. ECONOMIC POLICY?

Jagdish Bhagwati and Alan S. Blinder

edited and with an introduction
by Benjamin M. Friedman

"The current financial crisis has provided momentum to anti-free-trade and protectionist thinking in response to the perceived threat to American workers posed by offshoring. This thin volume offers readers credible economic analysis of the magnitude and significance of this growing outsourcing phenomenon and should help the Obama administration to pursue sound trade and employment policies." — T.N. Srinivasan, Yale University
Alvin Hansen Symposium on Public Policy at Harvard University
144 pp., 1 illus., \$18.95 cloth

Now in Paper

Monetary Policy Strategy

Frederic S. Mishkin

"A splendid tour of the field for anyone seeking either a review or an introduction. And having these papers collected in one volume, to consult as the need arises, is a boon for up-to-date specialists as well."

— Benjamin M. Friedman, Harvard University
560 pp., 104 illus., \$25 paper

Now in Paper

Globalization and the Poor Periphery before 1950

Jeffrey G. Williamson

"This highly original volume by a leading economic historian provides an excellent analysis of global trends and the impact of globalization on the periphery until 1950. The questions it raises can provide an attractive research agenda in years to come." — Sevet Pamuk, *EH.Net*
Olin Lectures series • 208 pp., 19 illus., \$15 paper

Financing Innovation in the United States, 1870 to the Present

**edited by Naomi R. Lamoreaux
and Kenneth L. Sokoloff**

foreword by William Janeway

"A marvelous exploration of the central strength of capitalism: its unique ability to foster successful innovation over the long term. Read this book if you want to understand how Americans have financed innovation and promoted growth over the past two centuries." — Louis Galambos, Johns Hopkins University
520 pp., 56 illus., \$24 paper

Now in Paper

Confronting Income Inequality in Japan

A COMPARATIVE ANALYSIS OF CAUSES,
CONSEQUENCES, AND REFORM

Toshiaki Tachibanaki

"The book is a significant contribution to the literature on the Japanese economy. There is no other book-length, English-language treatment of inequality in Japan." — Dale W. Jorgenson, Harvard University
248 pp., 11 illus., \$16 paper

REGULATION

THE CATO REVIEW OF BUSINESS
AND GOVERNMENT

Four times a year since 1977, *Regulation* has offered immediately usable insights about regulatory policies from leading economists, policy analysts, and legal experts. *Regulation* guarantees the objective in-depth analysis needed to stay on top of regulatory and economic policymaking in Washington, D.C.

“We need *Regulation*: Solid analysis, current relevance, and new knowledge.”

—JAMES BUCHANAN,
NOBEL LAUREATE IN ECONOMICS

THE CATO JOURNAL

AN INTERDISCIPLINARY JOURNAL
OF PUBLIC POLICY ANALYSIS

America's leading free-market public policy journal since 1981, the *Cato Journal* provides insightful and engaging analyses of key issues by leading scholars and policy analysts three times each year. Its topics run the gamut of policy issues from foreign policy and economic freedom to domestic issues like health care and education.

“The most consistently interesting and provocative journal of its kind.”

—CLIVE CROOK, *FINANCIAL TIMES*
