N.C. General Statute §32A-25 Statutory Form for Health Care Power of Attorney

(Notice: This document gives the person you designate as your health care agent broad powers to make health care decisions, including mental health treatment decisions, for you. Except to the extent that you express specific limitations or restrictions on the authority of your health care agent, this power includes the power to consent to your doctor not giving treatment or stopping treatment necessary to keep you alive, admit you to a facility, and administer certain treatments and medications. This power exists only as to those health care decisions for which you are unable to give informed consent.

This form does not impose a duty on your health care agent to exercise granted powers, but when a power is exercised, your health care agent will have to use due care to act in your best interests and in accordance with this document. For mental health treatment decisions, your health care agent will act according to how the health agent believes you would act if you were making the decision. Because the powers granted by this document are broad and sweeping, you should discuss your wishes concerning life-sustaining procedures, mental health treatment, and other health care decisions with your health care agent.

Use of this form in the creation of a health care power of attorney is lawful and is authorized pursuant to North Carolina law. However, use of this form is an optional and nonexclusive method for creating a health care power of attorney and North Carolina law does not bar the use of any other or different form of power of attorney for health care that meets the statutory requirements.

2. Effectiveness of Appointment

(Notice: This health care power of attorney may be revoked by you at any time in any manner by which you are able to communicate your intent to revoke to your health care agent and your attending physician.)

Absent revocation, the authority granted in this document shall become effective when and if the physician or physicians designated below determine that I lack sufficient understanding or capacity to make or communicate decisions relating to my health care and will continue in effect during my incapacity, until my death. This determination shall be made by the following physician or physicians. For decisions related to mental health treatment, this determination shall be made by the following physician or eligible psychologist. (You may include here a designation of your choice, including your attending physician or eligible psychologist. You may also name two or more physicians or eligible psychologists, if desired, both of whom must make this determination before the authority granted to the health care agent becomes effective.)

3. General Statement of Authority Granted

Except as indicated in section 4 below, I hereby grant to my health care agent named above full power and authority to make health care decisions, including mental health treatments decisions, on my behalf, including, but not limited to, the following:

- A. To request, review, and receive any information, verbal or written, regarding my physical or mental health, including, but not limited to, medical and hospital records, and to consent to the disclosure of this information.
- B. To employ or discharge my health care providers.
- C. To consent to and authorize my admission to and discharge from a hospital, nursing or convalescent home, or other institution.
- D. To consent to and to authorize my admission to and retention in a facility for the care or treatment of mental illness.
- E. To consent to and authorize the administration of medications for mental health treatment and electroconvulsive treatment (ECT) commonly referred to as "shock treatment."
- F. To give consent for, to withdraw consent for, or to withhold consent for, X-ray, anesthesia, medication, surgery, and all other diagnostic and treatment procedures ordered by or under the authorization of a licensed physician, dentist, or podiatrist. This authorization specifically includes the power to consent to measures for relief of pain.
- G. To authorize the withholding or withdrawal of life-sustaining procedures when and if my physician determines that I am terminally ill, permanently in a coma, suffer severe dementia, or am in a persistent vegetative state. Life-sustaining procedures are those forms of medical care that only serve to artificially prolong the dying process and may include mechanical ventilation, dialysis, antibiotics, artificial nutrition and hydration, and other forms of medical treatment which sustain, restore or supplant vital bodily functions. Life-sustaining procedures do not include care necessary to provide comfort or alleviate pain.

I DESIRE THAT MY LIFE NOT BE PROLONGED BY LIFE-SUSTAINING PROCEDURES IF I AM TERMINALLY ILL, PERMANENTLY IN A COMA, SUFFER SEVERE DEMENTIA, OR AM IN A PERSISTENT VEGETATIVE STATE.

- H. To exercise any right I may have to make a disposition of any part or all of my body for medical purposes, to donate my organs, to authorize an autopsy, and to direct the disposition of my remains.
- I. To take any lawful actions that may be necessary to carry out these decisions, including the granting of releases of liability to medical providers.

4. Special Provisions and Limitations

(Notice: The above grant of power is intended to be as broad as possible so that your health care agent will have authority to make decisions you could make to obtain or terminate any type of health care. If you wish to limit the scope of your health care agent's powers, you may do so in this section.)

A. In exercising the authority to make health care decisions on my behalf, the authority of my health care agent is subject to the following special provisions and limitations. (Here you may include any specific limitations you deem appropriate such as: your own definition of when life-sustaining treatment should be withheld or discontinued, or instructions to refuse any specific types of treatment inconsistent with your religious beliefs, or unacceptable to you for any other reason.)

B. In exercising the authority to make mental health decisions on my behalf, the authority of my health care agent is subject to the following special provisions and limitations. (Here you may include any specific limitation you deem appropriate such as: limiting the grant of authority to make only mental health treatment decisions, your own instructions regarding the administration or withholding of psychotropic medications and electroconvulsive treatment (ECT), instructions regarding your admission to and retention in a health care facility for mental health treatment, or instructions to refuse any specific types of treatment unacceptable to you.)

C. Notice: This health care power of attorney may incorporate or be combined with an advance instruction for mental health treatment, executed in accordance with Part 2 of Article 3 of Chapter 122C of the General Statutes, which you may use to state your instructions regarding mental health treatment in the event that you lack sufficient understanding or capacity to make or communicate mental health treatment decisions. Because your health care agent's decisions must be consistent with any statements you have expressed in an advance instruction, you should indicate here whether you have executed an advance instruction for mental health treatment.

5. Guardianship Provision

If it becomes necessary for a court to appoint a guardian of my person, I nominate my health care agent acting under this document to be the guardian of my person, to serve without bond or security. The guardian shall act consistently with G.S. 35A-1201(a)(5).

6. Reliance of Third Parties on Health Care Agent

- A. No person who relies in good faith upon the authority of or any representations by my health care agent shall be liable to me, my estate, my heirs, successors, assigns, or personal representatives, for actions or omissions by my health care agent.
- B. The powers conferred on my health care agent by this document may be exercised by my health care agent alone, and my health care agent's signature or act under the authority granted in this document may be accepted by persons as fully authorized by me and with the same force and effect as if I were personally present, competent, and acting on my own behalf. All acts performed in good faith by my health care agent pursuant to this power of attorney are done with my consent and shall have the same validity and effect as if I were present and exercised the powers myself, and shall inure to the benefit of and bind me, my estate, my heirs, successors, assigns, and personal representatives. The authority of my health care agent pursuant to this power of attorney shall be superior to and binding upon my family, relatives, friends, and others.

7. Miscellaneous Provisions

- A. I revoke any prior health care power of attorney.
- B. My health care agent shall be entitled to sign, execute, deliver, and acknowledge any contract or other document that may be necessary, desirable, convenient, or proper in order to exercise and carry out any of the powers described in this document and to incur reasonable costs on my behalf incident to the exercise of these powers; provided, however, that except as shall be necessary in order to exercise the powers described in this document relating to my health care, my health care agent shall not have any authority over my property or financial affairs.
- C. My health care agent and my health care agent's estate, heirs, successors, and assigns are hereby released and forever discharged by me, my estate, my heirs, successors, and assigns and personal representatives from all liability and from all claims or demands of all kinds arising out of the acts or omissions of my health care agent pursuant to this document, except for willful misconduct or gross negligence.
- D. No act or omission of my health care agent, or of any other person, institution, or facility acting in good faith in reliance on the authority of my health care agent pursuant to this health care power of attorney shall be considered suicide, nor the cause of my death for any civil criminal purposes, nor shall it be considered unprofessional conduct or as lack of professional competence. Any person, institution, or facility against whom criminal or civil liability is asserted because of conduct authorized by this health care power of attorney may interpose this document as a defense.
