Academic Advisement for Undergraduates

Where do you go for academic advisement?

If you have chosen a major, or if you have one in mind, go to the advisement center for the college that offers that major. If you have no major in mind, visit the Open Major Advisement Center.

All academic advisement centers are open from 8:00 a.m. to 5:00 p.m. Monday–Friday. They will be closed for devotionals on Tuesdays from 11:00 a.m. to noon. Write, visit, or call the advisement center of your choice:

Class Schedule Work Sheet

We suggest that you use the following form to plan your ideal schedule. Be careful not to select classes that meet at the same time on the same days. After listing your ideal schedule, list additional courses or sections for submission if your first choices are not available. The computer will not schedule you in more than one section of the same class (except for R classes and labs).

Instructions for Internet Access

How to Access BYU Web Registration

You may access BYU Web registration from your own home if you have the Internet and have downloaded Netscape Communicator 4.7+ or Internet Explorer 5.0+. Both of these browsers are available for downloading on the World Wide Web. You must have an ISP (Internet Service Provider). Consult a local telephone directory to find a provider that works best with your needs.

If you can't access the Web from home, you can use computers on the BYU campus, available at access point labs and kiosks in most buildings. You can also find computers connected to the Web at most public libraries.

1. **Open the BYU homepage.** The Internet address is www.byu.edu.
2. **Log in to Route Y by entering your Net ID and password.** If you do not know your Net ID, click on *Find Net ID* and follow the instructions. The password for first-time users is your birth month, day, and year. (For example, the password for a May 16, 1974, birthday is 051674.) You will be prompted to change your password for security reasons. If you experience problems entering Route Y with your Net ID or password, contact the Registration Office at (801) 422-2824 (8 a.m.–5 p.m. MT).
3. **Choose the AIM icon** under the School column.
4. **Choose Registration** once you are in the AIM system.
5. **When you finish, EXIT the system** to ensure security of your information.

Registration Information and Procedures

Are You Eligible to Register?

You are eligible to register for summer term 2003 if you registered for and completed regular day school classes during winter semester 2003, spring term 2003, or if you have been issued a valid letter of admission for summer term 2003 by the Admissions Office.

Continuing BYU students can interrupt their studies for one semester (fall/winter) by submitting a Continuing Student Enrollment and Scholarship Deferral Application. Students wanting to serve an LDS mission can defer their admission status by submitting an LDS Mission Deferral Criteria Form. Both are available from the Admissions Office, A-183 ASB (801) 422-2507. Students who interrupt their studies for more than one semester (except missionaries) should contact the Admissions Office for the appropriate application materials.

Continuing degree-seeking graduate students are eligible if they have fulfilled the minimum registration requirements (6 hours per year) in the preceding academic year.

Students who graduate from BYU lose their eligibility and will not be allowed to continue to attend classes unless they have been admitted to a graduate or non-degree-seeking graduate program.

Do You Have Holds That May Block Your Registration?

The following holds will block your registration. Please check with the appropriate office for removal of the hold:

Academic Standards	Academic Support	(801) 422-2723
CAC and GE	Your college advisement center	(see inside front cover)
Collections	Student Accounts Office	(801) 422-5415
Continuing Ecclesiastical Endorsement	Honor Code Office	(801) 422-2847
Financial (prior balance)	Student Accounts Office	(801) 422-5415
Graduate Studies	Graduate Studies Office	(801) 422-4091
Loans	Collections Office	(801) 422-7648
	or Financial Aid Office	(801) 422-4104
University Standards	Honor Code Office	(801) 422-2847

Academic Standards

A student's academic standing is determined according to the grades the student earns at BYU.

College Advisement Center (CAC) Hold

The CAC hold targets students with special needs who will be required to seek assistance from their college advisement center before registering. Students with a CAC hold must visit their college advisement center or department advisor to complete a plan for graduation and will be prevented from registering until the hold is cleared by the college advisement center.

Continuing Ecclesiastical Endorsement

All enrolled continuing, undergraduate, graduate, intern, or Study Abroad students are required to obtain a Continuing Student Ecclesiastical Endorsement for each new academic year. (See page 61 for further details.)

Financial (prior balance)

Past financial delinquencies must be cleared before a new registration may be completed.

Graduate School

It is the responsibility of each graduate student to understand and follow both the specific department requirements and the general university requirements for graduate work.

Loans

Students' past due debts are referred to Student Financial Services for collection.

University Standards

Violation of the Honor Code will result in a hold being placed on a student's record. (See pages 60–61 for further details.)

How to Add Classes (February 3–June 30, 2003)

Registration for summer term is not managed on a priority registration basis. Any student admitted to the university may register beginning on the first registration day, February 3, 2003. You may add classes from February 3 until June 30. During this time some classes may be added using the Web registration system. Other classes require an add card with the instructor's signature.

Please be aware of the following when you are adding classes:

Maximum Hours per Semester or Term

Undergraduate students in good standing may register for as many as 9 credit hours in one term by following the regular registration process. However, the college advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 11 hours per term. This approval is to be noted by the college advisement center on the add/drop card. Auditing classes, registering for a class without receiving credit, or registering for Evening Classes constitutes a part of your total registration. Exception to the rules must be presented to: University Registrar, B-150 ASB, starting on the first day of instruction.

Official Enrollment

Students whose names are on the university class roll are officially registered. If your name is not on the class roll, you should contact the Registration Office, B-130 ASB, immediately. Instructors receive rolls of students in their classes the first day of classes. Other rolls, sent out during the second, third, and eighth weeks, include the names of all students currently registered for that class.

Auditing Classes

Students desiring to audit classes (register for a class without receiving credit) can only do so on an add/drop card during the first six days of a term. Students must obtain the instructor's approval on a signed add/drop card. It is not possible to register for an audit class on the Web registration system. You are charged the same tuition for auditing classes as for taking classes for credit. Classes taken on an audit basis will not appear on your official records, will not be considered in calculating enrollment verifications, and does not fulfill the minimum registration requirement for graduate degree-seeking students. Students who are registered for credit and wish to change to

audit must first drop the class. The class may then be added for audit during the add period (first ten days of a semester, six days of a term).

Evening Classes and Salt Lake Center Classes

Daytime students taking evening classes or Salt Lake Center classes may register for the courses at the same time they register for day school. Please note that the Salt Lake Center classes are taught in Salt Lake City at 3760 S. Highland Dr., Suite 200.

Semester Online Courses (<http://www.byu.edu>)

Classes listed in the class schedule as sections 478 are courses offered over the Internet at no additional cost to full-time students. Semester Online courses may provide immediate feedback, chat rooms, and informative, exciting links, and they allow students to progress at their own pace within the semester period.

Independent Study

Independent Study can bring many university courses to your home. You may register for courses any time during the year and take up to a year to finish each course. Tuition is \$106 per credit hour—this fee is not included in your regular BYU daytime tuition. Independent Study courses are indicated in the course list by the phrase "Offered by Independent Study." Many courses are now available by Internet, and new courses are continually being added. For further information and a free catalog, contact the Independent Study Office, 206 HCEB, Provo, UT 84602-1514, (801) 378-2868, or <http://learn.byu.edu>. **NOTE:** Unless you are a BYU matriculated student, Independent Study courses do not apply toward a BYU graduate degree.

How to Drop Classes

Summer term classes can be dropped from your schedule until June 30. (Drop cards will also be accepted beginning June 23. They can be obtained from the Registration Office or department and CAC offices.) **NOTE:** A student can be registered for more than one section of an R-suffix course and therefore must drop each unwanted section.

A "W" will be given for any class dropped July 1–July 10. You must fill out a drop card, pay a \$10 fee per class at the Cashier's Office and submit the card to the Registration Office. A "W" is an official withdrawal and means you registered for a class and did not officially withdraw before the sixth day of the term. It does not figure into your GPA.

Dropping for nonacademic emergencies can be done July 11–July 29. Between these dates, if you encounter a nonacademic emergency, such as a serious accident or illness, which affects your performance in a class(es), you may petition to be withdrawn. It is the student's responsibility to obtain the necessary supporting information from the instructor, physician, employer, etc., to accompany the request. A committee will consider your request, which may or may not be approved.

NOTE: For past semesters/terms, if you had a nonacademic emergency, you may contact the Petition Secretary, B-150 ASB (801) 422-6570, to discuss your options.

Discontinuance (Dropping All Classes for the Semester or Term)

What to do before classes begin (Until June 22)

Once you register for classes, you are officially enrolled and committed to attend. If you are not coming to school this term, you must discontinue or drop your classes prior to the first day of school or they will remain on your record and YOU WILL BE CHARGED TUITION. Classes may be dropped using the Web registration system until midnight of the day before classes begin.

What to do after classes begin (June 23–July 29)

On the first day of classes and thereafter you will need to contact the Discontinuance Office in B-150 ASB or call (801) 422-7705. Tuition will be charged starting the first day of classes to the date of discontinuance at the percentage rate listed in the Tuition and Fees section of this class schedule.

Warning: Discontinuance from fall or winter semester or from the term to which you are newly admitted will forfeit your eligibility to attend future semesters without reapplying through the Admissions Office. Continuing BYU students who interrupt their studies for one semester (fall or winter) only or who serve an LDS mission may request an admission deferment during their absence from the university. Call the Admissions Office, (801) 422-2507, for more information. Other students who interrupt their studies should contact the Admissions Office for the appropriate reapplication materials (see pages 49 and 63).

How to Obtain Enrollment Verification

Contact the Records Office, B-150 ASB, (801) 422-2631 for enrollment verification. A student's enrollment status is determined by the number of credit hours taken, as follows:

Hours Enrolled		
Semester	Term	Enrollment Status
12+	6+	Full-time
9–11.5	4.5–5.5	Three-fourths
6–8.5	3–4	Half-time
.5–5.5	.5–2.5	Less than half-time

Audited courses do not count in total enrollment hours, but are charged tuition and fees. Graduate students should refer to the Graduate Education section of this class schedule.

Remember! Update Your Address Information

It is important that your mailing address be updated. This will help you receive university mailings in a timely manner. You can accomplish this by going to the BYU homepage (www.byu.edu), clicking on Route Y, then logging in and selecting Update Personal Information. The Registration Office, B-130 ASB, (801) 422-2824, will also be happy to help you with an address change.

Registration for Faculty, Staff, Administrative Personnel, and Their Spouses

(See University Personnel Tuition Policy in the University Electronic Handbook.)

Regular teaching faculty, staff, and administrative personnel may register for courses of study up to a **maximum of 6 credit hours per semester** and will not be required to pay tuition. During spring and summer terms personnel may take 3 credit hours per term or 4 in one and 2 in another. This benefit is applicable to undergraduate and graduate tuition. (Part-time, adjunct, on-call, and temporary personnel and their spouses are not eligible for tuition benefits.) To be eligible for tuition benefits during a given semester, individuals must be regular personnel at the close of late registration for that semester. To be eligible for tuition benefits for their spouses, personnel must (a) be at least age thirty with one year of service **or** (b) have completed five years of service with the university. *Eligible personnel and spouses taking daytime classes need to be properly admitted through the Admissions Office.* There may be income-tax ramifications on graduate tuition for spouses.

Written approval is required for personnel to take daytime classes (7:00 a.m. to 5:00 p.m.) **and/or thesis hours**. Applications for approval may be obtained at the Benefits Office, D-240 ASB, or downloaded from the Benefits Office Web site (www.byu.edu/hr/benefits/index.html). There is no credit-hour limit (day or evening classes) in a semester for eligible spouses. However, in the event a spouse who is taking classes is hired full-time by the university, that individual's "personnel" status supersedes their "spouse" status, and the tuition benefit is administered accordingly. Personnel or their spouses enrolled through day school who withdraw from *all* classes in a semester or term are required to do so through the Discontinuance Office, B-150 ASB.

All full-time personnel and their eligible spouses who desire to **audit** daytime or evening classes should go to the Evening Classes Office, 122 HCEB, for auditing procedures. Any class audited will not appear on official records; however, all audited day classes must be cleared through the Benefits Office.

Eligible faculty, staff, and administrative personnel and their spouses who wish to register for evening classes *only* may do so at the Evening Classes Office. Individuals may obtain their tuition benefit there at the time they register by completing the Clearance to Register Form and presenting their personnel or spouse ID card.

Personnel and their spouses withdrawing from *all* classes in Evening School in any term or semester (discontinuing) are required to do so through the Evening Classes Office. **A \$10 fee is charged to the individual for discontinuing after registration has been finalized.**

Final Examination Policy and Schedule—Summer Term 2003

Final examinations will be given at the times shown in the schedule. Examinations are not given early. The examination period is preceded by reading days, which give time for conscientious review, study, and synthesis of the term's work. The reading and the examination periods are firmly scheduled parts of the term; you must not make plans that interfere with these important academic activities. If illness or other uncontrollable circumstances prevent you from taking an examination at the scheduled time, you are responsible to inform the class instructor as soon as possible. Your instructor may give the grade *Incomplete*, depending on the circumstances. The incomplete cannot be given unless you and your instructor together prepare a contractual agreement.

Examinations in one day, individual arrangement for alternative test times may be made by the instructor.

Examinations will be held Wednesday and Thursday, August 13 and 14, with a reading day on Tuesday, August 12. Therefore, Monday, August 11, 2003, will be the last day of instruction.

Note to faculty: If an exam hour conflict arises for day classes, please contact the Academic Scheduling Office, B-150 ASB, telephone (801) 422-6557. For evening classes, contact the Evening Classes Office, 123 HCEB, telephone (801) 378-6258.

Final exams for day and evening (section 400) classes beginning at 5:00 p.m. or later will be conducted on the last class period as follows: Tuesday, August 5; Wednesday, August 6; Thursday, August 7; Friday, August 8; and Monday, August 11.

If a class begins after the hour or is scheduled for more than fifty minutes per class period, the **final exam period is determined by the beginning hour**. For example, a class held from 8:35 to 9:50 *must* use the 8:00 exam period. A class held from 4:45 to 7:15 *must* use the 4:00 exam period. No exceptions to this policy will be granted unless approved *in writing* by the department chair.

Semester Online courses follow the regular exam schedules or as specified in the course outline.

Salt Lake Center classes will meet at the regular class times during reading and final exam days. Final exams for Salt Lake Center classes (sections 600–699) are conducted during the regular scheduled class time during finals. Should a conflict arise between the schedules of a day class final exam and a Salt Lake Center exam, priority rests with the day class. It is the responsibility of the student to make the conflict known to the Salt Lake Center instructor so an alternative time can be arranged.

Tuition and Fees

One of the nation's largest private universities, BYU is owned and operated by The Church of Jesus Christ of Latter-day Saints. A significant portion of the cost of operating the university is paid from the tithes of the Church members. Because of this, students or their families who are Church members have already made a monetary contribution to the operation of the university. To equalize this cost, nonmembers are assessed higher tuition, a practice similar in principle to that of state universities charging higher tuition to nonresidents. This higher tuition still does not cover the total educational cost.

Once students register for classes, they are officially enrolled and committed to attend. Registered students who decide not to attend must withdraw from classes prior to the first day of school to avoid being charged tuition. Classes may be dropped using the Web registration system (i.e., by dropping each class) until midnight of the day before classes begin. Beginning the first day of classes and thereafter, students will need to contact the Discontinuance Office (B-150 ASB, [801] 422-7705). If classes are not dropped, they will remain on the student's records, and the student **will be charged tuition** from the first day of classes to the date of discontinuance at the percentage rate listed under Tuition Refunds/Charges—Discontinuance.

Tuition and class fees are due and payable on the first day of class (April 29 for spring term, June 23 for summer term). Students are held responsible to pay the correct amount of tuition, fees, and past due balances (in U.S. dollars; checks must be drawn on a U.S. bank). Students who fail to pay tuition by the add registration deadline will be assessed a \$45 late fee and jeopardize their eligibility to enroll for the following semester/term. Students who anticipate receiving financial aid will be held responsible to pay tuition charges by the first day of class whether or not financial aid is available or forfeited. Past financial delinquencies must be cleared before a new registration may be commenced. The Tuition Billing Statement will be mailed only to students who are registered for at least one class by April 22 for spring term and June 16 for summer term. **WHETHER OR NOT THE STUDENT RECEIVES A PRINTED BILLING STATEMENT, IT IS THE STUDENT'S RESPONSIBILITY TO PAY TUITION BY THE DEADLINE TO AVOID A LATE TUITION FEE.**

Tuition assessment on the billing is based on anticipated full-time enrollment of 6 credit hours or more for the term. The federal Pell Grant amount on the Tuition Billing Statement is based on the assumption that enrollment is for 6 credit hours. If your grant eligibility, loan, or scholarship is for less than the tuition due, you must pay the difference by the deadline to avoid a late fee. **If you are not a full-time student, adjust the statement and pay only for the hours you expect to take.**

Tuition may be paid via cash, check, money order, or credit card. Cash payments should be made in person in the Cashiers Office in D-155 ASB. **DO NOT MAIL CASH.**

Check or money order payments (U.S. dollars) may be mailed in the preaddressed envelope provided with the Tuition Billing Statement. If you do not have this envelope, mail your tuition to the Cashiers Office, D-148 ASB, Provo, UT 84602-1128. Check or money order payments may also be dropped in the drop-box provided in D-148 ASB, or made in person in the Cashiers Office (D-155 ASB). **DO NOT USE CAMPUS MAIL.**

Credit card payments may be made online through Route Y. Online payments are made by logging into Route Y and selecting the Tuition Billing and Payments link. Credit card payments may also be made via touch-tone telephone at (801) 422-0835 or in person in the Cashiers Office (D-155 ASB).

Important notice: If you fail to meet the tuition deadline, you will be assessed a late fee (\$45). You will be assessed a late tuition fee if you pay less than full-time tuition and are then enrolled or later become enrolled for more than 5.5 credit hours. Also, if your tuition check is not honored by the bank, you will be charged the late fee.

The charge for noncredit courses or for auditing courses is the same as for credit courses. Noncredit courses taken by part-time students will be assessed on the basis of hours involved in lecture classes. For example, 3 hours of lecture a week are considered 3 semester hours and are charged for accordingly. Therefore, if you are taking 4 credit hours plus a noncredit class involving 2 or more lecture hours per week, you are considered to be full-time for tuition assessment. However, noncredit courses do not count for Federal Pell Grant or Federal Stafford Loan eligibility. For courses in which no lecture hours are involved—for example, dissertations and theses—tuition and fees are charged based on hours being carried during the semester, as determined by the supervising professor.

Graduate students (for tuition assessment) are those who have received their first bachelor's degree, or will have received it by the beginning of winter semester, and are not students of the Law School or the Graduate School of Management. Please be aware that tuition bills may be processed before graduate status is updated. Graduate students are responsible to pay graduate tuition regardless of the status declared on their tuition bill.

Full-time status (for tuition assessment) for all undergraduate students is registration for 12 or more credit hours per semester or 6 or more credit hours per term. For graduate students, full-time status is registration for 8.5 or more credit hours per semester or 4.5 or more credit hours per term.

Three-quarter-time status (for tuition assessment) for undergraduate students is registration for 9 to 11.5 credit hours per semester or 4.5 to 5.5 credit hours per term. Enrollment as a three-quarter-time student does not entitle the student to physical education suit and facility privileges.

Part-time status (for tuition assessment) for all undergraduate students is registration for 0.5 to 8.5 credit hours per semester or 0.5 to 4 credit hours per term. Enrollment as a part-time undergraduate student does not entitle the student to health insurance, student activity privileges, or physical education suit and facility privileges.

The university reserves the right to change these figures without notice. Questions regarding fee assessment should be referred to Financial Services.

Part-time per credit hour	\$ 214	\$ 322
Graduate School of Management Students and Law School Students	LDS	Non-LDS
Full-time (4.5 or more credit hours)	\$1,535	\$2,302
Part-time per credit hour	\$ 342	\$ 512

Tuition will be assessed per half-credit hour. Minimum tuition charged will be \$78. The charge for noncredit courses or for auditing courses is the same as when taking them for credit.

Late Tuition Fee

Beginning May 7 for spring term \$45
Beginning July 1 for summer term \$45
Tuition and class fees are due and payable on the first day of class. A late tuition fee will be assessed to all students who fail to pay tuition by the registration add deadline. The late fee will also be assessed to students who pay less than full-time tuition by the deadline and are then or later become registered full time.

Any student whose tuition check is not honored by the bank will be charged the late tuition fee.

Tuition Adjustments— Change in Credit Hours

After the semester or term begins, a part-time student who increases the number of credit hours and remains a part-time student must pay for these additional hours **by the last day to add classes**. If this is not done, a late fee will be assessed. A change to three-fourths or full-time status requires that additional tuition be paid to avoid paying the late fee beginning May 7 for spring term and July 1 for summer term.

A full-time student dropping to part time or a part-time student who decreases credit hours may be entitled to a tuition refund. A refund request must be initiated by the student through the Financial Services Office, D-151 ASB. A full refund of the difference between full-time assessment and part-time assessment will be allowed through the last scheduled day to add classes. Refunds for courses dropped after that date will be subject to the refund schedule listed under Tuition Refunds/Charges—Discontinuance.

Tuition Refunds/Charges— Discontinuance

Both full-time and part-time students who discontinue school will be charged tuition from the first day of classes until the date of discontinuance. A refund is based on the date they report their discontinuance to the Discontinuance Office, B-150 ASB, telephone (801) 422-7705. The following rates apply:

	Tuition Charged	Refund of Tuition Paid
Spring Term		
Before Apr 29	None	.100%
Apr 29–May 210%	.90%
May 5–May 915%	.85%
May 12–May 1620%	.80%
May 19–May 2325%	.75%
May 27–May 3030%	.70%
After May 30100%	.None
Summer Term		
Before Jun 23	None	.100%
Jun 23–Jun 2710%	.90%
Jun 30–Jul 315%	.85%
Jul 7–Jul 1120%	.80%
Jul 14–Jul 1825%	.75%
Jul 21–Jul 2530%	.70%
After Jul 25100%	.None

A refund due because of discontinuance from school will be made only by check through the mail. It will be mailed approximately two weeks from the date of **discontinuance**. Refunds due to students who have a Federal Pell Grant and/or Federal Stafford/PLUS Loan will be returned to the lending agency and/or the Pell Grant Program. Contact the Tuition Office, D-151 ASB, (801) 422-7804, for specific information.

A petition for exception to the refund schedule will be considered for students forced to discontinue because of circumstances that are beyond their control. These circumstances include death in the immediate family, life-threatening situations, medical incapacitation, a university error, military leave, etc. Students should not submit petitions based on ignorance of university policies and procedures. These will be denied. Petition forms are in D-148 ASB.

Parking Fees and Information

www.byu.edu/parking

Motor Vehicles

Parking permits are required to park on campus. To purchase a permit, bring the following to the Parking and Traffic Services Office (in the PTSSB):

1. Current vehicle registration.
2. Proof of emissions compliance. Vehicles registered in areas that do not have an emissions program meeting Utah County requirements will need to pass an emissions test. For further information contact the Parking and Traffic Services Office, telephone (801) 378-3906.
3. BYU identification card.

4. Resident housing voucher issued by on-campus housing.
5. Fee payment.

Fees vary by permit and semester as follows:

Permit	Fall	Winter	Spring/Summer
G	\$80	\$45	See L Permit
Y	\$60	\$35	See L Permit
C	\$60	\$35	See L Permit
L (G and Y lots for Sp/Su)			\$20
Motorcycle/ Moped	\$15	\$10	\$ 5

G, Y, C, and motorcycle/moped parking permits expire September 15, 2004. L parking permits are valid spring and summer terms only.

Out-of-State Plates

Faculty and staff employees with out-of-state plates must license their vehicles with the state of Utah and clear them for tax payment before they can receive their parking permits.

Bicycles

Bicycles must be licensed within Utah County. Provo City licenses cost \$1 at the Parking and Traffic Services Building or at the Provo Police Department. Bicyclists must:

1. Always park bicycles in racks.
2. Never ride on sidewalks during class breaks.
3. Yield to pedestrians.
4. Obey all traffic rules.

Bicycles not parked in racks will be impounded. BYU will not be responsible for cut locks, chains, or cables. Cutting locks, chains, or cables is authorized only when uniformed police or traffic personnel are present.

Other Regulations and Information

Replacement permits will only be issued when the current valid permit is returned, regardless of car accident, windshield replacement, or selling of vehicle.

Owner/Operators of motor vehicles operated in Utah County should be prepared to pass Utah County Vehicle Emissions Inspection Maintenance requirements.

Neighborhoods adjoining campus are sometimes inundated with parked vehicles. Students are encouraged to obtain BYU parking permits and to park in university parking lots authorized by the permit.

Traffic regulation information may be obtained from Parking and Traffic Services. It is the responsibility of all students, faculty, and staff members to obey all traffic rules and regulations.

Questions may be directed to Parking and Traffic Services personnel at (801) 378-3906.

Parking and Traffic Violation Fines \$5-\$300
Appeals must be made within fourteen calendar days of the citation issue date. Otherwise the opportunity to appeal is forfeited. Individuals receiving seven or more citations in a twelve-month period (whether paid or unpaid) will have their driving and parking privileges revoked.

Records Fees

Search fee (duplicate receipt)	\$1
Transcript fee (per copy—pay at Records Office)	\$2

Health Insurance Requirement

BYU requires all three-quarter- and full-time students (9 credit hours or more for a semester; 4.5 credit hours for a term, including Salt Lake Center hours) to carry adequate medical insurance. This applies the entire time a student has continuing status, including students taking a semester or term off. All participants in groups on tour, Study Abroad, or internships are also required to carry adequate medical insurance.

Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by an employer or a spouse's or parent's employer. Any private medical insurance plan must meet the following requirements:

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than \$500; and
- have an annual plan limit of no less than \$25,000.

Three-quarter- or full-time students must enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage when first enrolling at BYU and prior to the beginning of fall semester each year thereafter. Students who do not provide proof of private insurance via the Web to the BYU Insurance Office will be automatically enrolled in and assessed the appropriate premium (single or married student rate) for the BYU Student Health Plan. The insurance premium will be charged to the student's account; payment is due by the tuition payment deadline each semester and term.

As an accommodation for disability, and with approval from the Office of Services for Students with Disabilities, a student may be eligible for the Student Health Plan with fewer than 9 semester hours or 4.5 term hours.

Debt Collection Fees

Students' past-due debts are referred to Student Financial Services for collection, and a reasonable collection fee is added to the student's account. If BYU is unable to collect the debt within a reasonable time, the debt may be referred to an outside collection agency and/or attorney for collection. All collection costs, including BYU's collection fee and any collection agency fees and/or attorney fees and court costs, will be added to the student's debt and must be paid in full before the university will release the financial hold on the student's transcript, allow the student to register, or consider the student for readmission. Also, the student's eligibility for graduating and participating in graduation ceremonies and/or having their diploma released may be delayed or denied.

University Requirements for Undergraduates

There are three components to an undergraduate education at Brigham Young University: religious education, major education, and general education. Religion courses are provided at BYU so that students may progress in their religious understanding and convictions simultaneously with their educational progress in secular fields. Education in the major provides students with depth in a particular academic discipline. It introduces them to the type of thinking, language, and skills that prepare them for a career or further study in postgraduate or professional programs. General education is intended to provide students with intellectual breadth. It covers the range of human accomplishments: the development of language and civilization; the arts; and the social, behavioral, physical, and biological sciences. These three aspects of the baccalaureate degree—religious education, major education, and general education—are described briefly in the following sections.

Religious Education

It has always been the view of The Church of Jesus Christ of Latter-day Saints that education is not complete without proper integration of secular and religious knowledge and values. Secular understanding and skill are important attainments in life and will better serve the individual when accompanied by religious convictions, attitudes, and standards of behavior. Ideally, students should take one religion class each semester of enrollment.

Fourteen hours of religion credit taken **at BYU** are needed to graduate—a core of 8 hours plus 6 hours of electives. The core consists of two Book of Mormon courses (RelA 121 and 122, 4 hours); one New Testament course (2 hours); and one Doctrine and Covenants course (2 hours). Students may choose from an array of other courses offered by the Department of Ancient Scripture and the Department of Church History and Doctrine to fill the other 6 hours of religion credit needed.

No more than 4 hours of religion credit per semester may be counted toward the religion requirement.

Students who are not members of The Church of Jesus Christ of Latter-day Saints are strongly encouraged to take Introduction to Mormonism (RelC 100) during their first semester at BYU. This course may be used in lieu of either a New Testament or Doctrine and Covenants course.

Religion Requirements for the Baccalaureate Degree	
Courses	Credit Hours
Two Book of Mormon courses	4
One New Testament course	2
One Doctrine and Covenants course	2
Elective courses	6

Religion Requirements for Transfer Students

Transfer students must fulfill the BYU graduation requirement in religion. **All students must complete a minimum number of religion credits taken at BYU, according to the following table, regardless of the number of religion hours completed elsewhere.**

Total Transfer Credits	Minimum Religion Hours to take at BYU	Subject Matter
0–14.9	14	Book of Mormon (RelA 121 and 122), Doctrine and Covenants (RelC 324 or 325), New Testament (RelA 111 or 200 or 211 or 212 or 310 or 311)
15–29.9	12	
30–44.9	10	
45–59.9	8	
60–74.9	6	Book of Mormon (RelA 121 and 122), Doctrine and Covenants (RelC 324 or 325)
75–89.9	4*	
90 or more	2*	Book of Mormon (RelA 121 and 122)

*More credits may be needed if the subject matter requirement has not been completed.

Major Education

Brigham Young University students are expected to develop competence in at least one area of concentration. Such competence is acquired through in-depth study in an area referred to as the major. Through the major requirements students encounter a rigorous, coherent, and progressively more sophisticated program of study. Such study is intrinsically valuable, and it prepares students to enter the world of work or to pursue further study. By the time they graduate, students should have a grasp of their discipline's essential knowledge and skills and thus be able to compete in and contribute to the larger world outside the university.

BYU offers approximately 150 undergraduate major programs. Most of these programs are centered in the more than 50 academic departments, but several interdisciplinary programs are also available. The complete list of these degrees is given in the BYU Undergraduate Catalog under the heading Alphabetical List of Undergraduate Majors at BYU. Of the 120 credit hours required as a minimum for the baccalaureate degree, the major program typically comprises between 40 and 60 credit hours, although some exceed 60 credit hours. Requirements for major programs are detailed under specific departments in the catalog.

Students need not feel undue pressure to declare a major immediately upon entering the university, and they may wish to enroll in general education courses that can introduce them to possible areas for major study. However, some majors, including those in the natural sciences, engineering, music, and the visual arts, are tightly structured. Efficient graduation from these programs requires students to undertake degree requirements during the first semester of their freshman year. Students who are considering these programs are encouraged to begin them as soon as possible. The academic departments and college advisement centers can provide advice about particular degree requirements and selecting a major.

General Education

The general education (GE) program at Brigham Young University complements the other two areas of a university education. Through its perspective we gain vantage points from which to view the development of our own culture and how it relates to others.

GE courses teach one to think critically, and they pose questions that foster the development of moral judgment and aesthetic and cultural sensitivities. At Brigham Young University these courses are taught in the context of the restored gospel and the implications that the gospel of Jesus Christ holds for knowledge, truth, and society.

Description of the GE Program

The GE program is separated into three categories called Languages of Learning, Liberal Arts Core, and Arts and Sciences Electives.

The objectives for each of the three areas are explained below. Brief statements of the ways to satisfy GE Program requirements are provided in the accompanying table. Detailed information concerning the mechanisms available to complete each requirement is given in the General Education Courses section of this class schedule.

Languages of Learning

In our modern, complex society, the ability to communicate effectively is deemed critical. Under the Languages of Learning category are grouped the requirements related to writing, mathematics, foreign language, and music, each of which represents an important way to convey information and understanding. Because writing at the college level is considered essential to success at the university, students are asked to complete a First-Year Writing course. Later, once students have identified an area for major study, they are provided with an opportunity to develop writing skills in that discipline through an advanced writing course.

To function in a technological society, a basic knowledge of mathematics as a means of communication and problem solving is essential. All students, upon admission, are asked to certify a basic level of numeracy, either with an appropriately high score on the Mathematics section of the ACT or SAT exams or by completion of a BYU course.

We then ask that students exhibit a mastery of either mathematics, statistics, music, or a foreign language at an advanced level (the Advanced Language requirement). See the tables on pages 54 and 55 for more information.

Liberal Arts Core

A traditional university education includes introductions to the core or fundamental areas of knowledge. These typically cover the biological and physical sciences and aspects of cultures and civilizations. Here at BYU we also include as part of our core American Heritage, an introduction to the political and economic foundations of the American democratic system, and Wellness, a requirement to assist in developing one's physical and mental well-being.

For every requirement in the core, with the exception of Civilization, there are two pathways to complete the requirement—a one-course option and a multiple-course (two or three) option. The multiple-course options are structured to cover much of the same material that is included in the one-course options but in greater depth.

The options for different core requirements are independent of each other. That is, one may choose the two-course sequence to satisfy the Biological Science core requirement but choose the one-course option for the Physical Science, American Heritage, and Wellness requirements. In general, students will find it most efficient to take the one-course options for a given requirement. However, students in some majors will find that a particular core requirement can be satisfied using the multiple-course pathway with courses they are already taking for their major. Students with career or personal interests outside their major may find that the two-course options better serve their needs. For example, the philosophy or language major who hopes to become a physician may satisfy the Physical and/or Biological Science core requirement by virtue of the science courses required for admission to medical school.

Both the Languages of Learning and the Liberal Arts Core provide for multiple ways to satisfy individual requirements. The number of courses and credit hours needed to satisfy a requirement will vary with the particular option chosen and/or the student's previous preparation. See the table on page 55 for more information.

Arts and Sciences Electives

The Arts and Sciences electives are divided into three categories: Arts and Letters, Natural Sciences, and Social and Behavioral Sciences. These three divisions encompass the spectrum of human endeavors. The objective of elective courses certified to satisfy this requirement is to introduce students in a more focused way than the core courses to specific disciplines or areas of study. Students must take **one** course from **each** of the three areas. Unless the major program dictates a specific course, students are free to select from a large list of approved courses. These courses are certified for approval by a faculty council, and students are encouraged to check a current class schedule for an up-to-date list of approved courses.

Some courses are approved as both Arts and Sciences electives and as one of the two-course sequences for the Liberal Arts Core requirements. The same course cannot be used for both the elective requirement and to partially complete the core requirement.

Because a significant objective of general education is to provide breadth to the student's education, we recommend that elective courses be taken outside the major. However, once a course certified to satisfy an elective is completed, the GE requirement will be considered satisfied. Changes in majors will not affect the student's progress toward completion of the GE program. Nevertheless, the new major may impose additional requirements, such as a particular Advanced Writing course.

Where variable numbers of courses or credit hours are indicated, the effort required to complete the requirement depends upon the student's level of preparation. The complete list of courses currently certified to satisfy a particular requirement and additional details of how to complete the requirements are given in a later section of this class schedule entitled General Education Courses. See the tables on page 56 for more information.

GE and the Honors Program

The Honors Program offers a number of courses that satisfy both GE and Honors requirements. These courses provide a deeper, more intense exposure to the subject matter for the student who is interested in a challenging experience. Additional information concerning these courses may be obtained from the Honors Advisement Center, 102-A MSRB, telephone (801) 422-5497, or by consulting the "University Honors Program Course Guide," available online at <http://ucs.byu.edu/gened/honors/guide>.

Selection and Timing of GE Classes

To gain approval to meet a GE requirement, a course is subjected to a rigorous evaluation. Such approval is not granted lightly, and students should ensure that the courses they select are, in fact, currently approved for GE credit. This information is updated each semester/term and published in the current class schedule.

Although the time to complete GE requirements varies according to the major, all new students are required to complete the First-Year Writing, American Heritage, and two Book of Mormon classes during their freshman year. We recommend that new freshmen complete the first Book of Mormon class and either First-Year Writing or American Heritage their first semester, and the second Book of Mormon class and either First-Year Writing or American Heritage (whichever they have not already completed) their second semester.

Students planning to satisfy the Biological Science, Physical Science, and Precollege Mathematics core requirements with the one-course options (e.g., Biol 100, Phys 100, and Math 110) should also complete these courses during the freshman year. Civilization courses are designed as sophomore-level courses, although some programs include them during the freshman year. Advice as to when to complete the other GE requirements can be obtained at college advisement centers or department offices.

Ways to Complete GE Requirements Other Than by Course Work

In addition to taking approved courses, there are several mechanisms by which students may satisfy the components of the GE program: transferring

acceptable credit from other academic institutions; receiving credit from advanced placement (AP) and International Baccalaureate (IB) examinations or from the College Level Examination Program (CLEP); or passing exemption or challenge examinations at the university.

Transfer Credit

The application of transfer credit to GE requirements is handled by the Transfer Evaluation Office, B-238 ASB, (801) 422-3641. Consortium agreements have been reached with several junior and community colleges to facilitate the transfer process for students who have completed certain associate degrees. Contact the Transfer Evaluation Office for up-to-date information regarding the status of those agreements with a particular junior or community college.

Advanced Placement and International Baccalaureate Credit

The results of some Advanced Placement (AP) and International Baccalaureate (IB) exams may be used to waive certain GE requirements and to obtain general university credit. AP or IB credit posted to a transfer institution will be evaluated upon BYU's standards and not those of the transfer institution. The Academic Advisement Office, B-238 ASB, telephone (801) 422-3641, can be contacted for details regarding credit hours and exemption from GE requirements for both AP and IB exams.

College Level Examination Program

BYU stopped giving credit for general exams in 2000. At this time, BYU does not give credit for subject exams either. CLEP credit posted to another institution's transcript is reevaluated based on BYU's standard.

Exemption and Challenge Examinations

Some requirements can be accomplished by successfully completing an examination. Two types of examinations are available, the exemption exam and the challenge exam. The primary difference between an exemption exam and a challenge exam is that an exemption exam is used exclusively to fulfill a general education requirement. No academic credit or letter grade is posted to the transcript. The challenge exam, however, is not restricted to GE courses, and academic credit and a letter grade may be posted to the transcript, if the student so chooses. *A student may only take an exemption or challenge exam once during each exam period.* Students do not have to be enrolled in a course to take an exemption or challenge exam. However, some of the exams are given early enough each semester/term so that students who are enrolled and pass the exam may drop the course. Students not enrolled in a course have an opportunity to take the challenge or exemption exams offered at

the Testing Center. Please consult the table on page 53 for specific exam dates.

Exemption Exams: No Credit or Grade

Exemption exams are offered for select general education courses only. Although passing an exam completes the GE requirement, it does not earn academic credit or a letter grade and does not appear on the transcript. Exemption exams are given in the Testing Center on the dates shown on the table that follows on page 53. A fee payable at the Testing Center is required for the exams. A passing score on an exemption exam is reflected on the Advisement-by-Computer (ABC) report as fulfilling the requirement. However, no academic credit will be posted on the transcript of grades. The procedure to take an exam and request exemption from a course follows.

Challenge Exams: Graded Credit

Passing a challenge exam earns credit and a letter grade for the course, which appears on the transcript if the student elects to accept the grade. Challenge exams are not restricted to general education courses. Some challenge exams are offered in the Testing Center, and others are arranged through the department offering the course. A fee payable at the Testing Center is charged for exams offered in the Testing Center. A fee payable at the Cashiers' Office in D-155 ASB is required for exams that are offered through individual departments. **Check with the department to see if the exam is offered in the department or in the Testing Center.** To earn academic credit and a letter grade for the course, the student must submit a Challenge Examination Form, provided by the Testing Center or the department, to the Records Office, B-150 ASB. No additional fees are charged to post credits to the transcript. The student's transcript and grade point average reflect the grade earned on the exam. The procedure to take exams and request academic credit follows.

Procedure for Exemption and Challenge Exams Given at the Testing Center

A. Procedure for Exemption Exams

1. Contact the appropriate academic department for exam procedure and content before going to the Testing Center.
2. Go to the Testing Center (265 HGB) on one of the examination dates listed on page 53.
3. Pay the required fee at the Testing Center.
4. If you are enrolled in the course when you pass its exemption exam, you **must** also complete an Add/Drop Card and drop the course. Students who drop the class after the *add deadline* (ten class days after a semester starts or six class days after a term starts) will receive a W on their tran-

script for dropping the course, and their ABC report will reflect fulfillment of the GE requirement. If the exempted course is not *officially* dropped before the drop deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

Note: If you pass an exemption exam at the Testing Center, your ABC Report will be updated automatically at the end of the semester. Please retain your score report for your records.

B. Procedure for Challenge Exams Given at the Testing Center

1. Contact the appropriate academic department for exam procedure and content before going to the Testing Center.
2. Go to the Testing Center (265 HGB) on one of the examination dates listed on this page.
3. Pay the required fee at the Testing Center.
4. After the exam is graded, if you choose to receive graded credit, obtain a Challenge Examination Form at the Testing Center and have it validated there. To accept the grade and receive credit for the course, you must sign the Challenge Examination Form and obtain the signature of the examiner (at the Testing Center). The Testing Center sends the form to the Records Office, B-150 ASB, within one month from the date the exam is taken. Graded credit will be added to your official university transcript, and the ABC Report will show any GE requirement as fulfilled. (Students taking the Physical Science exam may take the grade or an exemption if their score is 75 percent or above. If their score is between 60 and 74 percent, then they may receive graded credit.)
5. If you are enrolled in the course when you pass its challenge exam, you **must** also complete an Add/Drop Card and drop the course. Students who drop the class after the *add deadline* (ten class days after a semester starts or six class days after a term starts) will receive a W on their transcript for dropping the course, and their ABC Report will reflect fulfillment of any GE requirement. If the course is not *officially* dropped before the drop deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

Procedure for Challenge Examinations *Not* Given at the Testing Center

- A. Whether or not you are enrolled in the course you are challenging:

1. Complete the Challenge Examination Form available from the department.
2. Arrange with the department to take the exam.
3. Pay the required testing fee at the Cashiers' Office, D-155 ASB, and have the form validated there (\$20 fee per course except for the language exams).
4. Present the validated form to the department examiner.
5. Have the grade and credit recorded on the form by the examiner and obtain the necessary departmental signatures.
6. The department will submit the completed form to the Records Office, B-150 ASB, within one month from the date the exam is taken.

- B. If you are enrolled in the course when you pass its challenge exam, you **must** also complete an Add/Drop Card and drop the course. Students who drop the class after the *drop deadline* (ten class days after a semester starts or six class days after a term starts) will receive a W on their transcript for dropping the course, and their ABC Report will reflect fulfillment of the GE requirement. If the course is not *officially* dropped, the grade given by the instructor based on class performance will appear on the transcript of grades.

How Do You Get Help with Specific Questions Concerning General Education?

The essential information concerning general education is found in the current BYU Undergraduate Catalog. Additional, late-breaking information, plus advice about general education requirements can be obtained from your college advisement center. The eleven college advisement centers, together with the University Advisement Center, 2500 WSC, provide assistance with registration, graduation requirements, policies and procedures, fields of study, changes of major, and many other aspects of academic life.

Computer terminals are available in the advisement centers and at other locations on campus to provide you with an up-to-date report of your academic status. To assess your Advisement by Computer (ABC) Report, log into Route Y, select the AIM icon, then select the ABC Report link. This will generate a personalized report that includes a list of GE requirements you have completed.

Schedule of Exemption and Challenge Examinations Given in the Testing Center

The Testing Center, 265 HGB, offers special examinations for some GE classes on the dates noted below. Please contact the appropriate academic department for specific exam information before going to the Testing Center.

General Education Program Summary

Note: The courses listed in the tables on pages 54–56 are subject to change each semester. Some classes listed have approval on a trial basis and may be removed from the list at a later date. Please consult a current class schedule each semester/term to ensure that the class you take is still approved for GE. Some requirements can also be satisfied via AP or IB credit. Check with the Academic Advisement Office, B-238 ASB, telephone (801) 378-3641, for the current mapping of AP/IB exams to GE requirements.

Requirement	Options	
LANGUAGES OF LEARNING		
Precollege Math	ACT math subscore of 22 or above; SAT math subscore of 500 or above; or Math 97, 110, 111, 112, 112H, 113, 113H, 119 or higher; or GE 105.	
First-Year Writing	Engl 115, 200, 200H, HonP 200, Phil 105, or Phil 105H.	
Advanced Writing	Prerequisite is First-Year Writing or its equivalent. See the list of approved courses in the current class schedule. Some majors require a specific course. Recommended to be taken during junior year.	
Advanced Languages Four options: Advanced Math, Statistics, Foreign Language, or Advanced Music	Requirement to be satisfied either in mathematics, statistics, one of three music tracks, or a foreign language. See the current class schedule for approved math, statistics, music, and foreign language classes.	
*LIBERAL ARTS CORE (Check with your college advisement center to know which courses you should take.)		
Civilization	One 201 and one 202 course from the approved list in the current class schedule	
Biology	Option A One course: Biol 100, 100H; HonP 260; Mbio 130; or Zool 101 and 102 (counts as one)	Option B One course each from two of the three groups: Group 1: Biol 150, Botny 125 Group 2: Biol 276, Zool 205, 260, 276 Group 3: Mbio 221
Physical Science	One course: PhyS 100, 100H, PhyS 110A and 110B (counts as one); or HonP 259	One course each from two of the three different departments: Chem 101, 105, 111, 111H, 152 Geol 101, 101H, 103, 111, 330 Phscs 101, 105, 121, 127, 127H, 220
American Heritage	One course: AHtg 100, 100H; or HonP 240	One of the following two-course combinations: Hist 220 and PISc 110; or Hist 220 and Econ 110; or PISc 110 and Econ 110; or Hist 221 and PISc 110
Wellness	HEPE 129 or three physical education or dance activity courses (see detailed information on page 55 of this class schedule).	
*ARTS AND SCIENCES ELECTIVES		
Arts and Letters	Choose one course from the approved list (page 56).	
Social and Behavioral Sciences	Choose one course from the approved list (page 56).	
Natural Sciences	Choose one course from the approved list (page 56).	

*Classes in the Liberal Arts Core under Option B cannot be used to satisfy both the Liberal Arts Core and the Natural Sciences or Social and Behavioral Sciences Electives; one course or combination of courses cannot fulfill more than one requirement.

General Education Courses

Languages of Learning, Liberal Arts Core, and Arts and Sciences Electives

The official list of all courses that satisfy GE requirements for spring/summer 2003 follows. In addition, a GE code appears within the class list in this class schedule. The codes identify all GE courses, both required and elective. Definitions of these codes are listed under Class List Codes on page 4.

Requirement	Ways to Satisfy Requirement		Comments or Advice
Precollege Math (Precollege Math is equivalent to algebra 2 in high school or Math 97 at BYU) Note: Math 97 is a non-credit course and requires an extra fee.	(1) If ACT Math subscore is 22 or above or SAT Math subscore is 500 or above, then no college course is required.	(2) Any ONE of the following math courses satisfies the Precollege Math requirement: Math 97, 110; GE 105, a course in quantitative reasoning; or any higher college-level calculus course.	Freshmen: If your ACT Math subscore was 22 or above, you have satisfied this requirement. If your score was 21 or below and the last high school math class you passed was (1) algebra 1 or geometry, take Math 97; if (2) algebra 2, take Math 110 or the Precollege Math exemption exam administered by the BYU Testing Center. If you had a full year of college-preparatory mathematics in high school following a year of algebra 2, you have had the material contained in math 110; to satisfy the Precollege math requirement if your ACT Math subscore was less than 22, then take the exemption exam or a math course from the previous column that repeats the last course you had in high school. If you are uncertain of your preparation, please consult the Mathematics Department, 292 TMCB, (801) 378-2061. Transfer Students: If your ACT Math subscore was 22 or above, you have satisfied this requirement. If not, submit transfer credit equivalent to any of the courses listed in the previous column, or take the exemption exam. Regarding transfer credit, consult Transfer Evaluations, B-238 ASB, (801) 378-3641.
First-Year Writing (One course, to be completed during freshman year)	Engl 115, 200, 200H, HonP 200, Phil 105, 105H		Freshmen: We strongly encourage you to take a First-Year Writing course even if you have received AP credit for English, because the skills taught in these courses are essential to a successful university education.
Advanced Writing (One course or sequence)	ArthC 300; Chem 391; Engl 311, 311H, 312, 312H, 313, 314, 315, 315H, 316, 316H; Germ 340; MCom 320, 320H; Phil 311, 311H; HonP 300; PISc 200 plus one of the following: PISc 400, 410, 430, 450, 470; Hist 200 plus Hist 490.		Completion of the First-Year Writing requirement is a prerequisite for all Advanced Writing courses. Most, but not all, programs recommend completing this requirement in the junior year. Consult your college advisement center.

Students entering with high school, college, or extensive prior experience with a foreign language may be able to enroll directly in a culminating course. Others will require more basic instruction in the language to achieve the level necessary to succeed in the culminating course. The Humanities Publications Center Lab administers placement testing to determine the appropriate level at which students should begin their course work in 3065 JKHB, telephone (801) 378-7428. Grammar or conversation courses will not substitute for a culminating course.
OR			Insufficient enrollment may preclude the offering of a culminating course in a less commonly taught language. In such cases, students may prepare themselves to take an achievement exam at the Humanities Research Center. Following the exam, students may enroll in Anthr 420, where they work with cultural anthropology and linguistics faculty and conduct, in their language of choice, an ethnographic interview project. After completing Anthr 420, students must petition to have the foreign language credit posted to their transcripts. Contact the Humanities Research Center, 3060 JKHB, telephone (801) 378-3511, for additional information.
<ul style="list-style-type: none"> For less commonly taught languages that are not offered as FLang 330R, pass an achievement exam and complete Anthr 420. The achievement exam is administered by the Humanities Research Center, 3060 JKHB, (801) 378-3511. 			<i>Nonnative speakers of English:</i> These students may fulfill the requirement through Engl 230 or 232 or Hum 261 or 262. However, they are encouraged to fulfill the requirement by completing work in a language other than English or their native tongue. These courses cannot be used to satisfy simultaneously the Arts and Letters elective.
Returned Missionaries or others with similar foreign residency should enroll in the 300-level course listed; however, returned missionaries with proficiency in Cantonese, Mandarin Chinese, Japanese, or Korean should enroll in the appropriate 200-level course.

Brigham Young University Honors Program

University Honors is a distinction awarded to all graduates of BYU who have met the honors requirements as described below. This prestigious designation is recorded on the university diploma, on the official transcript of grades, and in the commencement program. It is widely recognized as an indication of exceptional academic achievement. For a more detailed explanation of these requirements, please come to the Honors Advisement Center in 102A Maeser Building (MSRB) or check our Web site at <http://www.byu.edu/honors>.

Participation in Honors

Honors education provides an unusually rich and challenging experience for capable and motivated undergraduate students. Its purpose is to assist students as they establish lifelong patterns of learning and appreciation of the world's great treasures of knowledge. An honors education is not merely a more intensive general education or a more strenuous program in a major. Rather, it provides students with the advantages of an enriched education in a small-class setting with excellent professors, while utilizing all of the advantages of a large university. Students who pursue an honors education at Brigham Young University take honors courses that meet general education requirements and participate in an intensive honors thesis experience in their major.

To graduate from BYU, students must meet not only the requirements of a major department but also the requirements of general education and religion. Most students complete the nonmajor requirements through courses in the general university curriculum. Because all students must complete general education requirements, some required general education classes have high enrollments, and there is little opportunity for students to interact with the professors. The Honors Program invites capable and motivated students to satisfy general education and religion requirements through honors as alternatives to the standard general and religious education programs. Honors courses have small enrollments (usually fewer than 30 students per class) and are focused on class discussion and writing.

Although it is hoped that students will choose to complete all of the requirements for the University Honors designation, those who do not intend to do so are welcome to participate in the Honors Program to whatever extent they choose. All students are invited to consider honors as a way to achieve the kind of academic experiences they seek. Students may register for honors courses at any time during their

undergraduate years without necessarily intending to complete all the honors graduation requirements.

Honors education is open to all students who choose to participate; there is no formal membership in the Honors Program. Students who intend to graduate with University Honors should complete a commitment form that may be obtained from the Honors Advisement Center in 102A MSRB.

Facilities and Opportunities Available to Honors Students

The Honors Program is housed in the historic Maeser Building on the southwest part of campus. This quiet corner of campus is surrounded by beautiful grounds and wooded areas. The building is named after Karl G. Maeser, the first principal of Brigham Young Academy (which preceded Brigham Young University). A bronze statue of Karl G. Maeser stands at the building's east entrance. The Maeser Building was constructed in 1911 and is the oldest building on the current campus. Its marble halls are richly decorated with oak and brass trim. The building was restored in 1985 with modern electrical and ventilation systems, but its historic architecture and decoration were retained.

Facilities for honors students in the Maeser Building include the Honors Reading Room in 150 MSRB, with study tables and a small library of reference works and classics; the Honors Common Room in 102 MSRB, where students can meet for informal discussions; an art gallery in the lower-floor hall; the Honors Advisement Center in 102A MSRB, where students receive counseling about their honors education; and the Martha Jane Knowlton Coray Lecture Hall in 321 MSRB, where classes, lectures, and musical concerts are held.

Students who have committed to graduate with University Honors and are active participants in the Honors Program are eligible for reduced-rate or free admission to selected musical and theatrical performances, some of which include visiting performers of international renown. They also have priority registration privileges for honors courses. The Honors Program sponsors lectures, concerts, symposia, and socials. The students can also participate in intercampus events with honors students from other universities and colleges. Each week, on Thursdays at 11:00 a.m. during fall and winter semesters, the Honors Program sponsors honors lectures featuring a religious or academic presentation by a professor or member of the community. Students are also invited to participate with the Honors Student Advisory Council, a group of student representatives who assist in policy development, social activities, and academic functions of the Honors Program.

Who Should Participate in Honors

The characteristics that best define honors students are motivation and a strong desire to obtain the most from the educational experience that BYU has to offer. Honors students seek breadth in their education by taking honors courses outside their majors. They excel within their majors by learning how to conduct research and scholarly work within their chosen fields. They usually tend to work harder and spend more time on their course work than other students, not because their courses are more difficult but because they take courses that interest them. They attend concerts, plays, films, lectures, and art exhibitions, and they participate in informal discussions with their professors and fellow students. Because many of their classes are small and discussion-oriented, they are personally acquainted with their professors. They become well-rounded, literate, and humane scholars whose faith in the restored gospel is strong. Their thirst for knowledge lasts a lifetime. They are not necessarily those with the highest grade-point averages or the highest standardized test scores, nor do all honors students have scholarships. Approximately 30 percent of the BYU student body participates in honors; to whatever degree students participate, they benefit from an enriched education. The Honors Program invites all BYU students who seek enhancement in their educational experience to take advantage of the many opportunities that the Honors Program offers.

Overview of Requirements for Graduation with University Honors

This section provides a brief overview of the requirements to graduate with University Honors. The staff in the Honors Advisement Center, 102A MSRB, (801) 422-5497, is available to answer questions about honors requirements. To graduate with University Honors, a student must:

1. Commit to graduate with University Honors and consult with an Honors Advisement Center representative once each semester.
2. Complete the honors curriculum requirement.
3. Complete the honors Great Works requirement.
4. Complete the honors Advanced Languages requirement.
5. Complete the honors service requirement.
6. Complete the honors thesis requirement.
7. Graduate with a cumulative grade point average of at least 3.5.
8. Submit a graduation portfolio that summarizes the student's honors experiences.

These requirements for graduation with University Honors are intended to enhance all three components of a student's BYU undergraduate education: major

education, general education, and religious education. The honors curriculum, Great Works, and Advanced Languages requirements enhance the general and religious education components, and the honors thesis requirement enhances the major education component.

Honors Courses

Dates and times for honors courses are listed in the class list of this schedule under Honors (HonP) or by any class with the suffix *H* accompanied by a section number in the 200s.

The "University Honors Program Course Guide" also contains a complete list of honors courses and detailed course descriptions. It is an essential supplement to the current undergraduate catalog and this class schedule. To obtain the course guide or further information about the Honors Program, contact the Honors Advisement Center, 102A MSRB, telephone (801) 422-5497, or refer electronically to <http://www.byu.edu/honors>.

Brigham Young University Academic Standards

Academic Support Office, 2500 WSC, (801) 422-2723

A student's academic standing at BYU is determined according to the grades that the student earns at BYU. The following outline shows the conditions and expectations according to the student's academic standing.

Note: College advisement centers (CACs) may also set registration blocks on students not progressing toward timely graduation. In such cases, students must also meet with their CAC to have this block removed.

ACADEMIC STANDING	UNDER THESE CONDITIONS	EXPECTATIONS
GOOD	When the most recent semester/term GPA and the BYU cumulative GPA are 2.0 or above and the student has <u>not</u> been on Probation standing in the past.	Student continues to maintain a BYU cumulative GPA of 2.0 or higher until graduation.
PREVIOUS	Similar to Good standing but distinguishes students who have been on Probation standing in the past.	Student continues to maintain a BYU cumulative GPA of 2.0 or higher until graduation. The student will go directly to Probation if in the future the student has a semester or term GPA below 2.0.
WARNING <u>Includes</u> a registration block.	When the most recent semester/term GPA is below 2.0 and the student has <u>not</u> been on Probation standing in the past. OR When the most recent semester/term GPA is 2.0 or higher but the BYU cumulative GPA is below 2.0 and the student has <u>not</u> been on Probation standing in the past.	Student is blocked from registrations beyond the subsequent semester/term until the student <u>either</u> submits a complete Faculty/Mentor Support Form to the Academic Support Office by the appropriate deadline <u>or</u> the student earns at least a 2.0 GPA for the subsequent enrollment and has at least a 2.0 cumulative GPA. Students with less than a 2.0 cumulative GPA must submit the Faculty/Mentor Support Form. Note: The Faculty/Mentor Support Form only removes the registration block; it does not change the standing.
PROBATION <u>Includes</u> a registration block.	When the most recent semester/term GPA is below 2.0 and the student was on Warning standing. OR When the most recent semester/term GPA is below 2.0 and the student was on Previous standing. OR When the most recent semester/term GPA is 2.0 or higher but the BYU cumulative GPA is below 2.0 and the student was on Probation standing.	Student is blocked from registrations beyond the subsequent semester/term until the student <u>either</u> submits a complete Faculty/Mentor Support Form to the Academic Support Office by the appropriate deadline <u>or</u> the student earns at least a 2.0 GPA for the subsequent enrollment and has at least a 2.0 cumulative GPA. Students with less than a 2.0 cumulative GPA must submit the Faculty/Mentor Support Form. Students on Probation who earn less than a 2.0 GPA for a semester or term are suspended. Note: The Faculty/Mentor Support Form only removes the registration block; it does not change the standing. Note: If a student is receiving university or federal financial aid, the student must also contact the Financial Aid Office, A-41 ASB, (801) 422-4104. Students on Probation are usually not eligible for financial aid.
SUSPENSION	When the most recent semester/term GPA is below 2.0 and the student was on Probation standing. OR When a student fails to comply with the conditions prescribed by the Academic Standards Committee.	1. A student who is academically suspended from BYU will be dropped immediately from all enrollment in day, evening, or extension classes (except Independent Study). 2. A suspended student is denied enrollment in BYU day, evening, or extension classes (except Independent Study) for a minimum of twelve months. After twelve or more months out of BYU, the student may apply for readmission for winter semester or spring or summer term. If the student completes any college-level work while on Suspension, the student must receive an overall GPA of 3.0 or higher to be allowed readmission to BYU. The student should contact the Admissions Office, A-153 ASB, (801) 422-2507, for details and pertinent information about deadlines for consideration and expectations upon readmission. 3. A student with extenuating circumstances who has appropriate support and justification may appeal the twelve-month period out of BYU through the Academic Standards Committee. The student should contact the Academic Support Office for assistance. No other appeals will be considered. 4. "SUSPENSION FOLLOWING (specific semester/term)" will be noted on the student's official BYU transcript.
DISMISSED	When a student is suspended a second time from the university.	A student who is academically dismissed may not enroll in day, evening, or extension classes (except Independent Study). "DISMISSED FOLLOWING (specific semester/term)" will be noted on the student's official BYU transcript.

Graduate Studies

Brigham Young University offers doctoral and master's degrees in a broad range of fields, as well as professional degrees in law and management. The doctoral degree requires you to demonstrate an impressive scholarly competence, which includes the ability to conduct and report significant research in a highly effective way. Advanced systematic study in a discipline is also essential, and it is followed by comprehensive examinations that require you to integrate and understand the collective knowledge of your discipline. An impeccably written dissertation resulting from independent research is scrutinized and tested in a concluding oral examination. The master's degree also requires advanced course work, demonstrated mastery in vital aspects of a discipline, skill in research methodology and theory, and preparation for future creative work. Nearly all nonprofessional master's programs at Brigham Young University require integrating examinations and a major culminating piece of written work—usually a thesis, sometimes a project—and an oral examination on that work. Professional programs also demand high-level performance of students, blending scholarly insight with technical knowledge and skill.

Admission to Graduate Study

Application to graduate study is made through the Office of Graduate Studies, B-356 ASB, PO Box 21339. Applications can be submitted online at <http://www.byu.edu/gradstudies/admissions/applications/onlineapp.html>. Applying online is strongly encouraged because it requires a shorter and more efficient processing time. Except in a small number of integrated programs, the bachelor's degree is required before you may register in a graduate program. Admission to graduate study is determined by individual departments, once standard university requirements have been met. Applicants are admitted to study in specific programs, many of which are highly selective and admit only a limited number of students each year. If you are a prospective applicant, you should communicate your interest to the specific department(s) to which you wish to apply, and they will forward program and admission information to you.

Advisement of Graduate Students

Once admitted to a department graduate program, you are advised by particular faculty members and the department graduate coordinator rather than through college advisement centers. Direct general questions about university admissions, procedures, and graduation to the Office of Graduate Studies, where advisors work individually with students and departments in admitting students and seeing them through their

programs to graduation. Graduate students should read and regularly consult the current BYU Graduate Catalog for information about university policies and procedures as well as department programs.

Degree Requirements

University minimums require 54 credit hours for the doctoral degree and 30 credit hours for the master's degree. A number of programs, particularly professional programs, require more than those minimums. The highly individual nature of graduate work is reflected in the specialized programs offered by departments and the selection of courses appearing on each student's program of study. Except in professional programs, programs of study are tailored for individual students, and their progress through those courses is tracked by the Office of Graduate Studies and reported to their department three times a year. Students may access their progress report any time on the Web.

Graduate Curriculum

Graduate courses in the university are numbered in the five, six, and seven hundreds. Seniors with exceptional ability may, on occasion, register for courses numbered in the 500 series but should be aware that such courses are taught at a graduate level, and expectations may exceed the undergraduate's preparation. Graduate courses generally require significant research and individual initiative.

Registration Requirements

Given the more intensive nature of graduate study, a normal semester registration is from 9 to 12 credit hours. Some programs limit students to a 6-hour registration. It is the responsibility of each graduate student to understand and follow both the general university requirements for graduate work and the specific department requirements for individual programs.

U.S. graduate students must register for a minimum 6 semester hours per academic year and must be registered for a minimum 2 semester hours in the semester or term in which they are (a) admitted into a graduate program or (b) plan to graduate. No D, E, UW, NS, or I grades; audits; or correspondence courses may count toward these totals or toward a graduate degree.

Immigration regulations require international students to register for at least 9 semester hours each fall and winter semester until they have fewer than 9 credit hours remaining to finish their programs. Then they must register for at least 2 semester hours and receive clearance from International Services, 1351 WSC, PO Box 25520.

Academic Standards

Grade Point Average (GPA) Requirements

Graduate students whose graduate program of study GPA falls below 3.0 (prerequisite and skill courses are exempted) will not be allowed to graduate and may be dismissed from their graduate programs. No D credit may apply toward a graduate degree.

Annual Reviews of Graduate Students

Departments are asked to make a formal evaluation of the performance of graduate students at least once a year; some evaluate more frequently. Each department establishes its own evaluation criteria and the standards it requires graduate students to meet, but generally evaluations are based on students' total academic performance, their fulfillment of program requirements (program of study submitted, courses completed on schedule, prospectus approved by department, student advanced to candidacy), and their professional performance (including quality of teaching and research).

Enrollment Verification

Graduate students may request verification of their enrollment status as full-time or part-time students, for loans or for other purposes, from the Records Office, B-150 ASB, PO Box 21114, telephone (801) 422-2631. Registration for a minimum 8.5 credit hours constitutes full-time enrollment in a semester, and 4.5 credit hours does so in a term. Registration for fewer hours constitutes part-time enrollment.

Graduate students (master's and doctoral students) who are enrolled for at least 2 hours per semester or 1 hour per term, and who can be certified by their department as being engaged full-time in pursuit of their degrees, can petition for graduate full-time status. Requests for such an exception should be directed to the Office of Graduate Studies.

Campus Privileges for Graduate Students

Graduate students who are registered for at least 2 hours per semester or 1 hour per term receive a university (ID) activity card and are eligible for all on-campus privileges afforded students who are registered full-time, i.e., on-campus employment, student housing, student insurance, intramurals, use of physical education facilities, graduate parking permits, and discount admission to sporting and cultural events.

Changing Degree Levels

With department approval, students may change from one degree level to another within a department and without interruption of enrollment. Request the change by submitting to the Office of Graduate Studies a Request to Change Degree Level (Form 1c), paying the application fee, and following the instructions on the back of the form. After receiving a department's recommendation to approve or deny the request, the Office of Graduate Studies will officially notify you.

Changing Departments

To change departments, you must submit another complete application, including another application fee, by the required deadline for the new program.

Discontinuance from BYU

Graduate students who wish to withdraw from the university must initiate that process at the Discontinuance Office, B-150 ASB, telephone (801) 422-7705.

Termination of Graduate Status

Termination of graduate status may result if you:

1. Fail to fulfill the university's minimum registration requirement.
2. Fail to meet the degree time limit.
3. Make a request to withdraw (with the intent to pursue a degree at another university, for personal reasons, or in response to department recommendation).
4. Receive a Marginal or Unsatisfactory rating in a periodic review by the academic department and are unable or unwilling to comply with conditions for continuance outlined by the department.
5. Fail to make what the department or the university deems to be satisfactory progress toward a graduate degree.
6. Fail the departmental comprehensive examination.
7. Fail the final oral examination (defense of dissertation, thesis, or project).
8. Violate the university's Honor Code.

Church Educational System Honor Code

Brigham Young University, Brigham Young University—Hawaii, Brigham Young University—Idaho, and LDS Business College exist to provide an education in an atmosphere consistent with the ideals and principles of The Church of Jesus Christ of Latter-day Saints. That atmosphere is created and preserved through commitment to conduct that reflects those ideals and principles. Members of the faculty, administration, staff, and student body at BYU, BYU—H, BYU—I, and LDSBC are selected and retained from among those who voluntarily live the principles of the gospel of Jesus Christ. Observance of such is a specific condition of employment and admission. Those individuals who are not members of The Church of Jesus Christ of Latter-day Saints are also expected to maintain the same standards of conduct, except church attendance. All who represent BYU, BYU—H, BYU—I, and LDSBC are to maintain the highest standards of honor, integrity, morality, and consideration of others in personal behavior. By accepting appointment on the faculty, continuing in employment, or continuing class enrollment, individuals evidence their commitment to observe the Honor Code standards approved by the Board of Trustees “at all times and . . . in all places” (Mosiah 18:9).

Honor Code Statement

We believe in being honest, true, chaste, benevolent, virtuous, and in doing good to all men. . . . If there is anything virtuous, lovely, or of good report or praiseworthy, we seek after these things.
—THIRTEENTH ARTICLE OF FAITH

As a matter of personal commitment, faculty, administration, staff, and students of Brigham Young University, Brigham Young University—Hawaii, Brigham Young University—Idaho, and LDS Business College seek to demonstrate in daily living on and off campus those moral virtues encompassed in the gospel of Jesus Christ, and will

Be honest
Live a chaste and virtuous life
Obey the law and all campus policies
Use clean language
Respect others
Abstain from alcoholic beverages, tobacco, tea, coffee, and substance abuse
Participate regularly in church services
Observe the Dress and Grooming Standards
Encourage others in their commitment to comply with the BYU Honor Code.

Specific policies embodied in the Honor Code include (1) the Academic Honesty Policy, (2) the Dress and

Grooming Standards, (3) the Residential Living Standards, and (4) the Continuing Student Ecclesiastical Endorsement. (Refer to institutional policies for more detailed information.)

Academic Honesty Policy

The first injunction of the BYU Honor Code is the call to “be honest.” Students come to the university not only to improve their minds, gain knowledge, and develop skills that will assist them in their life’s work, but also to build character. “President David O. McKay taught that character is the highest aim of education” (The Aims of a BYU Education, p. 6). It is the purpose of the BYU Academic Honesty Policy to assist in fulfilling that aim.

BYU students should seek to be totally honest in their dealings with others. They should complete their own work and be evaluated based upon that work. They should avoid academic dishonesty and misconduct in all its forms, including but not limited to the following: plagiarism, fabrication or falsification, cheating, and other academic misconduct.

Plagiarism

Intentional plagiarism is a form of intellectual theft that violates widely recognized principles of academic integrity as well as the Honor Code. Such plagiarism may subject the student to appropriate disciplinary action administered through the university Honor Code Office, in addition to academic sanctions that may be applied by an instructor. Inadvertent plagiarism, although not in violation of the Honor Code, is nevertheless a form of intellectual carelessness that is unacceptable in the academic community. Plagiarism of any kind is completely contrary to the established practices of higher education, where all members of the university are expected to acknowledge the original intellectual work of others that is included in one’s own work. In some cases, plagiarism may also involve violations of copyright law.

Intentional Plagiarism

Intentional plagiarism is the deliberate act of representing the words, ideas, or data of another as one’s own without providing proper attribution to the author through quotation, reference, or footnote.

Inadvertent Plagiarism

Inadvertent plagiarism involves the inappropriate, but nondeliberate, use of another’s words, ideas, or data without proper attribution. Inadvertent plagiarism usually results from an ignorant failure to follow established rules for documenting sources or from simply being insufficiently careful in research and writing. Although not a violation of the Honor Code, inadvertent plagiarism is a form of academic misconduct for

which an instructor can impose appropriate academic sanctions. Students who are in doubt as to whether they are providing proper attribution have the responsibility to consult with their instructor and obtain guidance.

Examples of Plagiarism

Direct Plagiarism—The verbatim copying of an original source without acknowledging the source.

Paraphrased Plagiarism—The paraphrasing, without acknowledgment, of ideas from another that the reader might mistake for your own.

Plagiarism Mosaic—The borrowing of words, ideas, or data from an original source and blending this original material with one’s own without acknowledging the source.

Insufficient Acknowledgment—The partial or incomplete attribution of words, ideas, or data from an original source.

Plagiarism may occur with respect to unpublished as well as published material. Acts of copying another student’s work and submitting it as one’s own individual work without proper attribution is a serious form of plagiarism.

Fabrication or Falsification

Fabrication or falsification is a form of dishonesty where a student invents or distorts the origin or content of information used as authority. Examples include

1. Citing a source that does not exist.
2. Attributing ideas and information to a source that are not included in the source.
3. Citing a source for a proposition that it does not support.
4. Citing a source in a bibliography when the source was neither consulted nor cited in the body of the paper.
5. Intentionally distorting the meaning or applicability of data.
6. Inventing data or statistical results to support conclusions.

Cheating

Cheating is a form of dishonesty where a student attempts to give the appearance of a level of knowledge or skill that the student has not obtained.

Examples include

1. Copying from another person’s work during an examination or while completing an assignment.
2. Allowing someone to copy from you during an examination or while completing an assignment.
3. Using unauthorized materials during an examination or while completing an assignment.

4. Collaborating on an examination or assignment without authorization.
5. Taking an examination or completing an assignment for another, or permitting another to take an examination or to complete an assignment for you.

Other Academic Misconduct

Academic misconduct includes other academically dishonest, deceitful, or other inappropriate acts that are intentionally committed. Examples of such acts include but are not limited to

1. Inappropriately providing or receiving information or academic works so as to gain unfair advantage over others.
2. Planning with another to commit any act of academic dishonesty.
3. Attempting to gain an unfair academic advantage for oneself or another by bribery or by any act of offering, giving, receiving, or soliciting anything of value to another for such purpose.
4. Changing or altering grades or other official educational records.
5. Obtaining or providing to another an unadministered test or answers to an unadministered test.
6. Breaking and entering into a building or office for the purpose of obtaining an unauthorized test.
7. Continuing work on an examination or assignment after the allocated time has elapsed.
8. Submitting the same work for more than one class without disclosure and approval.

Procedures for Handling Incidents of Academic Dishonesty or Other Academic Misconduct

Faculty are responsible to establish and communicate to students their expectations of behavior with respect to academic honesty and the student’s conduct in the course. Responsible instructors will investigate these incidents, determine the facts, and take appropriate action. Finally, the instructor should notify the Honor Code Office of the final disposition of the incident as a means of encouraging behavior change and discouraging repeat violations. If the incident of academic dishonesty involves the violation of a public law, e.g., breaking and entering into an office or stealing an examination, the act should also be reported to University Police. If an affected student disagrees with the determination or action and is unable to resolve the matter to the mutual satisfaction of the student and the instructor, the student may have the matter reviewed through the university’s grievance process (Student Academic Grievance Procedure).

Applicable Actions for Academic Dishonesty

A wide range of possible actions exists for cases of academic dishonesty. Instructors should take actions that are fair and equitable under the circumstances and should attempt to reach an understanding with the affected student on the imposition of an appropriate action. In some cases, the department, the college, or the university may also take actions independent of the instructor. Examples of possible actions include but are not limited to the following:

For instructors, programs, departments, and colleges:

- Reprimanding the student orally or in writing.
- Requiring work affected by the academic dishonesty to be redone.
- Administering a lower or failing grade on the affected assignment, test, or course.
- Removing the student from the course.
- Recommending probation, suspension, or dismissal.

For the university:

The university may elect to place an affected student on probation or to suspend or dismiss the student, and to place a temporary or permanent notation on the student's permanent academic transcript that he or she was suspended or dismissed due to academic misconduct.

The university may report an incident of academic misconduct to appropriate law enforcement officials and may prosecute an affected student if the act in question involves the commission of a crime (e.g., breaking into an office or building, stealing an examination, etc.).

Honor Code Office Involvement

The Honor Code Office will maintain a record of all violations of the Academic Honesty Policy reported to it by the faculty. If the occurrence is sufficiently egregious or if a pattern of dishonesty or misconduct is discovered, the Honor Code Office may take additional action on behalf of the university based upon the nature of the infraction(s). The Honor Code Office, in consultation with the involved academic personnel, including the associate academic vice president over undergraduate studies, may determine to place a student on probation or to recommend that a student be suspended or dismissed for academic dishonesty and other forms of academic misconduct.

Shared Responsibility Policy Statement

Students are responsible not only to adhere to the Honor Code requirement to be honest but also to assist other students in fulfilling their commitment to be honest.

Faculty Academic Integrity

The substantive standards of academic honesty stated in this policy apply *a fortiori* to faculty. Indeed, all members of the BYU community are expected to act according to the highest principles of academic integrity.

Sources

A large number of publications and policies of colleges and universities were reviewed in creating BYU's Academic Honesty Policy. Some of the content and structure of this policy were adapted from the following sources:

1. "Academic Honesty," a brochure produced by the Office of Judicial Affairs, University of Florida.
2. "Academic Honesty and Dishonesty," a brochure produced by the Office of the Dean of Students, University of Delaware.
3. "Academic Honesty and Dishonesty," a brochure produced by the Dean of Students' Office, Louisiana State University.

Dress and Grooming Standards

The dress and grooming of both men and women should always be modest, neat, and clean, consistent with the dignity adherent to representing The Church of Jesus Christ of Latter-day Saints and any of its institutions of higher education.

Modesty and cleanliness are important values that reflect personal dignity and integrity, through which students, staff, and faculty represent the principles and standards of the Church. Members of the BYU community commit themselves to observe the following standards, which reflect the direction of the BYU Board of Trustees and the Church publication *For the Strength of Youth*. These guiding principles apply at all CES institutions of higher education. The application of these principles may vary slightly at the various institutions in accordance with local conditions and circumstances. (See separate institutional policies

for more specific details on dress and grooming standards.) The Dress and Grooming Standards are as follows:

Men. A clean and well-cared-for appearance should be maintained. Clothing is inappropriate when it is sleeveless, revealing, or form fitting. Shorts must be knee-length or longer. Hairstyles should be clean and neat, avoiding extreme styles or colors, and trimmed above the collar, leaving the ear uncovered. Sideburns should not extend below the earlobe or onto the cheek. If worn, moustaches should be neatly trimmed and may not extend beyond or below the corners of the mouth. Men are expected to be clean-shaven; beards are not acceptable. Earrings and other body piercing are not acceptable. Shoes should be worn in all public campus areas.

Women. A clean and well-cared-for appearance should be maintained. Clothing is inappropriate when it is sleeveless, strapless, backless, or revealing; has slits above the knee; or is form fitting. Dresses, skirts, and shorts must be knee-length or longer. Hairstyles should be clean and neat, avoiding extremes in styles or colors. Excessive ear piercing (more than one per ear) and all other body piercing are not acceptable. Shoes should be worn in all public campus areas.

Residential Living Standards

As stated in its Code of Honor, Brigham Young University is committed to providing a learning atmosphere consistent with the principles of the Church. The university is likewise committed to creating such an atmosphere for students residing on and off campus. To achieve this, BYU has established living standards to help students learn some of the high ideals and principles of behavior expected at Brigham Young University. The university requires all students to adhere to the following applicable standards:

On-Campus Visiting Hours

Deseret Towers and Helaman Halls

Visitors of the opposite sex are permitted in the lobbies but not in the bedroom area, except during an established open house or home evening time, at which times room doors must remain open. Lobby visiting hours begin after 8:00 a.m. and extend until 12:00 midnight, Monday through Thursday and Saturday. On Friday night, lobby visiting hours extend until 1:30 a.m. Sunday visiting hours begin after noon and extend until midnight.

Heritage Halls

Visitors of the opposite sex are permitted in the lobbies and apartment kitchens but not in bedrooms or bathrooms. Lobby visiting hours are from 8:00 a.m. to 12:00 midnight, Saturday through Thursday, and extend until 1:30 a.m. on Fridays. Apartment visiting hours are from 10:00 a.m. to 11:00 p.m. Sunday

through Thursday and extend until 12:00 midnight on Friday and Saturday.

Off-Campus Visiting Hours

Visitors of the opposite sex are permitted in living rooms and kitchens but not in the bedrooms in off-campus living units. The use of the bathroom area by members of the opposite sex is not appropriate unless emergency or civility dictate otherwise—and then only if the safety, privacy, and sensitivity of other residents are not jeopardized. Visiting hours may begin at 9:00 a.m. and may extend until 12:00 midnight. Friday night visiting hours may extend until 1:30 a.m. Landlords may establish a shorter visiting period if proper notice is given to residents. This policy applies to all housing units occupied by single students.

Conduct

All students shall be required to conduct themselves in a manner consistent with the principles of The Church of Jesus Christ of Latter-day Saints and the BYU Honor Code. Furthermore, all students are required to abstain from possessing, serving, or consuming alcoholic beverages, tobacco, tea, coffee, or harmful drugs. Involvement with gambling; pornographic, erotic, or indecent material; disorderly, obscene, or indecent conduct or expressions; or with other offensive materials, expressions, or conduct or disruption of the peace that, in the sole discretion and judgment of the university, is inconsistent with the principles of the Church and the BYU Honor Code is not permitted in student housing. All guests of students must comply with the Residential Living Standards while on the premises of university-approved housing. All students are required to know the dress and grooming standards and abide by them.

Continuing Student Ecclesiastical Endorsement

All enrolled continuing undergraduate, graduate, intern, and study abroad students are required to obtain a Continuing Student Ecclesiastical Endorsement for each new academic year. Students must have their endorsements completed, turned in, and processed by the Honor Code Office before they can register for fall semester or any semester thereafter. To avoid registration delays, endorsements should be submitted to the Honor Code Office by March 15.

LDS students may be endorsed only by the bishop of the ward (1) in which they live and (2) that holds their current Church membership record.

Non-LDS students are to be endorsed by (1) the local ecclesiastical leader if the student is an active member of the congregation, (2) the bishop of the LDS ward in which they currently reside, or (3) the nondenominational BYU chaplain.

Honor Code Requirements

Whether on or off campus or between semesters, all students are expected to abide by the Honor Code, which includes: the Academic Honesty Policy, the Dress and Grooming Standards, and the Residential Living Standards. Students are required to be in good Honor Code standing to graduate.

LDS students must fulfill their duty in The Church of Jesus Christ of Latter-day Saints, attend Church meetings, and abide by the rules and standards of the Church on and off campus.

Students who are not members of The Church of Jesus Christ of Latter-day Saints are also expected to maintain the same standard of conduct. They are encouraged to participate in services of their preferred religion.

Withdrawn Ecclesiastical Endorsement

A student's endorsement may be withdrawn at any time if the ecclesiastical leader determines that the student is no longer eligible for the endorsement. Students without endorsements, except in unusual circumstances, must discontinue enrollment. Excommunication, disfellowshipment, or disaffiliation from The Church of Jesus Christ of Latter-day Saints results in the withdrawal of the student's endorsement. The decision to withdraw an endorsement may be appealed through the appropriate ecclesiastical channels and then, if appropriate, through a university review process via the Honor Code Office.

How Forms Are Obtained

Students are responsible for obtaining their own Continuing Student Ecclesiastical Endorsement Forms. Forms are available at campus information desks, at college advisement centers, from bishops of BYU wards, from the Honor Code Office in 4440 WSC, or online at www.byu.edu/honorcode/

For additional information regarding any aspect of the Honor Code or Continuing Student Ecclesiastical Endorsements, please visit www.byu.edu/honorcode or contact the Honor Code Office at 4440 WSC, (801) 422-2847.

University Policies

Nondiscrimination Statement

Admission to Brigham Young University is nondiscriminatory. The university admits qualified persons regardless of race, color, national origin, religion, age, gender, veteran status, or disability who meet university and academic requirements and agree to abide by the university's standards of conduct and behavior.

Persons who believe they have been unlawfully discriminated against or sexually harassed should contact the Equal Opportunity Office at (801) 422-5895 during office hours (8 a.m.–5 p.m. weekdays) or at (801) 367-5689 after hours.

University Accessibility Center

The purpose of this office is to assure that students with disabilities are provided access to university programs and information. A variety of services and extensive information are available. Students who have attention, emotional, learning, chronic health, or physical disabilities are encouraged to contact the center to assist in coordinating appropriate academic accommodations for classes or university-sponsored programs. For assistance contact 1520 WSC, (801) 422-2767 v/tty, or www.byu.edu/stlife/campuslife/.

Confidentiality of Records Policy

The Family Educational Rights and Privacy Act of 1974 (FERPA) controls access to student education records. Brigham Young University will make a reasonable effort to extend to eligible students and their parents the rights granted by the act. On presentation of appropriate identification and under circumstances that prevent alteration or mutilation of records, a student will be able to inspect all education records not considered by the university to be held under a pledge of confidentiality or considered to be private records of university personnel. Those with legitimate access to the records will be charged a reasonable fee for copies.

A student is entitled to an explanation of any recorded data and may initiate action pursuant to university policy through the Exception to University Policy Committee, if necessary, to correct or expunge information he or she considers inaccurate or misleading.

Faculty and administrative officers who have a legitimate need to use a student's education records will be allowed access to such records as needed without prior permission from the student. A request from an educational institution to which a student has applied for admission or from a lending institution from which a student is seeking financial aid will be granted without a student's permission. In addition, statistical data may be furnished to university accrediting bodies and governmental officials without a student's permission.

No personally identifiable information contained in a student's educational records, other than directory information, will be given to any third party, except as authorized by the act, without the student's written consent, and then only those records that are accessible to the student. The term *third party* is construed to include parents, spouse, employers, government agencies, or any other people or organizations.

Parents or guardians may have access to grade reports and other reports of a student's activity if they establish to the satisfaction of the university that the student is dependent, for income tax purposes, on the parents or guardians for their support.

Court orders and subpoenas for records will be referred to the university's legal counsel and acted on according to the counsel's directions. The university will make a reasonable attempt to notify the student when nondirectory information is released in response to subpoenas or court orders.

Any eligible student or parent who believes that BYU has violated FERPA may file a complaint with the Family Educational Rights and Privacy Act Office, Department of Education, Washington, D.C.

Directory information (i.e., information contained in the educational record of a student that would not generally be considered harmful or an invasion of privacy if disclosed) will be released to news media and to others on request. Directory information includes the following:

Name
Addresses and phone numbers
E-mail address
Month, date, and place of birth
Names of parents or spouse
Major and minor fields of study
Participation in officially recognized activities and sports
Weight and height of members of athletic teams
Current class schedule
Pictures
Dates of attendance (current and past)
Number of months/semesters enrolled
Class standing (freshman, sophomore, etc.)
Total hours earned
Enrollment status (full-time, part-time, less than half-time)
Degrees and awards received
Previous educational institutions attended
Anticipated future enrollments
Course registrations prior to the beginning of a semester or term
Expected date of graduation
Deferred registration eligibility
Religious affiliation to a student's local church or congregation

Students have the right, however, to refuse to permit the designation or disclosure of the above directory information. In that case, this information will not be disclosed except with the consent of the student or as otherwise allowed by FERPA. Any student wishing to restrict the release of directory information must file a written notification with the Registrar's Office, B-150 ASB, PO Box 21114, on or before the tenth day of a semester or the sixth day of a term. Forms for this purpose will be made available at that office upon request.

Student Classification for Undergraduates

At the beginning of each semester, undergraduate students are classified for that semester as follows:

0–29.9	Freshman
30–59.9	Sophomore
60–89.9	Junior
90 and over	Senior

Engineering students having more than 120 semester hours are classified as fifth-year professional students.

Class Attendance Policy

You are expected to attend classes for which you are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. Officially excused absences are required only when you are away representing the university on official business. All officially excused absences must be approved through the dean of students.

Faculty should tell you what relationship attendance has to your final grade for the course, but you must take the responsibility for your actions. It is not necessary for the instructor to report absences to the office of the dean of students unless he or she has knowledge of an accident or illness that is causing the absence. Notification to teachers of emergency absences (death in the family, serious illness, etc.) is your responsibility.

Repeating Classes

Effective fall semester 2003, the university may impose an additional fee for courses repeated during a fall or winter semester. To have a previously completed course marked *repeated*, the new course must be equal or greater in credit hours.

When a class has been repeated, the credit used in computing the grade point average is the grade and credit hours earned the last time the repeated class was taken.

You may repeat classes in the following ways:

1. Repeat Brigham Young University courses at Brigham Young University (except for R-suffix courses—see Abbreviations and Symbols in the Using This Catalog section of the current BYU Undergraduate Catalog).
2. Repeat at Brigham Young University courses initially taken at another university. (A statement of equivalency must be supplied by the appropriate BYU department chair.)
3. Repeat at another institution courses taken there and have the credit transferred to Brigham Young University.

Note: A course repeated at an institution other than the one at which it was taken originally and other than at BYU will not be counted as a repeat.

The I (Incomplete) Grade

The letter grade I (incomplete) is given on a contractual basis with the instructor to students who are eligible to complete the work in a prescribed time period. An incomplete is only given when extenuating circumstances (serious illness, death in the immediate family, etc.) occur after the twelfth week of a semester or the sixth week of a term (nonacademic emergency deadline). The Incomplete Grade Contract must be completed and signed by the instructor and the fee must be paid before the instructor's submission of the official grade roll at the end of the semester or term. A copy of the Incomplete Grade Contract must accompany the grade roll. If the contract is not attached to the roll, the grade will be changed to an E.

An incomplete is never given when one is failing or has failed the course. The instructor should indicate a specific length of time in which to complete the incomplete, not to exceed one year. Class attendance in a subsequent semester or reregistration is not permitted to make up the incomplete. Once the work has been completed, the instructor should fill out the portion of the Incomplete Grade Contract that indicates the grade earned and submit the form to the Records Office, B-150 ASB, PO Box 21114.

In designating the time, both the student and instructor should be aware that the "I" grade is calculated as a neutral grade for only four months after the "I" grade is posted. If the work is not completed and the new grade submitted by the instructor within four months, the "I" grade will be changed to an "IE" (the "IE" is calculated as a failing grade). The "IE" grade will be changed if the course work is completed within the contract deadline and the official grade is submitted by the instructor.

Changing College or Major

Undergraduate students who desire to transfer from one major to another, or from one college to another, should go to the advisement center of their new major, fill out a Change of Major Form, and have it signed. Graduate students who want to change departments or degree levels should check with the Office of Graduate Studies for information and necessary forms.

Discontinuance from BYU

A daytime student is not officially withdrawn from the university unless the student has completed the discontinuance process in the Discontinuance Office, B-150 ASB. The nonacademic emergency deadline, June 3 for spring term and July 29 for summer term, is the last day a student can discontinue. (See the University Calendar on page 48 for additional discontinuance deadlines.)

If you find it necessary to withdraw from all your classes, you must do the following:

1. Complete discontinuance forms available from the Discontinuance Office, B-150 ASB, telephone (801) 422-7705.
2. Obtain instructor and clearance signatures if necessary. Beginning the sixth week of the semester or the third week of the term, you become responsible for class grades. Signatures must be obtained from the individual instructors, who indicate your academic status.
3. Submit completed forms and sign out with a member of the Discontinuance Office staff.
4. See the Tuition and Fees section for discontinuance refund information.

When you have discontinued, your student ID will be electronically voided.

Students enrolled through the Evening Classes Office should discontinue in that office, 122 HCEB. Law School students must initiate their discontinuance through the office of the Law School dean, 348 JRCB.

Students who leave the university under emergency conditions and do not return still have the responsibility to discontinue before the deadline. Initiate official termination by contacting the Discontinuance Office as soon as possible.

Continuing BYU students who interrupt their studies for one semester (fall or winter) only or who serve an LDS mission may request an admission deferment during their absence from the university. Telephone the Admissions Office, (801) 422-2507, for more information. Other students who interrupt their studies should contact the Admissions Office for the appropriate reapplication materials.

University Devotionals, Firesides, and Forums

University devotionals and forums, held throughout the year on Tuesdays at 11:05 a.m., form an inspirational and integrative part of the university experience. These assemblies are occasions to celebrate the shared sense of values and community in the university. Participation in these gatherings renews spiritual commitment and extend knowledge of significant religious, intellectual, and cultural matters.

Devotional speakers, selected from the General Authorities and other leaders of the Church and university, come to teach the gospel and affirm the spiritual dimension of the university experience for students, faculty, and staff. An additional opportunity is provided by regular Church Educational System firesides, usually held on the first Sunday of the month.

Forum speakers are noted authorities in the arts, sciences, humanities, media, and government. They are chosen for their contributions to their field and their ability to communicate their insights. Participation in these assemblies (and in the discussion sessions that may accompany them) prompts inquiry into and understanding of significant intellectual, cultural, and social issues.

Most campus offices and services are closed during university assemblies so that members of the university community may participate.

How to Obtain a Fall 2003 Class Schedule

Newly admitted students are sent a free copy of the current class schedule for the semester or term to which they are admitted. For every enrollment thereafter, a student must purchase a copy.

Class schedules can be purchased at the BYU Bookstore or from the BYU Registration Office for \$1.50 each. To receive the current class schedule by mail, contact BYU Mail Services, 296 UPB, Provo, UT 84602-1930, or telephone (801) 378-3658. VISA, MasterCard, check, or money order is accepted in payment (postage rates subject to change). You may access the class schedule on the internet at www.byu.edu.

Just a reminder—you must register for classes in the term or semester for which you are admitted (i.e., spring 2003 or summer 2003) or you will not be permitted to attend fall semester 2003.
