

2009 APPLICATION PROCEDURE FOR A F1 SUPERLICENCE

10.1. A super licence is required for Formula 1 together with the NA international licence. No other membership is required.

10.2. A driver who exceeds 50 years of age in the season for which he is applying for a Superlicence, must produce two satisfactory medical certificates ; one from his own personal doctor, and the other from a doctor approved by the UIM.

10.3. The nationality of a driver is the nationality of the N.A. which issued the international racing licence to the driver. Medical and immersion tests can be done in other countries if the issuing N.A. agrees. The flag is the one of the issuing N.A. of the international licence as above. The request for the U.I.M. Superlicence must come from the N.A. which issues the international racing licence.

10.4. Drivers must hold a U.I.M. superlicence before entry will be accepted.

10.5. Any new driver must be vetted during practice by the two U.I.M. Commissioners and the Formula 1 drivers representative to the U.I.M.

10.6. To obtain a superlicence, a driver must have participated in 6 circuit races using a catamaran type hull (750cc minimum) or a hydrocat (500cc). Definition of a race during a race weekend, even if several heats are taking place, is that the race weekend with all heats or races is counting for one race only. The National Authorities are fully liable for the sports c.v. they submit for their drivers. The full race results of each race must be supplied since the drivers must have done at least 6 races with 70 % of the total distance of each race event.

The superlicence is provisional for the first 10 races and can be withdrawn at any time during the first 10 races by a committee composed by the OOD, the permanent Formula 1 Commissioner and the Drivers representative. When a provisional superlicence is withdrawn, re-application can only take place for the next season. The decision on all matters concerning superlicenses is final and cannot be protested or appealed.

10.7. The application for a superlicence must be made by the National Authority of the driver concerned and lodged with the U.I.M. 4 weeks before the first event the driver wants to participate in. The superlicence fee of 120 Euro will be doubled for applications received beyond the 4 weeks deadline.

The application must be accompanied by:

- The sports career of the driver, mentioning the results obtained in the qualifying events
 - A U.I.M. medical document, as per appendix to these rules, giving the information required by the U.I.M. rules 205.03 / 205.04 / 205.04.1
