General instructions

Purpose of schedule

In general, the tax on Form 37-S (Short Form) is calculated by multiplying the federal income tax liability by the tax rate of 14%. However, all nonresident filers and those resident filers having an allowable adjustment on Form 37-S must adjust the federal income tax liability before applying the tax rate. This schedule must be used to calculate the adjusted federal income tax liability and the North Dakota tax on it.

Who must complete this schedule

If you use Form 37-S, you must complete this schedule if:

- You are a resident who has an allowable adjustment on Form 37-S. See Resident filer on this page for a list of the allowable adjustments; or
- You are a nonresident. All nonresident filers must complete this schedule regardless of their situation. See Nonresident filer on this page for the instructions applicable to a nonresident filer.

If you are required to complete this schedule, attach it to Form 37-S.

Resident filer

If you checked the "Resident" filing category at the top of Form 37-S, complete this schedule if your federal adjusted gross income includes any of the items listed below. If none of them apply, do not complete this schedule and do not attach it to your return. See the specific line instructions for an explanation of each adjustment.

- Interest from U.S. obligations (see line 3)
- Exempt income of a Native American (see line 5)
- Benefits from the U.S. Railroad Retirement Board (see line 6)
- Income or loss from a partnership, S corporation or other pass-through entity subject to North Dakota's financial institution tax (see line 7)
- Income exempted under North Dakota's Renaissance Zone Act (see line 8)

Nonresident filer

If you checked the "Nonresident" filing category at the top of Form 37-S, you must complete this schedule. On line 4 of this schedule, enter the portion of your federal adjusted gross income that is not subject to North Dakota tax. You must complete Schedule NR to determine this amount.

Attach Schedule NR to your return.

In addition to the adjustment on line 4, if the portion of your federal adjusted gross income reportable to North Dakota includes any of the items on lines 7 and 8, complete the applicable line(s).

Important: Lines 3, 5 and 6 do not apply to a nonresident filer. For a nonresident filer, income from the sources described on those lines must be included in the amount entered on line 4 (as determined on Schedule NR).

Specific line instructions

Line 3 Interest from U.S. obligations (Resident filer only)

Enter on this line interest from U.S. obligations, such as U.S. savings bonds and U.S. Treasury bills and notes. Also enter interest from other federal securities that federal law specifically exempts from state income tax. The portion of dividend income derived from a mutual fund that is attributable to the fund's investment in the same kinds of securities may also be entered on this line.

Specific line instructions continued

You must attach a statement to your North Dakota return identifying the specific securities from which you derived the interest amount entered on this line. A reference to "U.S. obligations" or other general description is not sufficient. This statement is not required if the required information is shown on the copy of your federal income tax return that you attach to your North Dakota return.

See page 9 of the individual income tax instruction booklet for a list of the more common sources of exempt and non-exempt interest.

Line 4 Nonresident's non-North Dakota income (loss) (Nonresident filer only)

If you checked the "Nonresident" filing category at the top of Form 37-S, you must complete Schedule NR to determine the amount to enter on this line.

Attach Schedule NR to your return.

Carefully read the instructions at the bottom of Schedule NR before completing this line. Special rules apply in the case where a nonresident's out-of-state losses exceed out-of-state income.

Line 5 Native American's exempt income (Resident filer only)

If you are a Native American, enter on this line the portion of your federal adjusted gross income that is exempt from North Dakota income tax. Your income is exempt from North Dakota income tax if:

- You are enrolled as a member of a federally-recognized Indian tribe;
- You live on the Indian reservation where enrolled; and
- Your income is derived from sources on the Indian reservation where enrolled.
 This means you work on that reservation, or your business or incomeproducing property is located on that reservation.

If any of the above criteria are not met, your income from North Dakota sources is subject to North Dakota income tax.

For more information, obtain the Income Tax Guideline: Income Taxation of Native Americans.

Line 6 U.S. Railroad Retirement Board benefits

(Resident filer only)

Federal law provides that unemployment, sick pay, and retirement benefits received from the U.S. Railroad Retirement Board are exempt from state income tax. Enter on this line the portion of these benefits included in your federal adjusted gross income.

Attach a copy of the Federal Form RRB-1099 or RRB-1099-R (or both, if applicable) you received from the U.S. Railroad Retirement Board.

Line 7 Income (loss) from pass-through

entity subject to North Dakota's financial institution tax (Resident and nonresident filers)

If you hold an interest in a partnership, S corporation or other pass-through entity that is subject to North Dakota's financial institution tax under N.D.C.C. ch. 57-35.3, the income or loss passed through to you (and included in your federal adjusted gross income) must be removed from the North Dakota individual income tax calculation. (North Dakota's financial institution tax applies to banks, trust companies, and leasing companies.)

If you hold an interest in one of these entities, you should receive a statement from the entity informing you about this adjustment and showing the amount of your adjustment. Enter the adjustment amount from that statement on this line.

If the adjustment amount is a loss, enter the amount as a negative number on this line. A negative amount will increase the North Dakota adjusted gross income (on line 10) and may result in the calculation of a decimal number greater than 1.00 (on line 11).

Attach a copy of the statement you received from the entity.

For more information, obtain the Income Tax Guideline: Adjustment For Income (Loss) From S Corporation, Partnership or LLC Subject To N.D.C.C. ch. 57-35.3.

Line 8 Renaissance Zone Act income exemption

(Resident and nonresident filers)

North Dakota law (N.D.C.C. ch. 40-63) authorizes a city to apply to the state for the designation of a portion of the city as a North Dakota renaissance zone. You may be eligible for an income exemption if you:

- Purchase or lease qualifying real property located in a zone for use in your business, or make a qualifying improvement to your business in a zone; or
- Purchase qualifying commercial or residential real property in a zone solely as an investment.

For more information, contact the Office of State Tax Commissioner.
