

The T2 Short Return

Who can use the T2 Short Return?

The T2 Short Return is a simpler version of the T2 Corporation Income Tax Return. There are two categories of corporations that are eligible to use this return. You can use this return if the corporation is:

- a Canadian-controlled private corporation throughout the tax year and has either a loss or a nil net income for income tax purposes this year
- exempt from tax under section 149 of the Income Tax Act (such as a non-profit organization)

In addition, the corporation must meet **all** of the following conditions to use this return:

- it has a permanent establishment in only one province or territory
- it is not claiming any refundable tax credits (other than a refund of instalments paid)
- it did not receive or pay out any taxable dividends
- it is reporting in Canadian currency
- it does not have an Ontario transitional tax debit
- it does not have an amount calculated under section 34.2 of the Income Tax Act

File a regular T2 Corporation Income Tax Return if the corporation does not fit into either of the above categories or does not meet all of the above conditions.

Except for Quebec and Alberta, the T2 Short Return also serves as a provincial or territorial income tax return.

What should you attach to the T2 Short Return?

There are three General Index of Financial Information (GIFI) schedules you have to attach to this return*:

- Schedule 100, Balance Sheet Information, showing the financial position of the corporation at the end of the tax year
- Schedule 125, Income Statement Information, showing the corporation's income and expenses for the year (if the corporation did not earn any income or incur any expenses, simply state "no income" or "no expenses")
- Schedule 141, Notes Checklist, for any notes to the financial statement information and to indicate the involvement of an accountant

For more information, see guide RC4088, General Index of Financial Information (GIFI).

* If your corporation is inactive (you answered **yes** on line 280) and there is no balance sheet or income statement information to report, you do not have to attach these schedules.

Depending on the circumstances, you may have to attach other forms or schedules, like Schedule 1, Schedule 8 and Schedule 50. For more information, see page 2 of the T2 Short Return and the T2 Guide. For your convenience, this package includes the short version of Schedule 1.
