ITEM 2: CORPORATE STRUCTURE

Name and Incorporation

The full name of the issuer is Laurentian Bank of Canada (the “Bank”). The Bank is incorporated under the *Bank Act* (Canada).

The Bank was founded in Montreal in 1846 as a savings mutual. It became a share-issuing corporation under a charter granted on April 27, 1871, pursuant to an act of the Parliament of Canada concerning savings banks. Prior to September 28, 1987, the Bank was known as the Montreal City and District Savings Bank. On that date, the Bank became a chartered bank under Schedule II of the *Bank Act* (Canada) pursuant to letters patent issued by the Minister of Finance of Canada. On January 1st, 1994, Desjardins-Laurentian Financial Corporation became the majority shareholder of the Bank following its acquisition of the Bank’s parent corporation, Laurentian Group Corporation. On November 12, 1997, Desjardins-Laurentian Financial Corporation, which held 10,357,623 common shares of the Bank, representing 57.5% of this class of shares, sold the said shares by secondary distribution. The Bank thereby became a bank listed in Schedule I of the *Bank Act* (Canada).

Intercorporate Relationships

This information can be found on page 84 of the Annual Report. All subsidiaries identified therein are incorporated under the *Canada Business Corporations Act*, except B2B Trust and LBC Trust, which are incorporated under the *Trust and Loan Companies Act* (Canada), Laurentian Trust of Canada Inc., which is incorporated under the *Act respecting Trust Companies and Savings Companies* (Quebec) and Brome Financial Corporation Inc., which is incorporated under Part IA of the *Companies Act* (Quebec).

ITEM 3: GENERAL DEVELOPMENT OF THE BUSINESS

Three Year History

On March 1st, 2000, the Bank acquired all the issued and outstanding capital stock of Sun Life Trust Company. This acquisition enabled the Bank to add residential mortgage loans to its product offering to independent financial advisors and to increase by over 800 the number of such advisors with whom the Bank does business. Then, on April 5, 2000, the Bank announced that SunLife Trust Company would become B2B Trust, a subsidiary that supplies generic and complementary financial and banking products and services to independent financial advisors, non-bank financial institutions and retailers across Canada.

Between April 22, 2000 and July 4, 2000, the Bank and B2B Trust completed a reorganization (the “Reorganization”), with the primary objective of combining within B2B Trust most of the activities previously carried out by the Bank through its agency banking division (other than credit card and credit insurance activities and term deposits) and certain other groups of assets of strategic importance for achieving B2B Trust’s business plan with the customer deposits of Sun Life Trust Company. In addition, as part of the Reorganization, B2B Trust transferred certain assets unrelated to its core business to the Bank. As part of the consideration for the assets transferred to B2B Trust by the Bank, as described above, B2B Trust issued to the Bank 333.33 common shares (after giving effect to a three-for-one share consolidation), paid cash and assumed obligations in the form of self-directed RRSP deposits totaling approximately \$150 million. All regulatory approvals required to complete the transactions described above have been obtained.

On November 1st, 2000, the Bank completed the acquisition of 43 Scotiabank branches in the Province of Quebec. Located mostly outside large urban centres, these new branches represented a pool of 165,000 customers. Further information on this acquisition can be found under the heading “Acquisitions” on pages 59 and 60 of the Annual Report.

On June 4, 2001, the Bank and CGI Group, an information technology services firm, announced the signing of an agreement for the outsourcing of the information technology services of the Bank and its subsidiaries. The approximate value of the 10-year agreement is \$300 million. On June 14, 2001, the Bank transferred most of its information technology services to CGI, as contemplated in the agreement.

On June 20, 2001, the Bank and B2B Trust announced the filing of a final prospectus for an initial public offering of 5,560,000 common shares of B2B Trust at a price of \$9 per share, representing gross proceeds of approximately \$50 million. Following the exercise of options to cover excess allotments, 834,000 common shares were issued, for a total of 6,394,000 common shares representing gross proceeds of approximately \$57 million.

On August 29, 2001, the Board of Directors of the Bank approved a business plan intended to make the Bank a more customer-centred organization. The new structure of the Bank includes the following lines of business: Retail and Commercial Financial Services; B2B Trust and Agency Banking; Wealth Management and Brokerage – supported by corporate sectors: Finance and Strategic Development; Information Technology, Administrative Services and Real Estate Management; Treasury, Financial Markets and Risk Management; Human Resources and Corporate Affairs; along with an independent function, Audit and Security.

On October 2, 2001, the Board of Directors of the Bank adopted a shareholder rights plan to ensure, to the extent possible, that all shareholders of the Bank are treated fairly in connection with any take-over offer or other acquisition of control of the Bank.

On April 29, 2002, the Bank announced an additional provision of \$70 million for credit losses representing a total amount of \$80 million for the second quarter given the deterioration of the credit quality of some of its commercial loans, including the loan of US\$25 million (approximately CDN\$39 million) to Teleglobe, and given the constitution of an unallocated provision to facilitate the strategic repositioning of the commercial and corporate lending activities of the Bank.

On May 29, 2002, the resignation of Mr. Henri-Paul Rousseau, who was President and Chief Executive Officer of the Bank since 1994, was announced. Mr. Rousseau remained President and Chief Executive Officer of the Bank and B2B Trust until July 31, 2002, at which time he ceased to be an officer of the Bank and B2B Trust. He remained employed as special advisor to the new President and Chief Executive Officer, Mr. Raymond McManus, until August 31, 2002. Reference is made to Note 1 on page 15 of the Bank's Management Proxy Circular dated January 21, 2003, which is incorporated herein. Mr. McManus was appointed as President and Chief Executive Officer of the Bank on June 6, 2002, effective on August 1st, 2002.

On December 4, 2002, the Bank announced that, as part of its business plan, it had decided to cease its transformation into a holding company and to maintain its present structure. Further information on this decision can be found under the heading "Outlook" on page 39 of the Annual Report.

Further information regarding the development of the Bank over the last three financial years can be found under the heading "Review of Operations" on pages 10 to 19 of the Annual Report, under the heading "Report on Operations" on pages 11 to 27 of the Bank's 2001 Annual Report and on pages 9 to 19 of the Bank's 2000 Annual Report, which are incorporated by reference herein.

Trends

Information about the trends, commitments, events and uncertainties presently known to the Bank's management and reasonably expected to have a material effect on the Bank's business can be found throughout Management's discussion and analysis of results of operations and financial condition on pages 20 to 43 of the Annual Report.

ITEM 4: NARRATIVE DESCRIPTION OF THE BUSINESS

General

The Bank ranks seventh among Canadian Schedule I banks, with assets in excess of \$18.5 billion. The Bank's current lines of business are Retail Financial Services, Commercial Financial Services, B2B Trust, and Wealth Management and Brokerage; they are supported by four corporate sectors and an independent audit function.

Retail Financial Services

Retail Financial Services offers the whole range of savings, investment, financing and transactional products and services through its network of 214 branches (155 in Quebec, 48 in Ontario and 11 in Western Canada). The Bank also has a network of 360 automated banking machines. Through its branch network, the Bank offers a range of personal deposit accounts. Pricing encourages the use of banking plans, together with electronic services. This approach reflects market trends and corresponds to the new needs of customers. The Bank (a member of the Canada Deposit Insurance Corporation), as well as its subsidiaries Laurentian Trust, LBC Trust and B2B Trust (all members of the Canada Deposit Insurance Corporation and registered with the Régie de l'assurance-dépôts du Québec) also offer a variety of term deposits. The Bank offers several other products and services including Visa credit cards, debit cards, safety deposit boxes, traveller's cheques, foreign exchange, money orders, overdraft protection, life and disability credit insurance and a range of banking plans. The Bank also provides a telephone service, operating from a telebanking centre, as well as a range of electronic services available via a Web site. Through LBC Financial Services, the Bank offers the R Funds (a group of mutual funds managed by BLC-Edmond de Rothschild Asset Management, a subsidiary of the Bank), as well as a selection of other mutual funds. The Bank's retail credit products include a variety of personal loans, lines of credit, student loans and mortgage loans. As with other banking services, credit products must be adapted to the needs and expectations of consumers. In response to this trend, the Bank now makes financing available to consumers at almost 7,600 merchant establishments across Canada and offers public services, distributors and retailers financing programs that are adapted to their needs and those of their customers. Since the beginning of 2003, financial results of Agency Banking (a division of the Bank which supplies wholesale deposit services to financial advisors and deposit agents and mortgage loans to independent brokers), which up to then were grouped with the financial results of B2B Trust, are grouped with those of Retail Financial Services. Retail Financial Services now manages all direct and indirect retail financial services of the Bank, including point-of-sale financing, agent deposits and broker mortgages across Canada. This will bring more focus and synergies to retail financial services operations.

Commercial Financial Services

Commercial Financial Services offers a variety of financial services to small, medium-sized and large Canadian businesses, real estate developers and farming enterprises. This line of business is active mainly in Quebec and Ontario through six Commercial Financial Services Centres, which provide commercial financing over \$250,000 and up to approximately \$10 million to small and medium-sized businesses, and two Corporate Banking Centres, which are involved in larger financings as part of banking syndicates. Real estate financing is conducted across Canada through five Real Estate Financing Centres. Agricultural financing is offered in Quebec through a network of seven specialized centres. Brome Commercial Corporation offers factoring services to clients mainly in Quebec and Ontario.

B2B Trust

B2B Trust is a regulated financial institution which is a subsidiary of the Bank and a publicly traded company based in Toronto. B2B Trust provides generic and complementary banking and financial products and services to independent financial advisors, non-bank financial institutions and retailers across Canada. These products and services include investment loans, self-directed RRSPs, term deposits as well as basic banking products such as savings and chequing accounts, lines of credit and debit cards.

Wealth Management and Brokerage

Wealth Management and Brokerage includes the business of BLC-Edmond de Rothschild Asset Management Inc. in the area of private and institutional portfolio management and the business of Laurentian Bank Securities Inc. in securities brokerage. The services of BLC-Edmond de Rothschild Asset Management and the retail services of Laurentian Bank Securities are currently offered mainly in Quebec. Laurentian Bank Securities also is a Canadian leader in fixed income securities brokerage activities aimed at the institutional market.

Further information on the Bank's lines of business and corporate sectors can be found under the headings "Review of Operations" on pages 10 to 19 and "Segmented Information" on pages 77 and 78 of the Annual Report. Further information on the principal products and services of the Bank can also be found in Management's discussion and analysis of results of operations and financial condition on pages 20 to 43 of the Annual Report.

Competitive Conditions

The Bank ranks seventh among Canadian Schedule I banks. The Bank competes with a great number of other financial services providers (notably, other Canadian chartered banks, trust and loan companies, "caisses populaires" and credit unions, and insurance companies) in all segments of its operations. The Bank strives to meet the banking and financial needs of individuals, businesses and independent financial advisors by offering highly competitive products and superior personalized services.

Environmental Protection

Environmental legislation and regulations can give rise to certain financial risks. The Bank therefore considers environmental issues in its credit evaluation and asset acquisition procedures to ensure that its interests are reasonably protected. To date, environmental risks have had no material effect on the Bank's operations and results.

Employees

As at October 31, 2002, the Bank had 3,730 employees (full-time equivalent). Negotiations to renew the collective agreement with the union representing some 2,000 of its professional and office employees in Quebec and Ottawa, have been ongoing since the collective agreement expired on June 30, 2001. On February 2, 2003, the Bank and the union accepted a mediator's recommendation to empower an arbitration board to determine the content of the next collective agreement, which will be in effect for three years.
