In accordance with the Reauthorization Act, households are no longer required to report changes in circumstances, such as an increase in income (currently \$50 per month, or \$600 annually), a decrease in household size or when the household is no longer certified eligible for food stamps or Temporary Assistance for Needy Families. Therefore, once properly approved for free or reduced price benefits, a household will remain eligible for those benefits for a period not to exceed 12 months. There is now an affordable health insurance program for children, Health Choice, offered by the State of North Carolina. Health Choice is a comprehensive health plan which covers both hospitalization and outpatient care, including preventive dental, vision, and hearing benefits. This new health plan is intended for children whose parents' income is too high to qualify for Health Check, the state Medicaid program. Applications for Health Choice will be available beginning in October 1998. You may pick up applications from your local health or county social services departments.
