Selection Process

Applications will be reviewed and judged by a committee of Credit Union members. The primary intent of the Committee is to discover well-rounded and education-oriented individuals and assist them in advancing their education. Financial need is not a criterion; but if a student is already a winner of a full scholarship or has a congressional appointment to a military academy where further award will not be meaningful, application should not be made. Scholarship applications in each area will be pooled and judged against one another. Life experience will be a contributing factor. Scholarship recipients are selected without regard to race, color, religion, marital status, national origin, veteran status, sex, or handicap. Finalists may be interviewed. All decisions of the Committee are final.

The Committee will evaluate your application on content, overall appearance, grammar and neatness.
