- ⊗ **Basic economics of a profitable operation**
- ⊗ **Eight steps for handling upset customers**
- ⊗ **How to become a customer service super star**
- ⊗ **How the costs of servicing a sale can kill profits**
- ⊗ **Identify the eight characteristics of an unprofitable customer**
- ⊗ **How to increase the profitability of a transaction**
- ⊗ **10 factors that increase customer price sensitivity**
- ⊗ **Mastering the 5 key steps in the communications process**
- ⊗ **Selling benefits, cold calling, prospecting, getting past the gatekeepers**
- ⊗ **How to organize your activity and save time**
- ⊗ **How to manage your career as a sales professional**

HOW?

The ASA Education Foundation presents *Essentials of Profitable Inside Sales in Distribution[®]* in a comprehensive one-day seminar.

WHY?

This is the perfect opportunity for your sales and management employees to rise to the next level. With these skills, they can take on a larger role in improving the profitability of individual transactions and customers, while controlling costs and increasing customer satisfaction. They will discuss how to apply these skills to drive profits through their daily actions.

A typical Inside Sales Team:

Is the first point of contact with your customers | Takes orders | Provides product information | Supports Outside Sales | Troubleshoots orders | Expedites solutions

An **exceptional** Inside Sales Team couples all these skills with enlightened activity that drives profits to sustainable higher levels.

Every attendee will receive:

- Full day of instruction from one of distribution's premier sales trainers
- A copy of the *Essentials of Profitable Inside Sales in Distribution[®]* – a course-work and insides sales professional roadmap*
- Six weeks to complete the reading and course quizzes
- A final exam
- Certificate of completion, ideal for framing

Essentials of Profitable Inside Sales in Distribution[®] is the second in the ASA Education Foundation's series of distribution sales and management programs. This comprehensive course includes 12 chapters (240 pp), 12 end-of-chapter quizzes, a final exam and certificate of completion. This will rapidly become your sales team's roadmap, helping them with the everyday asks and challenges of the Inside Sales professional.

“ Finally, someone is treating inside sales like a true profession. The emphasis on profitable sales, extracting more gross margin dollars out of a sale, adding line items, and exploiting the different types of price sensitivities take inside sales to a much higher level. This course will allow today’s inside sales people to leap ahead of the expanding duties and responsibilities of tomorrow’s inside sales professional.”
