If you are a minor, we are firm believers that your parent(s) or guardian(s) need to be involved in your life. In this case, your work life. In our experience if the parent/guardian is not aware of the job requirements, responsibilities or commitment, the employee usually does not succeed or last in this environment. You will need their support in scheduling & getting to work on time. We are aware that as a minor your focus is as a student. As business owners, our focus is on having employees that are responsible & mature workers.

### **\*if you're under 18\***

Please have your parent/guardian sign this to acknowledge that you are applying for a job at the bent spoon. This job would require you to work at least 2 shifts per week (about 12 hours), of which your son/daughter must be able to work during the week (until 11 pm), and weekends (day or nights).

## about us!

### \* welcome \*

welcome to the bent spoon! we're a relatively new business (we opened May 16<sup>th</sup> 2004). we specialize in handmade from scratch artisan ice creams, sorbets, baked goodies & specialty drinks. we make our treats with all natural ingredients that are organic, local, artisanal (or all the above!). the bent spoon is owned by us, gab & matt. we are actively involved with the day to day running and production at the spoon. as owners with years of food service experience coupled with college degrees in education. we expect a lot but offer a lot in return.

### \*we are looking for people that care\*

our ingredients take so much time & love to grow and make. when we get the raw materials we take even more time picking the herbs, cutting the fruit or cracking the eggs. we don't want all that passion and time that went into preparing our goods to go to waste. we want our customers to not only enjoy it but know about it. why would we want them not to know about how special it is? we do. so we need spoonies that care about the product and care about serving customers well.

### \* the basics \*

our experience in food service makes us well aware of some basic requirements of our staff for our store to run well. so read the requirements and initial them to indicate that you have read, understand and can comply (not only now, but through the length of your employment)
