## Membership Certificate

This certificate entitles:

---

To Apply for Membership in Heron Lakes Country Club without payment of an Initiation Fee

Authorized by: \_\_\_\_\_

Member Number: \_\_\_\_\_

Proposed members must complete an application; be sponsored by two current Heron Lakes members; be approved by the Board of Directors and will be responsible for all dues and fees associated with their member classification. Other restrictions apply to Class A memberships. Complete information available through the Club office

Dear Member:

Heron Lakes Country Club has long been recognized as having outstanding golf, tennis, fitness, swimming and fine food and dining experiences. Long known as an excellent value in the Mobile and Baldwin County area, we are now making it an even better value.

For a limited time, the Club has suspended initiation fees for all categories of membership. For golfing members we are accepting applications for membership without initiation fee and the purchase of a debenture has been delayed for two years. Those joining as a Class A golfing member, will have all the benefits of our regular Class A members for two years before having to purchase a debenture. At the end of two years you have the option to purchase a debenture at the then prevailing price, or terminate the membership. Until the debenture is purchased, you will not be a voting member and may not serve on the Board.

Should this be of interest to you, and I hope it will, please contact our General Manager, Gerald King for an application and further information.
