

# EKEN CUP Stockholm 2003

**Worlds largest grass turf handball  
tournament**

**June 14 - 17  
Gubbängen-Stockholm**

## Welcome to Stockholm Eken Cup

For the 28th time we have the pleasure of inviting handball players to Stockholm and Eken Cup. We are continuing the Development of the tournament into making it an international event. For this year's tournament interest has come in from as far away as China. The Mini-Cup is also this year played in separate age classes on smaller courts in the special "Mini Park". We will offer a few surprises and hopefully the same lovely weather as we are used to at "Eken". Welcome to Stockholm's great handball party.

## Everything in one place

Eken Cup is played on the Gubbängs field South of Stockholm. There are around 40 courts in one location. In the middle, bleachers surround the "Centre-court" for the audience for the finals. All games are played on a grass surface that is of finest quality and survives most weather-conditions. The time of year normally gives us warm and clear weather.

It takes no more than five minutes to walk through the whole tournament grounds. No busses are needed. Clubs with many teams can easily watch each other's games. To cheer for your friend in the other club-teams really unites the club.

## Accommodations

Eken Cup primarily uses the schools in the vicinity for accommodations. Mealtimes are served in Gubbängsskolan, which is right next to the field. Our goal is that all accommodations should be within walking distance of the Gubbängs field.

## Meals

Intensive days in fresh air demands that the players eat plenty and nutritious meals to keep their strength. Eken Cup has professionals in the kitchen that knows the necessity of cooking tasty meals of high quality for large amounts of people.

## The Center Court

The Center Court, which is surrounded by bleachers, is used for the most see worthy games as well as for most of the finals.

## The Celebrity Game

One of the most appreciated events is the Celebrity game starring Celebrities from different arenas such as television and sports.

## Guest service

Our Guest service helps you find your way around Stockholm. We want you to enjoy Stockholm, so we try to schedule your games so that you will have time to discover Stockholm.
