

# Checklist for a Consular Report of Birth Abroad (CRBA)

American Citizen Services  
U.S. Embassy, Manila

Please print out this checklist and bring it to your appointment, signed, and dated. You cannot apply for a report of birth and passport without a scheduled appointment for each applicant (the child).

Please check the appropriate box in front of each document that you bring with you. Many of the documents require you submit both an original and photocopy. If you do not bring a photocopy as indicated, you will be charged for each page that needs to be copied. The documents should be placed in the same order as the checklist with the original on top of the copy. If applicants appear more than 30 minutes late for their appointment, their appointment will be canceled and they will need to make a new appointment.

In addition to this list, a personal appearance by the applicant (the child) is required.

*The U.S. citizen parent must bring proof of living in the United States before the child's birth. Evidence of the couple's physical presence in the same location at the time of conception (preferably passports), photos prior to the time of conception, letters, and other correspondence may help establish the couple's relationship prior to the conception of the applicant. Genetic testing is a useful tool for verifying a stated biological relationship when no other form of credible evidence is available in conjunction with a CRBA or Passport application. For more information, read the [DNA testing procedures \(pdf\)](#). Please bring original documents and one photocopy of each document.*
