ASBESTOS DECLARATION

By signing this form I understand that The South Dakota Department of Environment and Natural Resources must be notified of all building demolitions at least 10 working days in advance, even if asbestos is not present. Failure to comply with these requirements may result in enforcement actions, including fines and penalties. In some cases, individuals and companies can be prosecuted criminally. Both the building owner and the contractor share the responsibility of making sure these requirements are met.

Signature of applicant _____

Date _____

Required Documents

Site Plans: A drawing or copy of your survey. The site plan must show where existing structures are located and where new construction is planned. This drawing must show the setback distance from the **PROPERTY LINE**.

Construction Drawings; The code department does not require stamped drawings for residential projects under 13 units, however, all submitted drawings should be of sufficient quality and detail for us to review for compliance with the code, All drawing shall include. Floor plan drawings showing room dimensions and use. Door and window openings for each level with egress windows marked as such on the drawing.

Review Process

Upon receipt of a permit application and required drawings Code Enforcement will review the application and distribute it to other city departments for review. Please allow several days for this process.

Street Department	Water Department	Waste Water Department	Electric Department
Pete Jahn 677-7078	Randy Isaacson 677-7079	Paul Brunick 677-7077	Mark Koller 677-7073

REBATE PROGRAMS

Water Heater Rebate

The City of Vermillion is offering a \$3.00/gallon rebate on the purchase of electric water heaters from a Vermillion retailer or licensed plumber. To qualify for the program, water heaters must have a capacity of at least 40 gallons and participating consumers must allow the City to attach a load management receiver on each water heater. The load management receiver shall be installed by a City licensed electrician when applicable, and the electrician will receive a \$25.00 payment for the installation. The water heater rebate program does not include mobile homes for various reasons. Payment will be made after receipt of copy of invoice from local retailer or licensed plumber and City inspection of load management receiver installation.

Bright Energy Solutions

Bright Energy Solutions is offering a cash incentives for the installation of certain energy efficient products. Go to www.brightenergysolutions.com for all the details. If you don't have access to the internet please ask the Code Official for a handout.
