When the student submits the Graduate School *Intent to Receive Degree Form* they should check the box indicating they would like to receive the ISIS Graduate Certificate. The student must then send the ISIS Director of Graduate Studies the following information:

- Semester when ISIS 250 was taken;
- Semester when ISIS 240 was taken. Students demonstrating prior mastery of ISIS 240 course content may petition the ISIS Director of Graduate Studies to substitute another ISIS 200-level course for the ISIS 240 course requirement. The substituted course may not overlap with other Graduate Certificate course requirements (i.e., ISIS 250S or any of the 3 elective courses);
- Three elective courses taken from the approved list;
- Date of the student's presentation at the ISIS Graduate Research Forum and the title of the presentation;
- Dates that the student attended ISIS Graduate Research Forum or related events (in addition to the presentation); and
- Student's graduate transcript.

If the student is submitting a PhD dissertation the following additional information is required:

- PhD dissertation title and abstract
- Dissertation committee members
- Date of final defense
