SUBJECT: Release of 2012 Notice of Intent to Apply to Expand Service Area or Become a New Part C Medicare Advantage, Part D Prescription Drug Benefit and Employer/Union-Only Group Waiver Plan (Direct Contract or “Employer” (800) Series) Sponsor; and Related 2012 Application Deadlines.

CMS is pleased to announce the release of the 2012 Notice of Intent to Apply web-tool and key dates for the 2012 Medicare Advantage and Part D Application cycle. As described in detail below, the first required action by sponsors to participate in this process (the Notice of Intent to Apply) is rapidly approaching. The 2012 application key dates are as follows:

| 2012 Application Activity | Date |
|--|-------------------|
| Notice of Intent to Apply deadline | November 12, 2010 |
| CMS sends Notice of Intent to Apply confirmation e-mails no later than | November 30, 2010 |
| CMS User ID connectivity form deadline | December 2, 2010 |
| 2012 applications posted on CMS website | January 4, 2011 |
| 2012 applications submission deadline | February 24, 2011 |

Submitting the 2012 Notice of Intent to Apply and Application Process

For the 2012 contract year, the Medicare Advantage, Prescription Drug Benefit, and Employer/Union-Only Group Waiver Plan (Direct Contract or “Employer Series”) Sponsor applications will be paperless. Each application will be completed through the CMS Health Plan Management System (HPMS). As a result of the fully electronic submission process and restrictions on access to HPMS, every initial applicant, current contractors seeking to expand their organization’s 2011 service area, and current contractors only adding a Special Needs Plan

(SNP) to their existing contract and service area must complete a Notice of Intent to Apply and the CMS User ID connectivity form as applicable. Submitting a Notice of Intent to Apply does not bind that organization to submit an application for 2012. However, without a pending contract number and completed CMS User ID connectivity form, if applicable, an organization will not be able to access the appropriate modules in HPMS to complete any of the required 2012 applications.

Notice of Intent to Apply

The 2012 Notices of Intent to Apply should be completed by **5 p.m. EST on November 12, 2010**. CMS will send confirmation emails to organizations once the 2012 Notices of Intent to Apply are processed, but no later than **November 30, 2010**.

CMS will only accept Notices of Intent to Apply submitted electronically through its on-line web tool. Organizations must use the following link to access and complete the Notice of Intent to Apply web tool:

<https://vovici.com/wsb.dll/s/11dc4g46d3e>

A hardcopy of the web tool form is attached to this memo as a reference for applying organizations. The attachment identifies those questions an organization must complete to correctly request a 2012 pending contract number for an initial application and/or ensure appropriate access to a service area expansion application for an existing organization. The assignment of contract numbers is done according to CMS rules. Organizations' requests for separate contract numbers will only be allowed when an existing contract may not be expanded based on CMS policy.

Every entity applying for 2012 will need to complete the first 3 questions of the web tool. Depending on how an entity answers question #3, the web tool will automatically direct the applicant to the appropriate questions.

An organization must complete separate Notices of Intent to Apply for each new initial product and/or service area expansion it is seeking to offer for the 2012 contract year. Please also note the following:

- P.O. Boxes will not be accepted. CMS will not process any Notices of Intent to Apply that contain a P.O. Box for the mailing address of the legal entity.
- Existing MA-PD sponsors seeking to only add a SNP and not expand their existing service area will not receive a new contract number; however, such sponsors must still complete the Notice of Intent to Apply online.
- For the 2012 contract year all Employer/Union-Only Group Waiver Plan (Direct Contract or "Employer Series") service area expansions will follow the same application timeline as the individual market applications.

- Current Private Fee-for-Service contractors with service areas transitioning to network-based coverage starting in 2012 must file a single Notice of Intent to Apply for those areas that are transitioning. The network-based PFFS areas will be assessed under a new contract number. Non-network PFFS areas (those not identified by CMS as being a county that must have network-based PFFS coverage) may continue to operate under the current contract number.

CMS User IDs

All initial applicants and existing Medicare contractors will need CMS User IDs and passwords to access HPMS. Having submitted the Notice of Intent to Apply, initial applicants can find the CMS User ID application by clicking on the following link:

<http://www.cms.hhs.gov/AccessToDataApplication/>. Completed CMS User ID forms should be returned to CMS no later than **December 2, 2010** to ensure timely processing. Be sure to indicate where indicated all contract numbers which must be affiliated with the CMS User ID. Note that you will not be able to submit this form until CMS provides you with a pending contract number. Return completed CMS User ID forms to:
