1. Statement of Housing Needs

[24 CFR Part 903.7 9 (a)]

A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

Community Service Requirements/Work Requirement Plan

The Bayonne Housing Authority will implement the work requirement according to the following plan:

- 1) All tenants who fall under the parameters of the work requirement will be notified of their obligation of eight hours of community service per month and the reason under the regulations which would require them to participate in the community service requirement.
- 2) The following criteria will be necessary for community service to be credited:
 - a) The tenant must submit in writing to the Authority the name of the organization or entity for whom the work will be performed and the nature of the work to be performed. Included in the letter must be the name and phone number of a contact person in the organization or entity to whom the tenant will report to perform community service.
 - b) Upon written approval of the Authority, the tenant will receive a time sheet which must be signed and submitted on a monthly basis by the contact person previously listed by the tenant.
 - c) If the status of the tenant changes, the tenant is required to notify the Authority in writing as to the change and any supporting documents.
- 3) Failure to comply with the community service requirement will result in the Authority taking any and all appropriate action as is allowable under the work requirement regulation.

Attachment F

Follow-up and Implementation Plan for Resident Survey

Communication

In regard to providing information and meetings and events, the Authority will continue to post signs and notify tenant councils of any modernization activities that will affect the tenants in any way.

In relation to the rules of the lease, within three months prior to the HUD survey <u>all</u> tenants were sent copies of a new lease, grievance policy, One Strike Policy, maintenance charges and tenant handbook for their review. The tenants were sent this information by verified mail to insure that each unit received the information. If the HUD survey results were not at an acceptable level, then there was a problem with the clarity of the survey itself, or the tenants did not adequately review the information which all of them received.

As for the responsiveness to questions and concerns and courteous and professional behavior, the Authority will continue its process of responding to tenant inquiries and periodically reviewing worker performance in relation to these issues.

Safety

While the Authority has a special police unit devoted to BHA developments, continued efforts to reach tenants through meetings and activities to inform them of their services will be maintained.

The BHA will also maintain its high level of maintenance in its efforts to reduce any contributing factors to crime.

The Authority will not discuss individual cases of lease violations with anyone but the tenants involved. This is done for legal as well as privacy reasons. The Authority will continue to educate tenants as to the legal process for dealing with lease violations so as to counter any appearance of non-responsiveness to lease violations.

The BHA is also in the process of installing closed circuit cameras at all BHA locations, which will help with crime issues as well as lease enforcement.

Appearance

The BHA will continue to proceed with its' modernization program which has been integrating the developments into the surrounding neighborhoods as a result of aesthetic changes.

Once the closed circuit cameras are operational, they will be integral in the BHA being able to enforce quality of life issues, specifically hallways and stairwells which are, by the terms of the lease assigned to the tenant. The cameras will allow for enforcement of that specific lease provision.

Summary of Pet Policy

The Pet Policy developed by The Housing Authority of the City of Bayonne was developed to ensure that residents who desire pets are responsible pet owners and that pets on the premises do not inconvenience neighboring residents and do not harm or damage BHA property. In addition, the policy is intended to ensure that pets are properly cared for and to ensure decent safe, sanitary living conditions for existing and future residents, and to preserve the physical condition of BHA's housing stock.

Pets currently owned by senior citizen and handicapped BHA residents, who were previously issued pet permits by the Authority, will be issued a new pet permit, provided that owners meet the criteria of the new pet policy.

A pet application must be filed at BHA's administrative office by the head of household and/or the pet owner, if a resident of the household and over the age of 18. In filing the application, the pet must be photographed and cats and dogs must be weighed. The applicant must be listed on the most recent lease agreement and cannot be in arrears in rent. The applicant must file a Certificate of Municipal Registration of the pet. The resident must sign a statement that he/she is responsible for any damages caused by the pet. The name, address and phone number of the attending veterinarian must be submitted. The applicant must also agree that the permit can be revoked after two warnings for failure to follow the pet policy. One animal per household is permitted with the exception of fish or turtles. Finally, the permit is valid for one year and must be renewed annually. At the time of renewal, residents must provide certification from the veterinarian that the pet is in good health and has had proper inoculations.

At the time a pet permit is issued, residents must pay a \$300 security deposit to own a dog, cat, or other domestic animal, as further defined in the policy, and which must be approved by the Executive Director. A \$50 security deposit is required for a birdcage or fish tank. Security deposits are not part of rent payable by residents. Rather, security deposits will be used for any damages noted during the resident's vacate inspection. Any unused portion of the security deposit will be refunded within 30 days of the resident vacating the apartment. If a pet is removed from the residence or dies, the security deposit cannot be redeemed until the unit is vacated. In addition, any damages caused by a pet inside an apartment or to any BHA property, including shrubbery, walls, windows and rugs will be billed to the pet owner and repaired by the management.

Residents are required to follow a specific pet management plan, which is defined in the pet policy. It requires that pets are neutered and prohibits pregnant pets being introduced into dwelling units. Should a pet be uncontrolled, noisy or a nuisance, the pet may be removed at the discretion of the Executive Director. Pet waste must be cleaned and discarded immediately including proper litter boxes, bird cages, and fish tanks. Apartments must be clean and odor free at all times and units may be inspected, with 30-minute notice, during working hours. All dogs must be kept on a leash when outside of the residents' unit. Cats must be confined to the unit and must be carried in a box or cage to leave the premises.

A pet permit can be revoked and the pet removed if a resident does not comply with the rules and regulations of the policy. Further, a pet can be removed for any of these reasons: if not properly cared for, is not properly controlled, has caused damage, has injured any person, is noisy, repeatedly defecates in the apartment or common area or grounds, it's license expires, it dies, or if it's presence causes documented medical conditions of tenants in the unit.

This policy has been incorporated into the lease and a grievance hearing may be requested to resolve any disputes with the Housing Authority.

Statement of Resident Membership of PHA Governing Board

The Bayonne Housing Authority currently does not have a tenant representative on the Board of Commissioners. However, an appointment is currently pending. The appointing entity, the Mayor of the City of Bayonne, has been notified of HUD requirements to include a resident on the Board of Commissioners. As the statute has changed his ability to appoint, he has had to revise his search methodology, which has resulted in the current process to include a resident member.

Please note that under New Jersey statute, the Bayonne Housing Authority is a receiving agency and has no control in the appointment process. Thus the Bayonne Housing Authority cannot be held responsible for any delay in this process.

Summary of Resident Comments

The following is a summary of comments from the Capital Fund Resident Planning Group meetings and the 45-day review period of Bayonne Housing Authority's PHA Plan.

At LaTouette Gardens, residents commented that Community Room furnishings including the kitchen, chairs and tables are sparse. More furnishings are needed to make the Community Room more conducive to utilizing the facilities. It was also noted that Laundry rooms needed to be modernized. Enhancing the landscaping was also discussed and it was noted that landscaping is planned in year 3 of the capital fund.

At Kill Van Kull Gardens, residents noted that public stairways need to be improved including stair railings. Also, community room furnishings including chairs, cabinets, storage and bulletin boards.

Residents at Back Bay Gardens requested new bulletin boards in their facilities.

At Constable Hook, residents commented that in the community room, the following were needed: a stove, a new ceiling, a bingo board, and a secure TV and VCR. They also requested new apartment doors.

Residents at Centerville commented that awnings should be constructed over building entries, hallway floor tiles and railings needed repair or replacement, and requested that bulletin boards be installed in public areas. In addition, the community room finishes and furnishings including floor tile, kitchen appliances, tables and chairs be replaced.

At Bergen Point, residents commented that windows are difficult to operate and clean and should be replaced. The community room kitchen and public bathrooms should be upgraded and basements cleaned and painted.

At Pamrapo Gardens Annex, residents noted that community room kitchen, bathrooms, windows and finishes be upgraded and that cable service be provided. Upgrades to landscaping was also discussed including maintenance and replacement of trees, the provision of outdoor seating for resident use only, the placement of additional trash receptacles and parking signage, and outdoor ramps to dumpsters. Residents requested the installation of awnings at building entries. Also apartment windows are leaking and should be replaced.

Bayonne Housing Authority has taken all of these comments under advisement. Many of the needs mentioned above have been addressed in the Capital Fund Plan and are scheduled for construction in the next 5 years.

The Bayonne Housing Authority Drug Elimination Program is a comprehensive drug prevention and intervention program, which provides services to all families residing in public housing units. Bayonne Housing Authority subcontracts the administration and operation of the social services portion of this grant to the Bayonne Board of Education. The DEP Program is modeled after the highly successful and Nationally acclaimed School Based Youth Services Program of the Bayonne school and incorporates varied activities such as education, recreation, and counseling. Through interaction with residents within these programs, DEP staff have developed a rapport with residents, enabling them to refer residents to appropriate social services in Bayonne.
