

U.S. Suppliers List Registration

The **U.S. Suppliers List** database is one of the fastest and most efficient ways for a foreign buyer of U.S. food, farm, fish, seafood and forest products to contact you directly. The database is used extensively by our overseas offices and has accounted for \$200 million dollars in export sales as reported by our offices. By completing the form below, you will have taken the first step to qualifying your company.

Companies listed on the U.S. Suppliers Lists will receive Trade Leads on a matching basis. When a trade lead is received for any of your products, you will receive by email the trade lead within minutes after it has been disseminated. **Note:** A valid e-mail address must be included in your announcement to take advantage of this service.
