

Form LA200-2: Chemical Use Log for Clinical Trials using LIQUAMYCIN[®] LA-200[®] under INAD #9027

INSTRUCTIONS

- Investigator should initiate a new form LA200-2 **immediately** upon receipt of each shipment of LIQUAMYCIN[®] LA-200[®].
- Form LA200-2 should be updated whenever drug is used, transferred, or discarded.
- Investigator should save all copies of this form until the end of the calendar year, at which time they should maintain all originals on file and send one copy of the completed form(s) to their Study Monitor. Within 10 days of receipt, the Study Monitor will ensure accuracy and send a copy to the AADAP Office for inclusion in the permanent file.
- Note:** Both Investigator and Study Monitor should sign and date Form LA200-2.
