HYBRID CUSTODY CHILD SUPPORT CALCULATION

Case Name: _____

Case Number: _____

Children in primary custody of Father (list names and ages): _____

_____

Children in primary custody of Mother (list names and ages): _____

_____

Children in shared custody of Both Parents (list names and ages): _____

_____

Attach this form to form DR-305, *Child Support Guidelines Affidavit,* or form DR-105, *Petition for Dissolution of Marriage,* to explain the child support calculation if custody of the children is a "hybrid" arrangement as defined in Civil Rule 90.3(f). That is, it must be attached only if at least one parent has primary physical custody of one or more children of the relationship and the parents share physical custody of at least one child of the relationship.

1. Total Number of Children_____

2. Decimal for that number of children (from Civil Rule 90.3(a)(2)).   _____
   .27 for two children
   .33 for three children
   .36 for four children
   add .03 for each additional child

3. Divide the decimal in No. 2 by the number in No. 1   =_____

....

4. Calculate support owed to Mother for children in Mother's primary custody as follows:

   a. Number of children in Mother's primary custody   _____

   b. Multiply (a) times the decimal in No. 3   _____

   c. Father's adjusted annual income (from section D on form DR-305
      or section II.D on page 4 of form DR-105) up to $105,000. $_____

   d. Multiply (b) times (c). If line (b) is "0," enter "0." Otherwise, if the
      result is less than $600, insert $600 instead. $_____

5. Calculate support owed to Father for children in Father's primary custody as follows:

   a. Number of children in Father's primary custody   _____

   b. Multiply (a) times the decimal in No. 3   _____

   c. Mother's adjusted annual income (from section D on form DR-305
      or section II.D on page 4 of form DR-105) up to $105,000 $_____

   d. Multiply (b) times (c). If line (b) is "0," enter "0." Otherwise, if the
      result is less than $600, insert $600 instead. $_____

DR-308 (4/09) (cs)
HYBRID CUSTODY CHILD SUPPORT CALCULATION

6. Calculate support for children in shared custody as follows:

   a. Number of children in shared custody _____

   b. Multiply (a) times the decimal in No. 3 _____

	FATHER	MOTHER
c. Adjusted annual income (from section D on form DR-305 or section II.D on page 4 of form DR-105) up to $105,000.	$ _____	$ _____
d. Multiply line (c) by the decimal in (b)	x _____	x _____
Annual Child Support (Minimum amount is $600)	$ _____	$ _____
e. Percentage of time each parent will have physical custody	_____ %	_____ %
f. Percentage of time other parent will have physical custody	_____ %	_____ %
g. Multiply line (d) support amount times line (f).	$ _____	$ _____
h. Subtract smaller figure on line (g) from larger and write the difference in the column with the larger line (g) figure. (One line should be blank.)	$ _____	$ _____
i. Multiply line (h) by 1.5. (One line should be blank.)	$ _____	$ _____
j. Annual Child Support. Fill in the smaller of line (i) or line (d)	$ _____	$ _____

   To be paid by ☐ Father ☐ Mother

7. Combine above results to determine net obligation.

   a. Total amount Father owes (from 4(d) and 6(j) if applicable): $_____

   b. Total amount Mother owes (from 5(d) and 6(j) if applicable): $_____

   c. Net support obligation (difference between (a) and (b)): $_____

   To be paid by ☐ Father ☐ Mother

8. Monthly Payment.

   a. If equal payments will be made each month, divide 7(c) by 12 = $_____

   b. If payments will not be made in some months (see Civil Rule 90.3(b)(1)(D)) or if different amounts will be paid in different months, list the amounts to be paid in each month:_____
   _____
   _____

Civil Rule 90.3(b)(3) & (f)(4)

Write the paragraph 8 information on either
       form DR-305, page 2, section F.4. or
       form DR-105, page 9, section VI.A.3.d.

Father's Signature	Mother's Signature
Type or Print Name	Type or Print Name

Civil Rule 90.3(b)(3) & (f)(4)
