Ohio Revised Code section 5747.01(A)(24): "Deduct, to the extent included in federal adjusted gross income and not otherwise allowable as a deduction or exclusion in computing federal or Ohio adjusted gross income for the taxable year, military pay and allowances received by the taxpayer during the taxable year for active duty service in the United States Army, Air Force, Navy, Marine Corps, or Coast Guard or Reserve components thereof or the National Guard. The deduction may not be claimed for military pay and allowances received by the taxpayer while the taxpayer is stationed in this state." Please see page 2 for additional information.

Additional Information

Military pay and allowances for servicemembers of all military components who are Ohio residents stationed inside Ohio are subject to Ohio individual income tax and also to school district income tax if the servicemember resides in a taxing school district. If a servicemember is not eligible to claim exemption from Ohio income tax withholding, the servicemember should complete Ohio form IT 4, available on our Web site at tax.ohio.gov.

Division (A)(24) of Ohio Revised Code section 5747.01 provides that for taxable years beginning on and after Jan. 1, 2007 an Ohio resident servicemember can deduct active duty military pay and allowances that are included in federal adjusted gross income if those amounts are <u>received</u> while the servicemember is <u>stationed</u> outside Ohio.

The term "stationed" refers to an Ohio resident servicemember's permanent place of military duty. Periods of training in which a servicemember, either individually or as part of a unit, departs their permanent place of duty and then returns following the completion of the training, is not included in the definition of "stationed."

Examples of military pay and allowances that <u>do</u> qualify for this deduction include the following:

- Military pay and allowances received while a member of the Active Component of the U.S. Armed Forces and assigned to a permanent duty station outside Ohio.
- Military pay and allowances received while a member of the National Guard or the Reserve Components of the U.S. Armed

Forces in an Active Duty Other Than for Training status and assigned to provide disaster relief assistance outside Ohio.

 Military pay and allowances received while a member of the National Guard or the Reserve components of the U.S. armed forces in an Active Duty Other Than for Training status and assigned to duty at any non-Ohio location in the continental United States, along the U.S. borders, or at any overseas noncombat zone location.

Examples of military pay and allowances that <u>do not</u> qualify for this deduction include the following:

- Military pay and allowances received while a member of the active component of the U.S. armed forces who is assigned to a permanent duty station inside Ohio and who departs Ohio for a period of temporary duty for unit or individual training (e.g., training exercises, basic and advanced training courses, and additional skill training courses).
- Military pay and allowances received while a member of the National Guard or the Reserve components of the U.S. armed forces in an Active Duty for Training status who departs Ohio for a period of temporary duty for unit or individual training (e.g., basic and advanced individual training, unit annual training, training exercises, basic and advanced training courses, and additional skill training courses).
