I. INTRODUCTION

Q. PLEASE STATE YOUR NAME, TITLE, AND BUSINESS ADDRESS FOR THE RECORD.

A. My name is Warren R. Fischer. I currently serve as Chief Financial Officer for QSI Consulting, Inc. ("QSI"). My business address is 2500 Cherry Creek Drive South, Suite 319, Denver, Colorado 80209.

Q. PLEASE DESCRIBE YOUR EDUCATIONAL BACKGROUND.

A. I have a Bachelor of Science degree in Business Administration with a concentration in Accounting from the University of Colorado in Boulder, Colorado. I am licensed as a Certified Public Accountant in the States of Colorado and California.

Q. PLEASE GIVE A BRIEF DESCRIPTION OF YOUR PROFESSIONAL EXPERIENCE

A. After graduating from the University of Colorado, I worked for several years as an accountant with Deloitte & Touche conducting financial audits. Thereafter, I worked for two major corporations as a financial analyst. I joined AT&T Wireless Services in 1995 as a financial analyst where I managed the preparation of annual revenue forecasts for the company's cellular division. In 1996, I transferred to AT&T Corp. where I became a financial manager and a subject matter expert on pricing and costing issues involving local exchange and exchange access services. In 2000, I joined QSI as a Senior Consultant. In 2007, I became QSI's Chief Financial Officer.

Q. HAVE YOU PREVIOUSLY TESTIFIED BEFORE THIS OR OTHER PUBLIC UTILITY COMMISSIONS?

1 A. While I have not testified before the Public Service Commission of South Carolina
2 ("Commission"), I have testified at the FCC and before 18 other state commissions
3 on rate of return issues as well as pro-competitive regulatory reform issues
4 concerning universal service, inter-carrier compensation, and appropriate cost-based
5 rates under the FCC's Total Element Long-Run Incremental Cost ("TELRIC")
6 methodology. A more detailed description of the cases wherein I have provided
7 testimony is included in my curriculum vitae as Exhibit WRF-1.

8 **Q. ON WHOSE BEHALF ARE YOU FILING THIS TESTIMONY?**

9 A. I am testifying on behalf of the Time Warner Cable Information Services (South
10 Carolina) LLC ("TWCIS").

11
12 **II. PURPOSE OF TESTIMONY**

13 **Q. WHAT IS THE PURPOSE OF YOUR TESTIMONY?**

14 A. The purpose of my testimony is to demonstrate that the availability of affordable
15 basic local exchange rates in PBT Telecom, Inc.'s ("PBT") service area is not at risk
16 and that PBT is financially strong enough to withstand competition from TWCIS.
17 While a local exchange carrier's ("LEC") financial health is not (and should not be)
18 an explicit consideration in the Commission's evaluation of TWCIS's application
19 under S.C. Code §58-9-280, I have nevertheless considered that issue in evaluating
20 whether TWCIS' provision of service (1) will not adversely impact the availability of
21 affordable local exchange service¹ and (2) provision of the service does not otherwise

¹ See S.C. Code §58-9-280(B)(3).

adversely impact the public interest.² The other factors stated in §58-9-280 that are relevant to the Commission's determination in this proceeding are addressed in detail by the testimonies of August Ankum, Ph.D. and Julie Laine.

My testimony will describe the restriction on PBT's ability to raise basic local exchange rates under the terms of the alternative regulation requirements of §58-9-576 and demonstrate that PBT is a financially strong company through analysis of its financial results over the period 2003 - 2007. Dr. Ankum discusses general economic policy issues associated with TWCIS' application as well as the numerous services offered by PBT that will allow it to continue operating as a strong company after competitive entry by TWCIS into its market.

III. TWCIS' ENTRY WILL NOT ADVERSELY AFFECT THE AVAILABILITY OF AFFORDABLE LOCAL EXCHANGE SERVICE

Q. WHAT IS YOUR UNDERSTANDING OF THE ALTERNATIVE REGULATION PROVISIONS OF SOUTH CAROLINA CODE §58-9-576 THAT IMPACT AN RLEC'S RATES?

A. A rural local exchange carrier ("RLEC") such as PBT that elects to have the rates, terms, and conditions for its services determined pursuant to §58-9-576(B) is subject to the following terms and conditions on the rates it can charge for basic local exchange and all other services:

1. Residential flat-rated local exchange service and single-line business local exchange service rates in effect on the date of the LEC's election to be subject to

² See S.C. Code §58-9-280(B)(5).

1 alternative regulation are the maximum rates it can charge for those services
2 unless those rates are less than the statewide average local service rate, weighted
3 by the number of access lines. For small LECs whose prices are less than the
4 statewide average rate, the Commission may waive the cap on local service rates
5 until the LEC's residential flat-rated local exchange service rate equals the
6 statewide average local residential service rate, weighted by the number of access
7 lines, and the single-line business flat-rated local exchange service rate equals
8 two times the statewide average local residential service rate.³

9
10 2. LECs subject to the local exchange service rate cap may adjust rates for
11 residential flat-rate local exchange service and single-line business flat-rate local
12 exchange service annually pursuant to an inflation-based index.⁴

13
14 3. LECs have the flexibility to set rates for all other services at their discretion as
15 long as rates do not discriminate unreasonably between similarly situated
16 customers.⁵
17

18 **Q. HAS PBT ELECTED ALTERNATIVE REGULATION FOR ITS SERVICES?**

19 A. Yes. PBT filed its Alternative Regulation Plan on January 19, 2006, and the
20 Commission approved it on March 16, 2006.⁶

21 **Q. WAS PBT SUBJECT TO THE TWO-YEAR CAP ON RAISING LOCAL**
22 **SERVICE RATES BEYOND THE RATES IN EFFECT ON THE DATE OF**
23 **ITS ELECTION?**

24 A. Yes. In its Alternative Regulation Plan filing, PBT noted that its flat-rated local
25 service rates for residential and single-line business customers were priced at the
26 statewide average local service rates at the date of its election, January 19, 2006.⁷

³ See S.C. Code §58-9-576(B)(3).

⁴ See S.C. Code §58-9-576(B)(4).

⁵ See S.C. Code §58-9-576(B)(5).

⁶ See PBT's Alternative Regulation Plan filed in Docket No. 2006-34-C and attached as Exhibit WRF-2. PBT's Alternative Regulation Plan was approved in Order No. 2006-166.

⁷ See Application in Exhibit WRF-2, page 2.

1 **Q. COULD PBT INCREASE ITS FLAT-RATED LOCAL SERVICE RATES FOR**
2 **RESIDENTIAL AND SINGLE-LINE BUSINESS CUSTOMERS SINCE THE**
3 **TWO-YEAR PERIOD HAS EXPIRED?**

4 A. Yes. Since the two-year cap period expired January 18, 2008, PBT could raise its
5 rates if the inflation-based index has increased to permit a rate increase. However,
6 PBT will have to weigh the pros and cons of such an increase in light of the
7 competitive alternatives offered by other carriers. Rather than risk losing current
8 customers, the more rational response from a business perspective would be to reduce
9 prices on its local exchange services or offer its customers attractive bundles of
10 services to provide them an incentive to stay. PBT already offers its residential
11 customers packages of bundled services.⁸ These can be expanded to meet
12 competitive threats. Dr. Ankum discusses the various services offered by PBT which
13 include long distance, high speed Internet, wireless telephone, and video services at a
14 minimum as well as the home security services it is in the process of offering. As Dr.
15 Ankum's testimony explains in detail, bundled offers focus the customer's attention
16 on the convenience and cost savings of receiving multiple services from a single
17 provider and paying a single bill.

18 **Q. DO SUBSEQUENT POTENTIAL RATE INCREASES BY PBT HAVE ANY**
19 **RELEVANCE IN THIS CASE?**

20 A. No. PBT's local service rates are already at the statewide average rate which is
21 presumed to be an affordable rate based on the South Carolina General Assembly's

⁸ See residential local service product packages at PBT's website:
<http://www.pbtcomm.net/bundled.asp>.

1 enactment of the statute defining the parameters of the statewide average rate
2 calculation. Any decision by PBT to increase its rates will be independent of
3 TWCIS's entry into its market and will also be limited to the inflation-based index
4 stipulated by S.C. Code §58-9-576(B)(4).

5 **Q. BASED ON THE ALTERNATIVE REGULATION RULES DISCUSSED**
6 **ABOVE, WILL TWCIS' APPLICATION IN THIS CASE ADVERSELY**
7 **IMPACT THE AVAILABILITY OF AFFORDABLE LOCAL EXCHANGE**
8 **SERVICE?**

9 A. No. To the contrary, TWCIS' entry into PBT's market will increase choices to
10 customers and thus *promote* the availability of affordable local exchange service.

11
12 **IV. PBT IS IN A STRONG AND HEALTHY FINANCIAL POSITION**
13 **SUFFICIENT TO SUCCEED IN A COMPETITIVE MARKET**

14 **A. PBT's 2007 Financial Results**

15 **Q. PLEASE DESCRIBE PBTS' CURRENT FINANCIAL POSITION.**

16 A. My review of PBT's 2007 Telecommunications Company Annual Report ("Annual
17 Report") filed with the Office of Regulatory Staff and the Commission finds that
18 PBT is a profitable company with over **END CONFIDENTIAL**

19 **END CONFIDENTIAL** in retained earnings along with a balance sheet that reflects a

20 ****BEGIN CONFIDENTIAL** **END CONFIDENTIAL**** net

1 working capital position and ~~CONFIDENTIAL~~ **END**

2 ~~CONFIDENTIAL~~ long-term debt.⁹

3 **Q. WHAT IS THE SIGNIFICANCE OF PBT'S RETAINED EARNINGS**
4 **BALANCE?**

5 A. PBT's retained earnings balance reflects the accumulation of profits it has earned
6 over a number of years. PBT has earned profits in excess of \$2 million per year over
7 the last five years; in 2004, net income jumped to over \$5 million.¹⁰ Because of its
8 consistent profitability, PBT paid dividends of at least ~~BEGIN~~
9 ~~CONFIDENTIAL~~ **END CONFIDENTIAL** annually for the last five
10 years.¹¹ The above discussion and analysis reveal that PBT has enjoyed financial
11 success in recent years.

12 **Q. WHAT IS WORKING CAPITAL AND HOW IS A COMPANY'S WORKING**
13 **CAPITAL POSITION EVALUATED?**

14 A. Working capital is simply the difference between a company's current assets and its
15 current liabilities. Current assets are those that could be converted to cash in less
16 than a year while current liabilities are obligations that must be repaid within one
17 year. A company with a positive working capital position is one where current assets

⁹ See 2007 Annual Report, Balance Sheet. Cited portions of 2007 Annual Report are attached as Exhibit WRF-3.

¹⁰ See 2003 - 2006 Annual Reports, Operating Revenue and Expenses, (Cited portions of 2003 Annual Report are attached as Exhibit WRF-4. Cited portions of 2004 Annual Report are attached as Exhibit WRF-5. Cited portions of 2005 Annual Report are attached as Exhibit WRF-6. Cited portions of 2006 Annual Report are attached as Exhibit WRF-7).

¹¹ See 2003 - 2006 Annual Reports, Balance Sheet, (Cited portions of 2003 Annual Report are attached as Exhibit WRF-4. Cited portions of 2004 Annual Report are attached as Exhibit WRF-5. Cited portions of 2005 Annual Report are attached as Exhibit WRF-6. Cited portions of 2006 Annual Report are attached as Exhibit WRF-7).

1 exceed current liabilities. The strength of a company's working capital position is
2 typically measured as the ratio of current assets to current liabilities. A working
3 capital ratio that is greater than 1.0 indicates that a company has sufficient resources
4 to pay its short-term debts.

5 Q. WHAT WAS PBT'S WORKING CAPITAL POSITION AT THE END OF
6 2007?

7 A. PBT's 2007 Annual Report shows that it had the following current assets and current
8 liabilities resulting in a working capital ratio of ***BEGIN CONFIDENTIAL

9 END CONFIDENTIAL**¹²

10 ***BEGIN CONFIDENTIAL

11
12 END CONFIDENTIAL**

13 On the surface, PBT appears to have had ***BEGIN CONFIDENTIAL

14 END CONFIDENTIAL** resources to satisfy its short-term obligations at the end
15 of 2007. To see if this was an anomalous occurrence, I reviewed PBT's working
16 capital ratio for the years 2003, 2004 and 2005 and noted that it was ***BEGIN

17 CONFIDENTIAL _____ END CONFIDENTIAL** in 2004 and 2005.

18 PBT's 2006 balance sheet amounts are classified as confidential and were not
19 available at the time this testimony was filed. Apparently, PBT management was not
20 too concerned with its working capital position in each of the years where its ratio
21 was ***BEGIN CONFIDENTIAL _____ END CONFIDENTIAL**

¹² See 2007 Annual Report, Balance Sheet, Exhibit WRF-3.

1 because it declared dividends of \$6.9 million in 2004, \$3 million in 2005, and
2 ~~***BEGIN CONFIDENTIAL***~~ ~~END CONFIDENTIAL***~~ in 2007.

3 Q. WHAT DOES THE DEBT-TO-EQUITY RATIO MEASURE?

4 A. It measures the relative proportion of debt and equity used to finance a company's
5 assets. PBT's 2007 Annual Report shows that it has ~~***BEGIN CONFIDENTIAL~~
6 ~~END CONFIDENTIAL***~~ long-term debt and is capitalized ~~***BEGIN~~
7 ~~CONFIDENTIAL***~~ ~~END CONFIDENTIAL***~~ by stockholder's equity.¹³
8 Therefore, it has ~~***BEGIN CONFIDENTIAL***~~ ~~END CONFIDENTIAL***~~
9 Debt / Equity ratio at this time.

10 ~~***BEGIN CONFIDENTIAL~~

11
12 ~~END CONFIDENTIAL***~~

13 Since PBT does not have to commit ~~***BEGIN CONFIDENTIAL***~~ ~~END~~
14 ~~CONFIDENTIAL***~~ of its cash flow to service debt, it can use its cash to invest in
15 network infrastructure, product development, and other undertakings that will

¹³ See 2007 Annual Report, Balance Sheet, Exhibit WRF-3.

1 improve its service offerings and overall quality of service, making it a capable player
2 as competition develops in the market.
3

4 **B. PBT's Financial Performance (2003 – 2007)**

5 **Q. HOW WOULD YOU DESCRIBE PBTS' FINANCIAL PERFORMANCE**
6 **OVER THE LAST FIVE YEARS?**

7 A. Based upon my review of PBT's Annual Reports for the period 2003 – 2007, PBT
8 has experienced a decline in total access lines, net income, and Net Margin over the
9 five-year period. The following table illustrates the relatively strong performance
10 exhibited by PBT over the last five years in spite of declining net income.¹⁴

11 ****BEHIND COMMENTARY****

12
13
14
15
16
17
18
19
20

¹⁴ See 2003 Annual Report, Operating Revenue & Expenses, Balance Sheet, Retained Earnings, and Access Lines in Exhibit WRF-4. See 2004 Annual Report, Operating Revenue & Expenses, Balance Sheet, Retained Earnings, and Access Lines in Exhibit WRF-5. See 2005 Annual Report, Operating Revenue & Expenses, Balance Sheet, Retained Earnings, and Access Lines in Exhibit WRF-6. See 2006 Annual Report, Operating Revenue & Expenses, Balance Sheet, Retained Earnings, and Access Lines in Exhibit WRF-7. See 2007 Annual Report, Operating Revenue & Expenses, Balance Sheet, Retained Earnings, and Access Lines in Exhibit WRF-3.

END CONFIDENTIAL

In 2003, its total revenue was \$19.3 million and it had 16,944 total access lines. In 2007, PBT had \$18.8 million in revenue and 15,373 total access lines. Revenue decreased by only 3% despite total access lines declining by 9%. PBT earned \$3.8 million in net income in 2003 and \$2.2 million in 2007 resulting in a decline of 44% between the two time periods. However, PBT earned \$5.2 million in 2004 or almost two times its average net income over the other four years. Retained earnings decreased by **BEGIN CONFIDENTIAL** **END CONFIDENTIAL** from 2003 to 2007, from **BEGIN CONFIDENTIAL** **END CONFIDENTIAL** as management chose to distribute accumulated earnings despite PBT's declining net income. Total dividends over the five-year period are approximately \$23.6 million.

Q. WHAT IS NET MARGIN AND WHAT IS ITS SIGNIFICANCE?

A. Net Margin is a measure of profitability used by investors and financial analysts. Net Margin is calculated by dividing a firm's net profit by net sales. This ratio is used to measure a firm's performance over time. It can also be used to compare the firm's performance with other companies in the same industry.

Q. WHAT WAS PBT'S NET MARGIN OVER THE PERIOD 2003 – 2007?

Direct Testimony of Warren R. Fischer, C.P.A.
On Behalf of Time Warner Cable Information Services (South Carolina) LLC
Docket No. 2008-328-C

A. As noted in the table above, PBT's Net Margin ranged from a low of 11.5% in 2007 to a high of 26.8% in 2004. In comparison AT&T South Carolina's 2007 Net Margin was only 8.7%.¹⁵ Compared to the largest telecommunications carrier in South Carolina, PBT is a relatively more profitable company.

Q. HOW HAS PBT BENEFITED FROM UNIVERSAL SERVICE FUND SUPPORT?

A. PBT receives both state and federal universal service fund ("USF") support. The trend by year is reflected in the table below:¹⁶

	FEDERAL USF							
	STATE USF	HCL	ICLS	LSS	LTS	SMA	TOTAL FEDERAL USF	TOTAL STATE AND FEDERAL USF
PBT Telecom								
2003	\$ 708,391	\$ 2,552,978	\$ 401,500	\$ 149,610	\$ 370,380	\$ -	\$ 3,474,468	\$ 4,183,059
2004	\$ 978,165	\$ 2,250,432	\$ 1,446,660	\$ 362,653	\$ 449,490	\$ -	\$ 4,509,235	\$ 5,487,400
2005	\$1,540,828	\$ 2,663,193	\$ 1,982,113	\$ 217,920	\$ -	\$ -	\$ 4,863,226	\$ 6,404,052
2006	\$1,602,123	\$ 2,137,680	\$ 1,971,042	\$ 164,052	\$ -	\$ -	\$ 4,272,774	\$ 5,874,897
2007	\$1,536,904	\$ 2,213,217	\$ 2,318,796	\$ 204,468	\$ -	\$ -	\$ 4,736,481	\$ 6,273,385
Ratio 2007 to 2003	117%	-13%	478%	37%	-100%		36%	60%

In 2003, it received \$700,000 in state USF support and \$3.5 million in federal USF support for a total of \$4.2 million. State USF support has been increasing each year to \$1.5 million in 2007 resulting in a 117% increase in 2007 state USF receipts over

¹⁵ See 2007 Telecommunications Company Annual Report of BellSouth Telecommunications, Inc. DBA: AT&T South Carolina, Operating Revenue & Expenses. Net Income of \$89,258,446 divided by Total Operating Revenue of \$1,030,269,190 results in an 8.7% Net Margin. Cited portions of 2007 Annual Report are attached as Exhibit WRF-8.

¹⁶ South Carolina USF disbursements are from PBT's Response to TWCIS 1st Set of Interrogatories, No. 1-11. Federal USF disbursements are from Universal Service Administration Company data available at <http://www.usac.org/hc/tools/disbursements/>.

2003. Federal USF receipts have increased by 36% since 2003 to \$4.7 million. PBT's increasing USF support as a percentage of total revenue over the five-year period is shown in the table below which is a synthesis of the two previous tables:

	OPERATING REVENUE (COMBINED)		
	TOTAL	TOTAL STATE AND FEDERAL USF	% REVENUE FROM USF
PBT Telecom			
2003	\$ 19,341,698	\$ 4,183,059	22%
2004	\$ 19,293,501	\$ 5,487,400	28%
2005	\$ 19,258,960	\$ 6,404,052	33%
2006	\$ 19,598,769	\$ 5,874,897	30%
2007	\$ 18,754,074	\$ 6,273,385	33%
<i>Ratio 2007 to 2003</i>	<u>-3%</u>	<u>50%</u>	

In short, USF support is a significant and growing portion of PBT's revenue stream, and it will continue to provide a safety net to PBT in the face of competition.

Q. IF PBT LOSES ADDITIONAL LINES AND REVENUE DUE TO MARKET SHARE LOSS TO TWCIS, WILL IT RECEIVE EVEN MORE USF SUPPORT THAN IT DOES TODAY?

A. Yes. When an RLEC such as PBT loses access lines, its cost per loop increases since its relatively static network costs are divided over fewer lines. As an RLEC's cost per loop increases over the national average cost per line, it will receive additional federal USF support. Regarding the state USF, LECs can receive additional support in two different ways. First, it can file for rate reductions to services priced above cost and recover projected lost revenue from the state USF. This allows an RLEC to

1 adjust its prices to meet or beat the competition.¹⁷ Second, if an RLEC loses its
2 lower cost customers to competition, it can petition the Commission to approve a
3 new cost study reflecting its change in cost per line.¹⁸

4 **Q. GIVEN THE FINANCIAL STRENGTH OF PBT, WILL TWCIS' ENTRY**
5 **INTO PBT'S MARKET ADVERSLEY IMPACT THE AFFORDABILITY OF**
6 **LOCAL EXCHANGE SERVICE?**

7 A. No. To the contrary, TWCIS' entry in PBT's market will increase customer choice
8 and potentially lead to lower prices.

9 **Q. DOES THIS CONCLUDE YOUR DIRECT TESTIMONY?**

10 A. Yes, it does.

¹⁷ See Docket No. 97-239-C, Order No. 2001-996, Exhibit A – Guidelines for South Carolina Universal Service Fund, § 9, page 7.

¹⁸ See S.C. Code § 58-9-280(E).

Biography

Mr. Fischer is a QSI partner and currently serves as Chief Financial Officer in QSI's Telecommunications Division. Mr. Fischer has over 13 years of experience in the telecommunications industry and joined QSI after five years of service within AT&T's Local Service & Access Management and Wireless Services divisions. During his telecommunications career, Mr. Fischer has focused his attention largely on TELRIC pricing, local market entry, Section 271 compliance, access and universal service reform issues, billing disputes, and damages assessment.

Mr. Fischer is an experienced and effective expert witness who has provided expert testimony in over 30 proceedings before 18 state utility commissions and other administrative agencies. Mr. Fischer is an active Certified Public Accountant who is licensed in the States of Colorado and California. Mr. Fischer's professional experience as a C.P.A. includes two years in public practice with Deloitte and Touche LLP and over 20 years of managing financial analysis, reporting and forecasting processes for various multi-national corporations.

Re: PBT Telecom, Inc. Alternative Regulation Plan Pursuant to S.C. Code Ann. § 58-9-576

Dear Mr. Terreni:

Enclosed for filing on behalf of PBT Telecom, Inc. ("PBT"), please find an original and ten (10) copies of an Alternative Regulation Plan.

On January 18, 2006, the Commission approved a local interconnection agreement between PBT and MCImetro Access Transmission Services, LLC ("MCI"). Pursuant to S.C. Code Ann. § 58-9-576(A), any LEC may elect the alternative regulation plan described in S.C. Code Ann. § 58-9-576(B) if the Commission has approved a local interconnection agreement in which the LEC is a participant with an entity determined by the Commission not to be affiliated with the LEC. As the Commission is aware, MCI and PBT are not affiliated.

Therefore, having met the statutory requirement for election of alternative regulation, PBT hereby elects to have its rates, terms and conditions determined pursuant to the plan described in S.C. Code Ann. § 58-9-576(B), as set forth in the attached Alternative Regulation Plan, effective February 18, 2006.

Please clock in a copy of this filing and return it with our courier.

Thank you for your assistance.

Very truly yours,

Margaret M. Fox

**PBT TELECOM, INC.
ALTERNATIVE REGULATION PLAN
PURSUANT TO S.C. CODE ANN. § 58-9-576**

Filed January 19, 2006
Effective February 18, 2006

1. Introduction

Pursuant to S.C. Code Ann. § 58-9-576(A), any local exchange carrier ("LEC") may elect to have the rates, terms, and conditions of its services determined pursuant to the alternative regulation plan described in S.C. Code Ann. § 58-9-576(B), provided the Public Service Commission of South Carolina ("Commission") has approved a local interconnection agreement in which the LEC is a participant with an entity determined by the Commission not to be affiliated with the LEC. The Commission has approved such an agreement for PBT Telecom, Inc. ("PBT"), and PBT hereby elects to have the rates, terms, and conditions of its services determined pursuant to the alternative regulation plan described herein (the "Plan"), which conforms with the plan described in S.C. Code Ann. § 58-9-576(B).

In its regular agenda session on January 18, 2006, the Commission approved an interconnection agreement between PBT and MCImetro Access Transmission Services, LLC ("MCI"). MCI is not affiliated with PBT.

The Plan described herein is in lieu of other forms of regulation including, but not limited to, rate of return or rate base monitoring or regulation.

2. Effective Date

The effective date of the Plan is February 18, 2006, which is not sooner than thirty days after filing with the Commission notice of election of the Plan. The Plan will apply to all local services offered by PBT that are regulated by the Commission.

3. The Plan

- a. As of January 19, 2006, the date of notice of election of the Plan, existing rates, terms, and conditions for the services provided by PBT contained in PBT's then-existing tariffs and contracts are considered just and reasonable.
- b. PBT is a "small LEC" for purposes of S.C. Code Ann. § 58-9-576(B)(3). S.C. Code Ann. § 58-9-10(14) defines "small LEC" to mean a "rural telephone company" as defined in the federal Telecommunications Act of 1996.
- c. Although PBT is a "small LEC" for purposes of S.C. Code Ann. § 58-9-576(B)(3), PBT's flat-rated local exchange services for residential and single-line business customers are currently priced at the statewide average local service rates for those services, weighted

by number of access lines, as shown in PBT's local service tariff on file with the Commission. Therefore, the requirements of S.C. Code Ann. § 58-9-576(B)(3) and (4) are not waived for PBT, and PBT's residential and single-line business rates shall be frozen for a period of two years from the date of election of this Alternative Regulation Plan and, after the expiration of the two-year period, may be adjusted on an annual basis pursuant to an inflation-based index.

- d. PBT will set rates for all other services on a basis that does not unreasonably discriminate between similarly situated customers. All such rates are subject to a complaint process for abuse of market position in accordance with Commission rules and procedures.
- e. Except when exempted by law, PBT will file tariffs for price changes or new services with respect to its local exchange services (including residential and single-line business services) that set out the terms and conditions of the services and the rates for such services. Tariffs will be presumed valid and become effective seven days after filing for price decreases and fourteen days after filing for price increases and new services.
- f. As provided for in S.C. Code Ann. § 58-9-576(B), the Plan applies in lieu of rate of return or rate base regulation. Thus, the procedures set forth above for changes in rates are to be used in lieu of traditional rate-of-return procedures for determining rates, terms, and conditions for service, as found in S.C. Code Ann. §§ 58-9-510 through -570 and in 26 Code Ann. Regs. 103-834(A)(3).
