Contractor shall expend program income during the Program Attachment term and may not carry forward to the succeeding term. Program income not expended in the term in which it is earned shall be refunded to DSHS. Section 4.03 **Final Billing Submission.** Unless otherwise provided by the Department, Contractor shall submit a reimbursement or payment request as a final close-out bill not later than sixty (60) calendar days following the end of the term of the Program Attachment for goods received and services rendered during the term. If necessary to meet this deadline, Contractor may submit reimbursement or payment requests by facsimile transmission. Reimbursement or payment requests received in DSHS's offices more than sixty (60) calendar days following the end of the applicable term will be denied. Consideration of requests for an exception will be made on a case-by-case basis subject to the availability of funding.

Section 4.04 **Working Capital Advance.** If allowed under the Contract, a single one-time working capital advance per term of the Program Attachment may be granted at the Department's discretion. Contractor must submit documentation to the Division Contract Management Unit assigned to the Program Attachment to justify the need for a working capital advance. Except as provided in the Contract, Contractor shall screen all clients and shall not bill the Department for services eligible for reimbursement from third party payors. Contractor shall: (a) enroll as a provider in Children's Health Insurance Plan and Medicaid if providing approved services authorized under the Contract that may be covered by those programs, and bill those plans for the covered services; (b) provide assistance to individuals to enroll in such programs when the screening process indicates possible eligibility for such programs; (c) allow clients that are otherwise eligible for Department services, but cannot pay a deductible required by a third party payor, to receive services up to the amount of the deductible and to bill the Department for the deductible; (d) not bill the Department for any services eligible for third party reimbursement until all appeals to third party payors have been exhausted; (e) maintain appropriate documentation from the third party payor reflecting attempts to obtain reimbursement; (f) bill all third party payors for services provided under this Contract before submitting any request for reimbursement to Department; and (g) provide third party billing functions at no cost to the client.

Contractor shall ensure that subcontractors are fully aware of the requirements placed upon them by state/federal statutes and regulations and under this Contract. Contractor shall not contract with a subcontractor, at any tier, that is debarred or suspended or excluded from or ineligible for participation in federal assistance programs.

Section 12.14 **Status of Subcontractors.** Contractor shall require that all subcontractors certify that they are in good standing with all state and federal funding and regulatory agencies; are not currently debarred, suspended, or otherwise excluded from participation in federal grant programs; are not delinquent on any repayment agreements; have not had a required license or certification revoked; and have not had a contract terminated by the Department. Contractors shall further require that subcontractors certify that they have not voluntarily surrendered within the past three (3) years any license issued by the Department.

Section 12.15 **Incorporation of Terms.** Contractor shall ensure that all written agreements with subrecipient subcontractors incorporate the terms of this Contract, and provide that the subcontractor is subject to audit by DSHS, HHSC and the SAO.

Section 12.16 **Independent Contractor.** Contractor is an independent contractor. Contractor shall direct and be responsible for the performance of its employees, subcontractors, joint venture participants or agents. Contractor is not an agent or employee of the Department or the State of Texas for any purpose whatsoever. For purposes of this Contract, Contractor acknowledges that its employees, subcontractors, joint venture participants or agents will not be eligible for unemployment compensation from the Department or the State of Texas.

Section 12.17 **Authority to Bind.** The person or persons signing and executing this Contract on behalf of Contractor, or representing themselves as signing and executing this Contract on behalf of Contractor, warrant and guarantee that they have been duly authorized by Contractor to execute this Contract for Contractor and to validly and legally bind Contractor to all of its terms.

Section 12.18 **Tax Liability.** Contractor shall comply with all state and federal tax laws and is solely responsible for filing all required state and federal tax forms and making all tax payments. In the event that the Department discovers that Contractor has failed to remain current on a delinquent liability to the IRS, the Contract will be subject to remedies and sanctions under this Contract, including immediate termination at the Department's discretion. In the event of Contract

termination under this section, the Department will not enter into a Contract with Contractor for three (3) years from the date of termination.

Section 12.19 **Notice of Organizational Change.** Contractor shall submit written notice to the Division Contract Management Unit assigned to the Program Attachment within ten business days of any change to the following: Contractor's name; contact information; key personnel, officer, director or partner; organizational structure; legal standing; or authority to do business in Texas. A change in Contractor's name requires an amendment to the Contract in accordance with the Amendments section of these General Provisions.

Section 12.20 **Quality Management.** Contractor shall comply with quality management requirements as directed by the Department.

Section 12.21 **Equipment and Controlled Assets Purchases.** Equipment means an article of nonexpendable, tangible personal property having a useful lifetime of more than one year and an acquisition cost of \$5,000 or more. Contractor must inventory equipment, and controlled assets, which include firearms regardless of the acquisition cost, and the following assets with an acquisition cost of \$500 or more: desktop and laptop computers, non-portable printers and copiers, emergency management equipment, communication devices and systems, medical and laboratory equipment, and media equipment. Contractors on a cost reimbursement payment method shall comply with the requirements of the provisions in this Article concerning equipment. If purchase of equipment is approved in writing by the Department, Contractor is required to initiate the purchase of that equipment in the first quarter of the Contract or Program Attachment term, as applicable. Failure to initiate the purchase of equipment may result in loss of availability of funds for the purchase of equipment. Requests to purchase previously approved equipment after the first quarter of the Program Attachment must be submitted to the Division Contract Management Unit assigned to the Program Attachment.

Section 12.22 **Supplies.** Supplies are defined as consumable items necessary to carry out the services under this Contract including medical supplies, drugs, janitorial supplies, office supplies, patient educational supplies, software, and any items of tangible personal property other than those defined as equipment above.

Section 12.23 **Changes to Equipment List.** All items of equipment purchased with funds under this Contract shall be itemized in Contractor's equipment list as finally approved by the Department in the executed Contract. Any changes to the approved equipment list in the executed Contract shall be approved in writing by Department prior to purchase of equipment. Contractor shall submit to the Division Contract Management Unit assigned to the Program Attachment, a written description including complete product specifications and need justification prior to purchasing any item of unapproved equipment. If approved, Department will acknowledge its approval by means of a written amendment or by written acceptance of Contractor's Contract Revision Request, as appropriate.

Section 12.24 **Property Inventory and Protection of Assets.** Contractor shall maintain a nonexpendable personal property (equipment and controlled assets) inventory and submit an annual cumulative report to the Department's Contract Oversight and Support Section, Mail Code 1326, 1100 W. 49th St., Austin, Texas 78756, no later than October 15th of each year. The form for this report (Form GC-11) is located on the DSHS website at <http://www.dshs.state.tx.us/contracts/forms.shtm>. Contractor shall administer a program of maintenance, repair, and protection of assets under this Contract so as to assure their full availability and usefulness. In the event Contractor is indemnified, reimbursed, or otherwise compensated for any loss of, destruction of, or damage to the assets provided under this Contract, it shall use the proceeds to repair or replace said assets.

Section 12.25 **Bankruptcy.** In the event of bankruptcy, Contractor shall sever Department property, equipment, and supplies in possession of Contractor from the bankruptcy, and title shall revert to Department.

Section 12.26 **Title to Property.** At the conclusion of the contractual relationship between the Department and the Contractor, for any reason, title to any remaining equipment and supplies purchased from funds under this Contract reverts to Department. Title may be transferred to any other party designated by Department. The Department may, at its option and to the extent allowed by law, transfer the reversionary interest to such property to Contractor.

Section 12.27 **Property Acquisitions.** Department funds may not be used to purchase buildings or real property. Any costs related to the initial acquisition of the buildings or real property is not allowable.

Section 12.28 **Disposition of Property.** Contractor shall follow the procedures in the American Hospital Association's (AHA's) "Estimated Useful Lives of Depreciable Hospital Assets" in disposing, at any time during or after the Contract term, of equipment or controlled assets purchased with the Department funds, except when federal or state statutory requirements supersedes, or when the equipment requires licensure or registration by the state, or when the acquisition price of the equipment or controlled asset is equal to or greater than \$10,000. All other equipment and controlled assets not listed in the AHA reference (other than equipment that requires licensure or registration or that has an acquisition cost equal to or greater than \$10,000) shall be controlled by the requirements of UGM. If, prior to the end of the useful life, any item of equipment is no longer needed to perform services under this Contract, or becomes inoperable, or if the equipment requires licensure or registration or had an acquisition price equal to or greater than \$10,000, Contractor shall request disposition approval and instructions in writing from the Department's Contract Oversight and Support Section, Mail Code 1326, 1100 W. 49th St., Austin, Texas 78756. After an item reaches the end of its useful life, Contractor must ensure that disposition of any equipment is in accordance with Generally Accepted Accounting Principles, and any applicable federal guidance.

Section 12.29 **Closeout of Equipment.** At the end of the term of a Program Attachment that has no additional renewals or that will not be renewed (Closeout), Contractor shall submit to the Divisions Contract Management Unit assigned to the Program Attachment, an inventory of property purchased with Department funds and request disposition instructions for such property. All property purchased with Department funds shall be secured by the Contractor at the time of Closeout and shall be returned to the Department as required by the Department's disposition instructions or at the request of the Department at the Contractor's expense.

Section 12.30 **Assets as Collateral Prohibited.** Contractors on a cost reimbursement payment method shall not encumber property purchased with Department funds without prior written approval from the Department.

ARTICLE XIII GENERAL TERMS.

Section 13.01 **Assignment.** Contractor will not transfer, assign, or sell its interest, in whole or in part, in this Contract, or in any equipment purchased with funds from this Contract, without the prior written consent of the Department.

Section 13.02 **Lobbying.** Contractor shall comply with GOV. CODE §556.0055, which prohibits contractors who receive state funds from using those funds to pay lobbying expenses. Further, Contractor shall not use funds paid under this Contract to pay any person for influencing or attempting to influence an officer or employee of any agency, federal or state, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any contract or the extension, continuation, renewal, amendment, or modification of any contract (31 U.S.C.A. § 1352, as amended, and UGMS). If at any time this Contract exceeds \$100,000 of federal funds, Contractor shall file with the Division Contract Management Unit assigned to the Program Attachment a declaration containing the name of any registrant under the Lobbying Disclosure Act of 1995 who has made lobbying contacts on behalf of Contractor in connection with the Contract, a certification that none of the funds provided by Department have been or will be used for payment to lobbyists, and disclosure of the names of any and all registered lobbyists with whom Contractor has an agreement. Contractor shall file the declaration, certification, and disclosure at the time of application for the Contract; upon execution of the Contract unless Contractor previously filed a declaration, certification, or disclosure form in connection with the award; and at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of the information contained in any declaration, certification, or disclosure previously filed. Contractor shall require any person who requests or receives a subcontract to file the same declaration, certification, and disclosure with the Division Contract Management Unit assigned to the Program Attachment. Contractor shall also comply, as applicable, with the lobbying restrictions and requirements in OMB Circulars A-122 Attachment B paragraph 25; A-87 Attachment B section 27; A-110 section __.27 and A-21 paragraphs 17 and 24. Contractor shall include this provision in any subcontracts.

Section 13.03 **Conflict of Interest.** Contractor represents to the Department that it does not have nor shall it knowingly acquire any financial or other interest that would conflict in any manner with the performance of its obligations under this Contract. Potential conflicts of interest include, but are not limited to, an existing or potential business or personal relationship between Contractor, its principal (or a member of the principal's immediate family), or any affiliate or subcontractor and Department or HHSC, their commissioners, officers or employees, or any other entity or person involved in any way in any project that is the subject of this Contract. Contractor shall establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest or personal gain.

Section 13.04 **Transactions Between Related Parties.** Contractor shall identify and report to DSHS any transactions between Contractor and a related party that is part of the work that the Department is purchasing under this Contract before entering into the transaction or immediately upon discovery. Contractor shall submit to the Division Contract Management Unit assigned to the Program Attachment the name, address and telephone number of the related party, how the party is related to the Contractor and the work the related party will perform under the Contract. A related party is a person or entity related to the Contractor by blood or marriage, common ownership or any association that permits either to significantly influence or direct the actions or policies of the other. The Contractor, for purposes of reporting transactions between related parties, includes the entity contracting with the Department under this Contract as well as the chief executive officer, chief financial officer and program director of the Contractor. Contractor shall comply with TEX. GOV'T CODE ch. 573. Contractor shall maintain records and supply any additional information requested by the Department, regarding a transaction between related parties, needed to enable the Department to determine the appropriateness of the transaction pursuant to applicable state or federal law, regulations or circulars, which may include 45 C.F.R. part 74, OMB Circ. No. A-110 (Rev. 11/19/93, as further amended 09/30/99), 2 CFR §215.42, and UGMS.

Section 13.05 **Intellectual Property.** Texas Health and Safety Code §12.020 authorizes DSHS to protect intellectual property developed as a result of this Contract.

- (a) "Intellectual property" means created property that may be protected under copyright, patent, or trademark/service mark law.
- (b) For purposes of this Contract intellectual property prepared for DSHS use, or a work specially ordered or commissioned through a contract for DSHS use is "work made for hire." DSHS owns works made for hire unless it agrees otherwise by contract. To the extent that title and interest to any such work may not, by operation of law, vest in DSHS, or such work may not be considered a work made for hire, Contractor irrevocably assigns the rights, title and interest therein to DSHS. DSHS shall have the right to obtain and hold in its name any and all patents, copyright, registrations or other such protections as may be appropriate to the subject matter, and any extensions and renewals thereof.

Contractor must give DSHS and the State of Texas, as well as any person designated by DSHS and the State of Texas, all assistance required to perfect the rights defined herein without charge or expense beyond those amounts payable to Contractor for goods provided or services rendered under this Contract.

- (c) If federal funds are used to finance activities supported by this Contract that result in the production of intellectual property, the federal awarding agency reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, for federal government purposes (1) the copyright in any intellectual property developed under this Contract, including any subcontract and (2) any rights of copyright to which a Contractor purchases ownership with contract funds. Contractor shall place an acknowledgment of federal awarding agency grant support and a disclaimer, as appropriate, on any publication written or published with such support and, if feasible, on any publication reporting the results of or describing a grant-supported activity. An acknowledgment shall be to the effect that “This publication was made possible by grant number _____ from (federal awarding agency)” or “The project described was supported by grant number _____ from (federal awarding agency)” and “Its contents are solely the responsibility of the authors and do not necessarily represent the official views of the (federal awarding agency).”
- (d) In the event the terms of a federal grant award the copyright to Contractor, DSHS reserves a royalty-free, nonexclusive, worldwide and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for DSHS, public health, and state governmental noncommercial purposes (1) the copyright, trademark, service mark, and/or patent on an invention, discovery, or improvement to any process, machine, manufacture, or composition of matter; products; technology; scientific information; trade secrets; and computer software, in any work developed under a grant, subgrant, or contract under a grant or subgrant; and (2) any rights of copyright, service or trade marks or patents to which a grantee, subgrantee or a Contractor purchases ownership with contract funds.
- (e) If the results of the contract performance are subject to copyright law, the Contractor cannot publish those results without prior review and approval of DSHS. Contractor shall submit requests for review and approval to the Division Contract Management Unit assigned to the Program Attachment.

Section 13.06 **Other Intangible Property.** At the conclusion of the contractual relationship between Department and the Contractor, for any reason, Department shall have the sole ownership rights and interest in all non-copyrightable intangible property that was developed, produced or obtained by Contractor as a specific requirement under the Contract or under any grant that funds this Contract, such as domain names, URLs, etc. Contractor shall cooperate with Department and perform all actions necessary to transfer ownership of such property to the Department or its designee, or otherwise affirm Department’s ownership rights and interest in such property. This provision shall survive the termination or expiration of the Contract.

Section 13.07 **Severability and Ambiguity.** If any provision of this Contract is construed to be illegal or invalid, the illegal or invalid provision will be deemed stricken and deleted to the same extent and effect as if never incorporated, but all other provisions will continue. Parties represent and agree that the language contained in this Contract is to be construed as jointly drafted, proposed and accepted.

Section 13.08 **Legal Notice.** Any notice required or permitted to be given by the provisions of this Contract shall be deemed to have been received by a Party on the third business day after the date on which it was mailed to the Party at the address first given above (or at such other address as the Party shall specify to the other Party in writing) or, if sent by certified mail, on the date of receipt.

Section 13.09 **Successors.** The Contract shall be binding upon the Parties and their successors and assignees, except as expressly provided in this Contract.

Section 13.10 **Headings.** The articles and section headings used in the Contract are for convenience of reference only and shall not be construed in any way to define, limit or describe the scope or intent of any provisions.

Section 13.11 **Parties.** The Parties represent to each other that they are entities fully familiar with transactions of the kind reflected by this document, and are capable of understanding the terminology and meaning of its terms and conditions and of obtaining independent legal advice pertaining to this Contract.

Section 13.12 **Survivability of Terms.** Termination or expiration of this Contract or a Program Attachment for any reason shall not release either party from any liabilities or obligations set forth in this Contract that (a) the parties have expressly agreed shall survive any such termination or expiration, or (b) remain to be performed or (c) by their nature would be intended to be applicable following any such termination or expiration.

Section 13.13 **Direct Operation.** The Department may temporarily assume operations of a Contractor's program or programs funded under this Contract when the continued operation of the program by Contractor puts at risk the health and safety of clients and/or participants served by the Contractor, and there are no reasonable alternatives available.

Section 13.14 **Customer Service Information.** If requested, Contractor shall supply such information as required by the Department to comply with the provisions of TEX. GOV'T CODE ch. 2114 regarding Customer Service surveys.

Section 13.15 **Amendment.** Parties agree that the Department may unilaterally reduce funds pursuant to the terms of this Contract without the written agreement of Contractor. All other amendments to this Contract must be in writing and agreed to by both Parties, except as otherwise specified in the Contractor's Notification of Change to Certain Contract Provisions section or the Contractor's Request for Revision to Certain Contract Provisions section of these General Provisions.

Contractor's request for certain budget revisions or other amendments must be submitted in writing, including a justification for the request, to the Division Contract Management Unit assigned to the Program Attachment; and if a budget revision or amendment is requested during the last quarter of the Contract or Program Attachment term, as applicable, Contractor's written justification must include a reason for the delay in making the request. Revision or amendment requests may be granted at the discretion of DSHS. Except as otherwise provided in this Article, Contractor shall not perform or produce, and DSHS shall not pay for the performance or production of, different or additional goods, services, work or products except pursuant to an amendment of this Contract that is executed in compliance with this Section; and DSHS may not waive any term, covenant, or condition of this Contract unless by amendment or otherwise in compliance with this Section.

Section 13.16 Contractor's Notification of Change to Certain Contract Provisions. The following changes may be made to the Contract without a written amendment or the Department's prior approval:

- 1) Contractor's contact person and contact information.
- 2) Contact information for key personnel, as stated in the application.
- 3) Cumulative budget line item transfers that exceed 10% among direct cost categories other than the equipment category, of cost reimbursement contract Program Attachments of less than \$100,000, provided that the total budget amount is unchanged.
- 4) Minor corrections or clarifications to the Contract language that in no way alter the Contract scope of work, objectives or performance measures.
- 5) A change in the Contractor's share of the budget concerning non-DSHS funding other than program income and match, regardless of the amount of the change, provided that in changing the budget, Contractor is not supplanting DSHS funds.

Contractor within ten days shall notify in writing the Division Contract Management Unit assigned to the Program Attachment of any change enumerated in this section. The notification may be by letter, fax or email.

Section 13.17 Contractor's Request for Revision of Certain Contract Provisions. The following changes to the Contract may be made through a Contractor's Revision Request, rather than through the amendment process:

- 1) Cumulative budget line item transfers among direct cost categories other than the equipment category that exceed 10% of cost reimbursement contract Program Attachments of \$100,000 or more, provided that the total budget amount is unchanged.
- 2) Line item transfer of funds for direct payment of training allowances for any cost reimbursement contract.
- 3) Change in clinic hours or location.
- 4) Change in equipment list substituting an item of equipment equivalent to an item of equipment on the approved budget, (Ex. purchase of XYZ brand computer

- instead of approved ABC brand computer with essentially identical features as the XYZ computer).
- 5) Changes in the equipment category of a previously approved equipment budget (other than acquisition of additional equipment, which requires an amendment to the Contract).
 - 6) Changes specified in applicable cost principles as requiring prior approval, regardless of dollar threshold.
 - 7) Changes to community sites, independent school districts or schools, in substance abuse Program Attachments.

In order to request a revision of any of the enumerated provisions, Contractor shall obtain a Contract Revision Request form from the DSHS website and complete the form as directed by the Department. Two copies of the completed form must be signed by Contractor's representative who is authorized to sign contracts on behalf of Contractor, and both original, signed forms must be submitted to the Division Contract Management Unit assigned to the Program Attachment. Any approved revision will not be effective unless signed by the DSHS Director of Client Services Contracting Unit. A separate Contractor Revision Request is required for each Program Attachment to be revised. Circumstances of a requested contract revision may indicate the need for a Contract amendment with written justification rather than a contract revision.

Section 13.18 **Immunity Not Waived.** THE PARTIES EXPRESSLY AGREE THAT NO PROVISION OF THIS CONTRACT IS IN ANY WAY INTENDED TO CONSTITUTE A WAIVER BY DEPARTMENT OR THE STATE OF TEXAS OF ANY IMMUNITIES FROM SUIT OR FROM LIABILITY THAT DEPARTMENT OR THE STATE OF TEXAS MAY HAVE BY OPERATION OF LAW.

Section 13.19 **Hold Harmless.** Contractor, as an independent contractor, agrees to hold Department, the State of Texas, individual state employees and officers, and the federal government harmless and to indemnify them from any and all liability, suits, claims, losses, damages and judgments, and to pay all costs, fees, and damages to the extent that such costs, fees, and damages arise from performance or nonperformance of Contractor, its employees, subcontractors, joint venture participants or agents under this Contract.

Section 13.20 **Waiver.** Acceptance by either party of partial performance or failure to complain of any action, non-action or default under this Contract shall not constitute a waiver of either party's rights under the Contract.

Section 13.21 **Contracting with Executive Head of State Agency.** If Contractor currently or subsequently employs a current or former executive head of DSHS, Texas Department of Health, Texas Department of Mental Health and Mental Retardation or Texas Commission on Alcohol and Drug Abuse, Contractor shall submit the following information to the Division Contract Management Unit assigned to the Program Attachment:

- (a) Name of Executive;
- (b) Name of State Agency;
- (c) Date of Separation from State Agency, if separated;
- (d) Date of Employment with Contractor; and
- (e) Other information as required by DSHS to comply with TEX. GOV'T. CODE § 669.003.

Section 13.22 **Technology Accessibility.** If performance under this Contract includes the development, modification or maintenance of a website for DSHS or for the public on behalf of DSHS, Contractor expressly acknowledges that state funds may not be expended in connection with the purchase of an automated information system unless that system meets certain statutory and regulatory requirements relating to accessibility by persons with blindness, visual impairments, visual acuity less than 20/70, deafness, diminishing hearing, inability to speak or a lack of fine motor control (collectively “affected persons”). Accordingly, Contractor represents and warrants to DSHS that the technology provided to DSHS for purchase is capable, either by virtue of features included within the technology or because it is readily adaptable by use with other technology, of:

- a. Providing equivalent access for effective use by affected persons;
- b. Presenting information, including prompts used for interactive communications, in formats intended for use by affected persons; and
- c. Being integrated into networks for obtaining, retrieving, and disseminating information used by affected persons.

For purposes of this section, the phrase “equivalent access” means a substantially similar ability to communicate with or make use of the technology, either directly by features incorporated within the technology or by other reasonable means such as assistive devices or services that would constitute reasonable accommodations under the Americans with Disabilities Act or similar state or federal laws. Examples of methods by which equivalent access may be provided include, but are not limited to, keyboard alternatives to mouse commands and other means of navigating graphical displays, information retrieval provided in an enhanced auditory fashion, voice commands, touch screen capacity, and customize display appearance.

ARTICLE XIV BREACH OF CONTRACT AND REMEDIES FOR NON-COMPLIANCE.

Section 14.01 **Actions Constituting Breach of Contract.** Actions or inactions that constitute breach of contract include, but are not limited to, the following:

- a) failure to properly provide the services and/or goods purchased under this Contract;
- b) failure to comply with any provision of this Contract, including failure to comply with all applicable statutes, rules or regulations;
- c) failure to pay refunds or penalties owed to the Department;
- d) failure to comply with a repayment agreement with the Department or agreed order issued by the Department;
- e) failure by Contractor to provide a full accounting of funds expended under this Contract;
- f) discovery of a material misrepresentation in any aspect of Contractor's response to the Solicitation Document;
- g) any misrepresentation in the assurances and certifications in the Contractor's application or response to the Solicitation Document or in this Contract; or
- h) Contractor is on or is added to the Excluded Parties List System (EPLS).

Section 14.02 **General Remedies and Sanctions.** The Department will monitor Contractor for both programmatic and financial compliance. The remedies set forth below are available to the Department against Contractor and any entity that subcontracts with Contractor for provision of services or goods. HHSC OIG may investigate, audit and impose or recommend imposition of sanctions to Department for any breach of this Contract and may monitor Contractor for financial compliance. The Department may impose one or more sanctions for each item of noncompliance and will determine sanctions on a case-by-case basis. Contractor is responsible for complying with all of the terms of this Contract. The listing of or use of one or more of the remedies listed below does not relieve Contractor of any obligations under the Contract. A state or federal statute, rule or regulation, or federal guideline will prevail over the provisions of this Article unless the statute, rule, regulation, or guideline can be read together with the provision(s) of this Article to give effect to both. If the Contractor breaches this Contract by failing to comply with one or more of the terms of this Contract, including but not limited to compliance with applicable statutes, rules or regulations, the Department may take one or more of the actions listed below:

- a) terminate the Contract or a Program Attachment of the Contract as it relates to a specific program type. In the case of termination, the Department will inform Contractor of the termination no less than thirty-one (31) calendar days before the effective date of the termination in a notice of termination. The notice of termination will state the effective date of the termination, the reasons for the termination, and, if applicable, alert the Contractor of the opportunity to request a hearing on the termination pursuant to TEX. GOV'T CODE ch. 2105 regarding administration of Block Grants. The Contractor agrees that it shall not make any claim for payment or reimbursement for services provided from the effective date of termination;
- b) suspend all or part of this Contract. Suspension is, depending on the context, either (1) the temporary withdrawal of Contractor's authority to obligate funds pending corrective action by Contractor or its subcontractor(s) or pending a decision to terminate or amend the Contract, or (2) an action taken by a suspending official in accordance with Department rules to immediately exclude a person from participating in contract transactions for a period of time, pending completion of an investigation and such legal or debarment proceedings as may ensue. Contractor may not bill DSHS for services performed during suspension, and Contractor costs resulting from obligations incurred by Contractor during a suspension are not allowable unless expressly authorized by the notice of suspension;
- c) deny additional or future contracts or renewals with Contractor;
- d) reduce funding if the Contractor fails to provide services or goods consistent with performance expectations described in the Contract;
- e) disallow (deny both use of funds and matching credit for) all or part of the activities or action not in compliance;
- f) temporarily withhold cash payments. Temporarily withholding cash payments means the temporary withholding of a working capital advance, if applicable, or reimbursements or payments to Contractor for proper charges or obligations incurred, pending resolution of issues of noncompliance with conditions of this Contract or indebtedness to the United States or to the State of Texas;
- g) permanently withhold cash payments. Permanent withholding of cash payment means that Department retains funds billed by Contractor for (1) unallowable, undocumented, disputed, inaccurate, improper, or erroneous billings; (2) material failure to comply with Contract provisions; or (3) indebtedness to the United States or to the State of Texas;
- h) declare the Contract void upon the Department's determination that the Contract was obtained fraudulently or upon the Department's determination that the Contract was illegal or invalid from the Contract's inception and demand repayment of any funds paid under the Contract;

- i) request that Contractor be removed from the Centralized Master Bidders List (CMBL) or any other state bid list, and bar it from participating in future contracting opportunities with the State of Texas;
- j) delay contract execution with Contractor while other imposed or proposed sanctions are pending resolution;
- k) place Contractor on probation. Probation means that Contractor will be placed on accelerated monitoring for a period not to exceed six (6) months at which time items of noncompliance must be resolved or substantial improvement shown by Contractor. Accelerated monitoring means more frequent or more extensive monitoring will be performed by Department than would routinely be accomplished;
- l) require Contractor to obtain technical or managerial assistance;
- m) establish additional prior approvals for expenditure of funds by Contractor;
- n) require additional, more detailed, financial and/or programmatic reports to be submitted by Contractor;
- o) demand repayment from Contractor;
- p) reduce the funding amount for failure to achieve or maintain the proposed level of service, to expend funds appropriately and at a rate which will make full use of the award, or to provide services or to achieve local match, if required;
- q) pursue a claim for damages as a result of breach of contract;
- r) require removal of any officer, board member or employee of the Contractor who has been convicted of the misuse of state or federal funds, fraud or illegal acts that are in contraindication to continued obligations under this Contract, as determined by DSHS;
- s) withhold any payments to Contractor to satisfy any recoupment or penalty imposed by DSHS, and take repayment from funds available under this Contract, active or expired, in amounts necessary to fulfill Contractor's repayment obligations;
- t) reduce the Contract term;
- u) recoup improper payments when it is verified that the Contractor has been overpaid because of improper billing or accounting practices or failure to comply with Contract terms; or
- v) impose other remedies provided by law.

Section 14.03 **Notice of Remedies or Sanctions.** Department will formally notify Contractor in writing when a remedy or sanction is imposed (with the exception of accelerated monitoring, which may be unannounced), stating the nature of the remedies and sanction(s), the reasons for imposing them, the corrective actions, if any, that must be taken before the actions will be removed and the time allowed for completing the corrective actions, and the method, if any, of requesting reconsideration of the remedies and sanctions imposed. Contractor is required to file, within fifteen (15) calendar days of receipt of notice, a written response to Department acknowledging receipt of such notice. If requested by the Department,

the written response shall state how Contractor shall correct the noncompliance or demonstrate in writing that the findings on which the remedies or sanction(s) are based are either invalid or do not warrant the remedies or sanction(s). If Department determines that a remedy or sanction is warranted, unless the remedy or sanction is subject to review under a federal or state statute, regulation or guideline, Department's decision is final. Department shall provide written notice to Contractor of Department's decision. If required by the Department, Contractor shall take corrective action.

Section 14.04 **Emergency Action.** In an emergency, Department may immediately terminate or suspend all or part of this Contract, temporarily or permanently withhold cash payments, deny contract renewal or future contract awards, or delay contract execution by delivering written notice to Contractor, by any verifiable method, stating the reason for the emergency action. An "emergency" is defined as the following:

- a) Contractor is noncompliant and the noncompliance has a direct adverse impact on the public or client health, welfare or safety. The direct adverse impact may be programmatic or financial and may include failing to provide services, providing inadequate services, providing unnecessary services, or utilizing resources so that the public or clients do not receive the benefits contemplated by the scope of work or performance measures; or
- b) Contractor is expending funds inappropriately.

Whether Contractor's conduct or noncompliance is an emergency will be determined by Department on a case-by-case basis and will be based upon the nature of the noncompliance or conduct.

ARTICLE XV CLAIMS AGAINST THE DEPARTMENT.

Section 15.01 **Breach of Contract Claim.** The process for a breach of contract claim against the Department provided for in Chapter 2260 of Texas Government Code and implemented in the rules at 25 TAC §§1.431-1.447 shall be used by DSHS and Contractor to attempt to resolve any breach of contract claim against DSHS.

Section 15.02 **Notice.** Contractor's claims for breach of this Contract that the parties cannot resolve in the ordinary course of business shall be submitted to the negotiation process provided in Chapter 2260, subchapter B, Texas Government Code. To initiate the process, Contractor shall submit written notice, as required by subchapter B, to DSHS's Office of General Counsel. The notice shall specifically state that the provisions of Chapter 2260, subchapter B, are being invoked. A copy of the notice shall also be given to all other representatives of DSHS and Contractor. Subchapter B is a condition precedent to the filing of a contested case proceeding under Chapter 2260, subchapter C, Texas Government Code.

Section 15.03 **Sole Remedy.** The contested case process provided in Chapter 2260, subchapter C, Texas Government Code, is Contractor's sole and exclusive process for seeking a remedy for any and all alleged breaches of contract by DSHS if the parties are unable to resolve their disputes under this Article.

Section 15.04 **Condition Precedent to Suit.** Compliance with the contested case process provided in Chapter 2260, subchapter C, Texas Government Code, is a condition precedent to seeking consent to sue from the Legislature under Chapter 107 of the Civil Practices and Remedies Code. Neither the execution of this Contract by DSHS nor any other conduct of any representative of DSHS relating to this Contract shall be considered a waiver of sovereign immunity to suit.

Section 15.05 **Performance Not Suspended.** Neither the occurrence of an event nor the pendency of a claim constitutes grounds for the suspension of performance by Contractor, in whole or in part.

ARTICLE XVI TERMINATION.

Section 16.01 **Expiration of Contract or Program Attachment(s).** Contractor's service obligations set forth in each Program Attachment shall end upon the expiration date of that Program Attachment unless extended or renewed by written amendment. Prior to completion of the term of all Program Attachments, all or a part of this Contract may be terminated with or without cause as set forth below.

Section 16.02 **Effect of Termination.** Termination is the permanent withdrawal of Contractor's authority to obligate previously awarded funds before that authority would otherwise expire or the voluntary relinquishment by Contractor of the authority to obligate previously awarded funds. Contractor costs resulting from obligations incurred by Contractor after termination of an award are not allowable unless expressly authorized by the notice of termination. Upon termination of this Contract or Program Attachment, as applicable, Contractor shall cooperate with DSHS to the fullest extent possible to ensure the orderly and safe transfer of responsibilities under the Contract or Program Attachment, as applicable, to DSHS or other entity designated by DSHS. Upon termination of all or part of this Contract, Department and Contractor will be discharged from any further obligation created under the applicable terms of this Contract or the Program Attachment, as applicable, except for the equitable settlement of the respective accrued interests or obligations incurred prior to termination and for Contractor's duty to cooperate with DSHS. Termination does not, however, constitute a waiver of any remedies for breach of this Contract. In addition, Contractor's obligations to retain records and maintain confidentiality of information shall survive this Contract.

Section 16.03 **Acts Not Constituting Termination.** Termination does not include: (1) withdrawal of funds awarded on the basis of the Contractor's underestimate of the unobligated balance in a prior period; (2) withdrawal of the unobligated balance at the expiration of the term of a Program Attachment; (3) refusal to extend a Program Attachment or award additional funds to make a

competing or noncompeting continuation, renewal, extension, or supplemental award; or (4) voiding of a contract upon determination that the award was obtained fraudulently, or was otherwise illegal or invalid from inception.

Section 16.04 **Termination Without Cause.**

- a) Either Party may terminate this Contract or a Program Attachment, as applicable, with at least thirty (30) calendar days prior written notice to the other Party, except that if Contractor seeks to terminate a Contract or Program Attachment that involves residential client services, Contractor must give the Department at least ninety (90) calendar days prior written notice and must submit a transition plan to ensure client services are not disrupted.
- b) The Parties may terminate this Contract or a Program Attachment by mutual agreement.
- c) Either Party may terminate this Contract or a Program Attachment with at least thirty (30) calendar days prior written notice to the other Party in the event funds become unavailable through lack of appropriations, budget cuts, transfer of funds between programs or health and human services agencies, amendments to the Appropriations Act, health and human services consolidations, or any disruption of current appropriated funding for this Contract or Program Attachment
- d) Department may terminate this Contract or a Program Attachment immediately when, in the sole determination of Department, termination is in the best interest of the State of Texas.

Section 16.05 **Termination For Cause.** Either Party may terminate for material breach of this Contract with at least thirty (30) calendar days written notice to the other Party. Department may terminate this Contract, in whole or in part, for breach of contract or for any other conduct that jeopardizes the Contract objectives, by giving at least thirty (30) calendar days written notice to Contractor. Such conduct may include one or more of the following:

- (a) a court of competent jurisdiction finds that Contractor has failed to adhere to any laws, ordinances, rules, regulations or orders of any public authority having jurisdiction;

- (c) Contractor breaches a standard of confidentiality with respect to the services provided under this Contract;

(e) Department determines that Contractor, its agent or another representative offered or gave a gratuity (e.g., entertainment or gift) to an official or employee of DSHS or HHSC for the purpose of obtaining a contract or favorable treatment;

(f) Department determines that the Contract includes financial participation by a person who received compensation from DSHS to participate in developing, drafting or preparing the specifications, requirements or statement(s) of work or Solicitation Document on which this Contract is based in violation of Gov. Code §2155.004;

(g) Contractor appears to be financially unstable. Indicators of financial instability may include one or more of the following:

1. Contractor fails to make payments;
2. Contractor makes an assignment for the benefit of its creditors;
3. Contractor admits in writing its inability to pay its debts generally as they become due;
4. if judgment for the payment of money in excess of \$50,000 (which is not covered by insurance) is rendered by any court or governmental body against Contractor, and Contractor does not (a) discharge the judgment or (b) provide for its discharge in accordance with its terms, or (c) procure a stay of execution within thirty (30) calendar days from the date of entry of the judgment, and within the thirty (30)-day period or a longer period during which execution of the judgment has been stayed, appeal from the judgment and cause the execution to be stayed during such appeal while providing such reserves for the judgment as may be required under generally accepted accounting principles;
5. a writ or warrant of attachment or any similar process shall be issued by any court against all or any material portion of the property of Contractor, and such writ or warrant of attachment or any similar process is not released or bonded within thirty (30) calendar days after its entry;
6. Contractor is adjudicated bankrupt or insolvent;
7. Contractor files a case under the Federal Bankruptcy Code or seeks relief under any provision of any bankruptcy, reorganization, arrangement, insolvency, readjustment of debt, dissolution, receivership or liquidation law of any jurisdiction, whether now or hereafter in effect, or consents to the filing of any case or petition against it under any such law;
8. any property or portion of the property of Contractor is sequestered by court order and the order remains in effect for more than thirty (30) calendar days after Contractor obtains knowledge thereof;

10. Contractor consents to the appointment of a receiver, trustee, or liquidator of Contractor or of all or any part of its property; or

(h) Contractor's management system does not meet the UGMS management standards.

Section 16.06 **Notice of Termination.** Either Party may deliver written notice of intent to terminate by any verifiable method. If either Party gives notice of its intent to terminate all or a part of this Contract, Department and Contractor will attempt to resolve any issues related to the anticipated termination in good faith during the notice period.

ARTICLE XVII VOID, SUSPENDED, AND TERMINATED CONTRACTS.

Section 17.01 **Void Contracts.** Department may hold this Contract void upon determination that the award was obtained fraudulently or was otherwise illegal or invalid from its inception.

Section 17.02 **Effect of Void, Suspended, or Involuntarily Terminated Contract.** A Contractor who has been a party to a contract with DSHS that has been found to be void, suspended, or terminated for cause is not eligible for expansion of current contracts, if any, or new contracts or renewals until the Department has determined that Contractor has satisfactorily resolved the issues underlying the suspension or termination. Additionally, if this Contract is found to be void, any amount paid is subject to refund.

Section 17.03 **Appeals Rights.** Pursuant to Gov. Code §2105.302, after receiving notice from the Department of termination of a contract with DSHS funded by block grant funds, Contractor may request an administrative hearing under Gov. Code Chapter 2001.

ARTICLE XVIII CLOSEOUT AND CONTRACT RECONCILIATION

Section 18.01 **Cessation of Services At Closeout.** Upon expiration of the Contract or Program Attachment, as applicable, (and any renewals of the Contract or Program Attachment) on its own terms, Contractor shall cease services under the Contract or Program Attachment and shall cooperate with DSHS to the fullest extent possible to ensure the orderly and safe transfer of responsibilities under the Contract to DSHS or other entity designated by DSHS. Upon receiving notice of Contract or Program Attachment termination or non-renewal, the Contractor agrees to immediately begin to transition recipients of services to alternative service providers, as needed. Contractor also agrees to completely cease providing services under the Contract or Program Attachment by the date specified in the termination or non-renewal notice. Contractor shall not bill DSHS for services performed after termination or expiration of the Contract or Program Attachment, or incur any additional expenses once the Contract or Program Attachment is terminated or has expired. Upon termination, expiration or non-renewal of this Contract or a Program Attachment, Contractor shall immediately initiate Closeout activities described in

this Article.

Section 18.02 **Administrative Offset.** The Department shall have the right to administratively offset amounts owed by Contractor against billings.

Section 18.03 **Deadline for Closeout.** Contractor shall submit all financial, performance, and other Closeout reports required under the Contract within sixty (60) calendar days after the Contract or Program Attachment end date. Unless otherwise provided under the Final Billing Submission section of the Payment Methods and Restrictions Article, the Department is not liable for any claims that are not received within sixty (60) calendar days after the Contract or Program Attachment end date.

Section 18.04 **Payment of Refunds.** Any funds paid to the Contractor in excess of the amount to which the Contractor is finally determined to be entitled under the terms of the Contract constitute a debt to the Department and will result in a refund due. Contractor shall pay any refund amount due within the time period established by the Department.

Section 18.05 **Disallowances and Adjustments.** The Closeout of the Contract or Program Attachment does not affect the Department's right to disallow costs and recover funds on the basis of a later audit or other review or the Contractor's obligation to return any funds due as a result of later refunds, corrections, or other transactions.

Section 18.06 **Contract Reconciliation.** If Contractor is required to annually reconcile multi-year contracts, Contractor, within 60 calendar days after the end of each year of the Contract, shall submit to the Division Contract Management Unit assigned to the Program Attachment all financial and reconciliation reports required by Department in forms as determined by Department. Required reconciliation forms and reports may include the following: Cash Match Participation Form, In-kind Match Participation Form, Program Income Report, Equipment Inventory, Controlled Items Inventory, Contractor's Release Agreement, and Reconciliation Refund Remittance Form. Any additional forms or reports required by Department shall be posted on the DSHS website prior to the reconciliation period. Unless otherwise directed by Department, all forms and reports must be submitted in hard copies, with original signatures if required, to DSHS by the due date.
